If the Buddha Came to Dinner-Hale Sofia Schatz 2013-06-18 If the Buddha came to dinner at your home, what would you serve? Fast food? A frozen meal quickly reheated in the microwave? Chances are you'd feed your honored guest a delicious meal prepared with love and care. But the next time you have dinner, what will you eat? Nourishment isn't a fad diet . . . it's a lifelong journey, and Halé Sofia Schatz is the ideal guide. Gentle, wise, and humorous, she shows us the way to the heart of nourishment--our own inner wisdom that knows exactly how to feed our whole self. The Measure of a Man-Sidney Poitier 2009-10-13 "I have no wish to play the pontificating fool, pretending

that I've suddenly come up with the answers to all life's questions. Quite the contrary, I began this book as an exploration, an exercise in selfquestioning. In other words, I wanted to find out, as I looked back at a long and complicated life, with many twists and turns, how well I've done at measuring up to the values I myself have set." In this luminous memoir, a true American icon looks back on his celebrated life and career. His body of work is arguably the most morally significant in cinematic history, and the power and influence of that work are indicative of the character of the man behind the many storied roles. Sidney Poitier here explores these elements of character and personal values to take his own measure--as a man, as a husband and father, and as an actor. Poitier credits his parents and his childhood on tiny Cat Island in the Bahamas for equipping him with the unflinching sense of right and wrong and of selfworth that he has never surrendered and that have dramatically shaped his world. "In the kind of place where I grew up," recalls Poitier, "what's coming at you is the sound of the sea and the smell of the wind and momma's voice and the voice of your dad and the craziness of your brothers and sisters ... and that's it." Without television, radio, and material distractions to obscure what matters most, he could enjoy the simple things, endure the long commitments, and find true meaning in his life. Poitier was uncompromising as he pursued a personal and public life that would honor his upbringing and the invaluable legacy of his parents just a few years after his introduction to indoor plumbing and the automobile, Poitier broke racial barrier after racial barrier to launch a pioneering acting career. Committed to the notion that what one does for a living articulates who one is, Poitier played only forceful and affecting characters who said something positive, useful, and lasting about the human condition. Here, finally, is Poitier's own introspective look at what has informed his performances and his life. Poitier explores the nature of sacrifice and commitment, pride and humility, rage and forgiveness, and paying the price for artistic integrity. What emerges is a picture of a man seeking truth, passion, and balance in the face of limits--his own and the world's. A triumph of the spirit, *The Measure of a Man* captures the essential Poitier. Kaufman & Co-Professor George S Kaufman 2004 Collects plays written by George Kaufman in collaboration with other writers, including "Dinner at Eight," "Animal Crackers," "Stage Door," and "You Can't Take It With You."

Who Cooked Adam Smith's Dinner?: A Story of Women and Economics-Katrine Marcal 2016-06-07 A funny, clever, and thought-provoking examination of the myth of the "economic man" and its impact on the global economy How do you get your dinner? That is the basic question of economics. When economist and philosopher Adam Smith proclaimed that all our actions were motivated by self-interest, he used the example of the baker and the butcher as he laid the foundations for 'economic man.' He argued that the baker and butcher didn't give bread and meat out of the goodness of their hearts. It's an ironic point of view coming from a bachelor who lived with his mother for most of his life — a woman who cooked his dinner every night. Nevertheless, the economic man has dominated our understanding of modern-day capitalism, with a focus on self-interest and the exclusion of all other motivations. Such a view point disregards the unpaid work of mothering, caring, cleaning and cooking. It insists that if women are paid less, then that's because their labor is worth less. Economics has told us a story about how the world works and we have swallowed it, hook, line and sinker. This story has not served women well. Now it's time to change it. A kind of feminist Freakonomics, *Who Cooked Adam Smith's Dinner?* charts the myth of economic man — from its origins at Adam Smith's dinner table, its adaptation by the Chicago School, and its disastrous role in the 2008 Global Financial Crisis — in a witty and courageous dismantling of one of the biggest myths of our time.

**There But For The-Ali Smith 2011-09-13** When a dinner-party guest named Miles locks himself in an upstairs room and refuses to come out, he sets off a media frenzy. He also sets in motion a mesmerizing puzzle of a novel, one that harnesses acrobatic verbal playfulness to a truly affecting story. Miles communicates only by cryptic notes slipped under the door. We see him through the eyes of four people who barely know him, ranging from a precocious child to a confused elderly woman. But while the characters' wit and wordplay soar, their story remains profoundly grounded. As it probes our paradoxical need for both separation and true connection, There but for the balances cleverness with compassion, the surreal with the deeply, movingly real, in a way that only Ali Smith can.

**The Dinner List-Rebecca Serle 2018-09-11** Delicious but never indulgent, sweet with just the right amount of bitter, Rebecca Serle's *The Dinner List* is a romance for our times. Bon appetit! A Bustle Book Club Selection "I have five words for Rebecca Serle's *The Dinner List*: wistful, delicious, romantic, magical, love." —Gabrielle Zevin, New York Times Bestselling Author of *The Storied Life of A.J. Fikry* and *Young Jane Young* "We've been waiting for an hour." That's what Audrey says. She states it with a little bit of an edge, her words just bordering on cursive. That's the thing I think first. Not: Audrey Hepburn is at my birthday dinner, but Audrey Hepburn is annoyed." At one point or another, we've all been asked to name five people, living or dead, with whom we'd like to have dinner. Why do we choose the people we do? And what if that dinner was to actually happen? These are the questions Rebecca Serle contends with in her utterly captivating novel, *The Dinner List*, a story imbued with the same delightful magical realism as *One Day*, and the life-changing romance of *Me Before You*. When Sabrina arrives at her thirtieth birthday dinner she finds at the table not just her best friend, but also three significant people from her past, and well, Audrey Hepburn. As the appetizers are served, wine poured, and dinner table conversation begins, it becomes clear that there's a reason these six people have been gathered together.
