Bolshoi Confidential: Secrets of the Russian Ballet from the Rule of the Tsars to Today-Simon Morrison 2016-10-11 In this “incredibly rich” (New York Times) definitive history of the Bolshoi Ballet, visionary performances onstage compete with political machinations backstage. A critical triumph, Simon Morrison’s “sweeping and authoritative” (Guardian) work, Bolshoi Confidential, details the Bolshoi Ballet’s magnificent history from its earliest tumults to recent scandals. On January 17, 2013, a hooded assailant hurled acid into the face of the artistic director, making international headlines. A lead soloist, enraged by institutional power struggles, later confessed to masterminding the crime. Morrison gives the shocking violence context, describing the ballet as a crucible of art and politics beginning with the disreputable inception of the theater in 1776, through the era of imperial rule, the chaos of revolution, the oppressive Soviet years, and the Bolshoi’s recent \$680 million renovation. With vibrant detail including “sex scandals, double-suicide pacts, bribery, arson, executions, prostitution rings, embezzlement, starving orphans, [and] dead cats in lieu of flowers” (New Republic), Morrison makes clear that the history of the Bolshoi Ballet mirrors that of Russia itself.

The Michigan Alumnus- 1954 In v.1-8 the final number consists of the Commencement annual.

Managing Energy Security-Maria G. Burns 2019-03-29 This interdisciplinary book is written for government and industry professionals who need a comprehensive, accessible guide to modern energy security. Introducing the ten predominant energy types, both renewable and non-renewable, the book illustrates the modern energy landscape from a geopolitical, commercial, economic and technological perspective. Energy is presented as the powerhouse of global economic activities. To ensure the uninterrupted supply of energy, nations, industries and consumers need to have options. Efficient energy security planning ensures that when a primary energy source is depleted, compromised or interrupted, an alternative energy source must be readily available. For this reason, the foundations of energy security are built upon the five pillars of Sustainability, Independence, Efficiency, Affordability and Accessibility. The numerous case studies presented in this book demonstrate that energy security may be compromised in the absence of one out of these five ingredients. The book also entertains the Triple-E notion of Energy Efficiency, Environmental integrity and Economies of scale, used by governments and corporations for energy optimization. One of the key strengths of the book is its ability effectively to cover various scientific disciplines, and several energy types, while remaining comprehensible. This book will be of much interest to security or logistics professionals, economists and engineers, as well as policymakers.

New York Magazine- 1973-07-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine’s consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Navigating the Patent System-James Yang 2017-11-05 Attention: Inventors and startups! Is the patent system confusing to you? Navigating the Patent System will give you more clarity regarding your potential next steps and increase your confidence as you make your patenting decisions. 7 Core Patent Concepts, Drafting the Patent Application and FAQs during patent process are explained.

City Spies-James Ponti 2021-01-26 A New York Times bestseller! A GMA3 Summer Reading Squad Selection! “Ingeniously plotted, and a grin-inducing delight.” –People “Will keep young readers glued to the page...So when do I get the sequel?” –Beth McMullen, author of Mrs. Smith’s Spy School for Girls In this thrilling new series that Stuart Gibbs called “a must-read,” Edgar Award winner James Ponti brings together five kids from all over the world and transforms them into real-life spies—perfect for fans of Spy School and Mrs. Smith’s Spy School for Girls. Sara Martinez is a hacker. She recently broke into the New York City foster care system to expose her foster parents as cheats and lawbreakers. However, instead of being hailed as a hero, Sara finds herself facing years in a juvenile detention facility and banned from using computers for the same stretch of time. Enter Mother, a British spy who not only gets Sara released from jail but also offers her a chance to make a home for herself within a secret MI6 agency. Operating out of a base in Scotland, the City Spies are five kids from various parts of the world. When they’re not attending the local boarding school, they’re honing their unique skills, such as sleight of hand, breaking and entering, observation, and explosives. All of these allow them to go places in the world of espionage where adults can’t. Before she knows what she’s doing, Sara is heading to Paris for an international youth summit, hacking into a rival school’s computer to prevent them from winning a million euros, dangling thirty feet off the side of a building, and trying to stop a villain...all while navigating the complex dynamics of her new team. No one said saving the world was easy...

Master the Civil Service Exams-Shannon R. Turlington 2005-01 This guide features step-by-step tutorials for mastering verbal, arithmetic, and clerical questions for entry-level civil service exams, advice on application procedures, and the inside scoop on the civil service job market.

Youcat English-Cardinal Christoph Schoenborn 2013-01-01 YOUCAT is short for Youth Catechism of the Catholic Church, which is the official catechism for World Youth Day. Written for high-school age people and young adults, YOUCAT is an accessible, contemporary expression of the Catholic Faith. The popular format includes Questions-and-Answers, highly-readable commentary, margin pictures and illustrations, summary definitions of key terms, Bible citations, and quotes from the Saints and other great teachers. What’s more, YOUCAT is keyed to the Catechism of the Catholic Faith, so people can go deeper. It explains: What Catholics believe (doctrine) How they celebrate the mysteries of the faith (sacraments) How Catholics are to live (moral life) How they should pray (prayer and spirituality) The questions are direct and honest, even at times tough; the answers straightforward, relevant, and compelling. After the Bible, YOUCAT will likely become the go-to place for young people to learn the truth about the Catholic faith. Pope Benedict XVI wrote the foreword; Cardinal Christoph Schoenborn, the editor of YOUCAT and the Archbishop of Vienna, Austria, wrote the afterword.

Star Trek- 1979

Security Engineering-Ross Anderson 2001-03-23 This reference guide to creating high quality security software covers the complete suite of security applications referred to as end2end security. It illustrates basic concepts of security engineering through real-world examples.

How Learning Works-Susan A. Ambrose 2010-04-16 Praise for How Learning Works “How Learning Works is the perfect title for this excellent book. Drawing upon new research in psychology, education, and cognitive science, the authors have demystified a complex topic into clear explanations of seven powerful learning principles. Full of great ideas and practical suggestions, all based on solid research evidence, this book is essential reading for instructors at all levels who wish to improve their students’ learning.” —Barbara Gross Davis, assistant vice chancellor for educational development, University of California, Berkeley, and author, Tools for Teaching “This book is a must-read for every instructor, new or experienced. Although I have been teaching for almost thirty years, as I read this book I found myself resonating with many of its ideas, and I discovered new ways of thinking about teaching.” —Eugenia T. Paulus, professor of chemistry, North Hennepin Community College, and 2008 U.S. Community Colleges Professor of the Year from The Carnegie Foundation for the Advancement of Teaching and the Council for Advancement and Support of Education “Thank you Carnegie Mellon for making accessible what has previously been inaccessible to those of us who are not learning scientists. Your focus on the essence of learning combined with concrete examples of the daily challenges of teaching and clear tactical strategies for faculty to consider is a welcome work. I will recommend this book to all my colleagues.” —Catherine M. Casserly, senior partner, The Carnegie Foundation for the Advancement of Teaching “As you read about each of the seven basic learning principles in this book, you will find advice that is grounded in learning theory, based on research evidence, relevant to college teaching, and easy to understand. The authors have extensive knowledge and experience in applying the science of learning to college teaching, and they graciously share it with you in this organized and readable book.” —From the Foreword by Richard E. Mayer, professor of psychology, University of California, Santa Barbara; coauthor, e-Learning and the Science of Instruction; and author, Multimedia Learning

Proofreading, Revising & Editing Skills Success in 20 Minutes a Day-Brady Smith 2003 This comprehensive guide will prepare candidates for the test in all 50 states. It includes four complete practice exams, a real estate refresher course and complete math review, as well as a real estate terms glossary with over 900 terms, and expert test-prep tips.

Secret Societies of the Middle Ages-Thomas Keightley 1837

Sexual Harassment of Women-National Academies of Sciences, Engineering, and Medicine 2018-09-01 Over the last few decades, research, activity, and funding has been devoted to improving the recruitment, retention, and advancement of women in the fields of science, engineering, and medicine. In recent years the diversity of those participating in these fields, particularly the participation of women, has improved and there are significantly more women entering careers and studying science, engineering, and medicine than ever before. However, as women increasingly enter these fields they face biases and barriers and it is not surprising that sexual harassment is one of these barriers. Over thirty years the incidence of sexual harassment in different industries has held steady, yet now more women are in the workforce and in academia, and in the fields of science, engineering, and medicine (as students and faculty) and so more women are experiencing sexual harassment as they work and learn. Over the last several years, revelations of the sexual harassment experienced by women in the workplace and in academic settings have raised urgent questions about the specific impact of this discriminatory behavior on women and the extent to which it is limiting their careers. Sexual Harassment of Women explores the influence of sexual harassment in academia on the career advancement of women in the scientific, technical, and medical workforce. This report reviews the research on the extent to which women in the fields of science, engineering, and medicine are victimized by sexual harassment and examines the existing information on the extent to which sexual harassment in academia negatively impacts the recruitment, retention, and advancement of women pursuing scientific, engineering, technical, and medical careers. It also identifies and analyzes the policies, strategies and practices that have been the most successful in preventing and addressing sexual harassment in these settings.

Qualitative Research from Start to Finish, First Edition-Robert K. Yin 2011-09-26 This lively, practical text presents a fresh and comprehensive approach to doing qualitative research. The book offers a unique balance of theory and clear-cut choices for customizing every phase of a qualitative study. A scholarly mix of classic and contemporary studies from multiple disciplines provides compelling, field-based examples of the full range of qualitative approaches. Readers learn about adaptive ways of designing studies, collecting data, analyzing data, and reporting findings. Key aspects of the researcher’s craft are addressed, such as fieldwork options, the five phases of data analysis (with and without using computer-based software), and how to incorporate the researcher’s “declarative” and “reflective” selves into a final report. Ideal for graduate-level courses, the text includes:* Discussions of ethnography, grounded theory, phenomenology, feminist research, and other approaches.* Instructions for creating a study bank to get a new study started.* End-of-chapter exercises and a semester-long, field-based project.* Quick study boxes, research vignettes, sample studies, and a glossary.* Previews for sections within chapters, and chapter recaps.* Discussion of the place of qualitative research among other social science methods, including mixed methods research.

World Report 2020-Human Rights Watch 2020-06-16 The best country-by-country assessment of human rights. The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch’s signature yearly report. Reflecting extensive investigative work undertaken by Human Rights Watch staff, in close partnership with domestic human rights activists, the annual World Report is an invaluable resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.

An American Requiem-James Carroll 1997-04-01 National Book Award winner: This story of a family torn apart by the Vietnam era is “a magnificent portrayal of two noble men who broke each other’s hearts” (Booklist). James Carroll grew up in a Catholic family that seemed blessed. His father, who had once dreamed of becoming a priest, instead began a career in J. Edgar Hoover’s FBI, rising through the ranks and eventually becoming one of the most powerful men in the Pentagon, the founder of the Defense Intelligence Agency. Young Jim lived a privileged life, dating the daughter of a vice president and meeting the pope—all in the shadow of nuclear war, waiting for the red telephone to ring in his parents’ house. James fulfilled the goal his father had abandoned, becoming a priest himself. His feelings toward his father leaned toward worship as well—until the tumult of the 1960s came between them. Their disagreements, over Martin Luther King, Jr. and the civil rights movement; turmoil in the Church; and finally, Vietnam—where the elder Carroll chose targets for US bombs—began to outweigh the bond between them. While one of James’s brothers fled to Canada, another was in law enforcement ferreting out draft dodgers. James, meanwhile, served as a chaplain at Boston University, protesting the war in the streets but ducking news cameras to avoid discovery. Their relationship would never be the same again. Only after Carroll left the priesthood to become a writer, and a husband with children of his own, did he begin to understand fully the struggles his father had faced. In An American Requiem, the New York Times bestselling author of Constantine’s Sword and Christ Actually offers a benediction, in “a moving memoir of the effect of the Vietnam War on his family that is at once personal and the story of a generation . . . at once heartbreaking and heroic, this is autobiography at its best” (Publishers Weekly).

Transparent Governance in an Age of Abundance-Juan Cruz Vieyra 2014-10-31 During the last decade, the Latin American and Caribbean region has experienced unprecedented natural resources abundance. This book highlights how transparency can help realize the benefits and reduce negative externalities associated with the extractive industries in the region. A central message is that high-quality and well-managed information is critical to ensure the transparent and effective governance of the sector. The insights from experiences in the region can help policymakers design and implement effective regulatory reforms and adopt international standards that contribute to this goal. This is particularly important at a time when the recent boom experienced by extractives in the region may be coming to an end.

Vatican Secret Diplomacy-Charles R. Gallagher 2008-10 In the corridors of the Vatican on the eve of World War II, American Catholic priest Joseph Patrick Hurley found himself in the midst of secret diplomatic dealings and intense debate. Hurleys deeply felt American patriotism and fixed ideas about confronting Nazism directly led to a mighty clash with Pope Pius XII. It was 1939, the earliest days of Pius’s papacy, and controversy within the Vatican over policy toward Nazi Germany was already heated. This groundbreaking book is both a biography of Joseph Hurley, the first American to achieve the rank of nuncio, or Vatican ambassador, and an insiders view of the alleged silence of the pope on the Holocaust and Nazism. Drawing on Hurleys unpublished archives, the book documents critical debates in Pope Pius’s Vatican, secret U.S.-Vatican dealings, the influence of Detroit’s flamboyant anti-Semitic priest Charles E. Coughlin, and the controversial case of Croatias Cardinal Stepinac. The book also sheds light on the powerful connections between religion and politics in the twentieth century.

Marketing Crafts and Visual Arts-International Trade Centre UNCTAD/WTO. 2003-01-01 This guide provides basic knowledge of marketing techniques and intellectual property for artisans, craft entrepreneurs and visual artists. It identifies relevant IP issues and ways of protecting creative output and lays out the costs and benefits. The chapters include: understanding the value of intellectual property; linking intellectual property to business development and marketing throughout the business cycle; how to protect crafts and visual arts; case studies.

The Ultimate Guide To Choosing a Medical Specialty-Brian Freeman 2004-01-09 The first medical specialty selection guide written by residents for students! Provides an inside look at the issues surrounding medical specialty selection, blending first-hand knowledge with useful facts and statistics, such as salary information, employment data, and match statistics. Focuses on all the major specialties and features firsthand portrayals of each by current residents. Also includes a guide to personality characteristics that are predominate with practitioners of each specialty. “A terrific mixture of objective information as well as factual data make this book an easy, informative, and interesting read.” --Review from a 4th year Medical Student

Third-Party Funding in International Arbitration-Lisa Bench Nieuwveld 2016-04-24 Since the first edition of this invaluable book in 2012, third-party funding has become more mainstream in international arbitration practice. However, since even the existence of a third-party funding agreement in a dispute is often kept secret, it can be difficult to glean the specifics of successful funding agreements. This welcome book, now updated, expertly reveals the nuances of third-party funding in international arbitration, examines the phenomenon in key jurisdictions, and provides a reliable resource for users and potential users that may wish to tap into and make use of this distinctive funding tool. Focusing on Australia, the United Kingdom, the United States, Germany, the Netherlands, Canada, and South Africa, the authors analyze and assess the legal regime based upon legislation, judicial opinions, ethics opinions, and practitioner anecdotes describing the state of third-party funding in each jurisdiction. In addition to updating summaries of the law of the various jurisdictions, the second edition includes a new chapter addressing third-party funding in investor-state arbitration. Among the issues raised and examined are the following: · payment of adverse costs; · “Before-the-Event” (BTE) and “After-the-Event” (ATE) insurance; · attorney financing; pro bono representation, contingency representation, conditional fee arrangements; · loans; · ethical doctrines affecting the third-party funding industry; · possible future bundling, securitization, and trading of legal claims; · risk that the funder may put its own interests ahead of the client’s interests; and · whether the existence of a funding agreement must or should be disclosed to the decision maker. The second edition also includes discussion of recent institutional developments as they relate to third-party funding, including the work of the ICCA-Queen Mary Task Force on Third-Party Funding and how third-party funding is being incorporated into arbitral rules and investment treaties. Aably providing a thorough understanding of what third-party funding entails and what legal parameters exist, this book will be of compelling interest to parties aiming to take advantage of the high values, speed, reduced evidentiary costs, outcome predictability, industry expertise, and high award enforceability characteristic of the third-party funding arrangements available in international arbitration.

Pre-Incident Indicators of Terrorist Incidents-Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Espionage: Past, Present and Future?-Wesley K. Wark 2012-12-06 Highlights of the volume include pioneering essays on the methodology of intelligence studies by Michael Fry and Miles Hochstein, and the future perils of the surveillance state by James Der Derian. Two leading authorities on the history of Soviet/Russian intelligence, Christopher Andrew and Oleg Gordievsky, contribute essays on the final days of the KGB. Also, the mythology surrounding the life of Second World War intelligence chief, Sir William Stephenson, The Man Called Intrepid”, is penetrated in a persuasive revisionist account by Timothy Naftali. The collection is rounded off by a series of essays devoted to unearthing the history of the Canadian intelligence service.

Rebellious Mourning-Cindy Milstein 2017-09-12 “This intimate, moving, and timely collection of essays points the way to a world in which the burden of grief is shared, and pain is reconfigured into a powerful force for social change and collective healing.” —Astra Taylor, author The People’s Platform “A primary message here is that from tears comes the resolve for the struggle ahead.” —Ron Jacobs, author of Daydream Sunset “Rebellious Mourning uncovers the destruction of life that capitalist development leaves in its trail. But it is also witness to the power of grief as a catalyst to collective resistance.” —Silvia Federici, author of Caliban and the Witch We can bear almost anything when it is worked through collectively. Grief is generally thought of as something personal and insular, but when we publicly share loss and pain, we lessen the power of the forces that debilitate us, while at the same time building the humane social practices that alleviate suffering and improve quality of life for everyone. Addressing tragedies from Fukushima to Palestine, incarceration to eviction, AIDS crises to border crossings, and racism to rape, the intimate yet tenacious writing in this volume shows that mourning can pry open spaces of contestation and reconstruction, empathy and solidarity. With contributions from Claudia Rankine, Sarah Schulman, David Wojnarowicz, Leanne Betasamosake Simpson, David Gilbert, and nineteen others. Cindy Milstein is the author of Anarchism and Its Aspirations, co-author of Paths toward Utopia: Graphic Explorations of Everyday Anarchism, and editor of the anthology Taking Sides: Revolutionary Solidarity and the Poverty of Liberalism.

Models for Writers-Alfred F. Rosa 2012

Doing Fieldwork in China-Maria Heimer 2006-03-31 Doing fieldwork inside the PRC is an eye-opening but sometimes also deeply frustrating experience. In this volume scholars from around the world reflect on their own fieldwork practice to give practical advice and discuss more general theoretical points. The contributors come from a wide range of disciplines such as political science, anthropology, economics, media studies, history, cultural geography, and sinology. The book also contains an extensive bibliography. Contributors: Bu Wei, Björn Gustafsson, Mette Halskov Hansen, Baogang He, Maria Heimer, Björn Kjellgren, Li Shi, Kevin J. O’Brien, Dorothy J. Solinger, Maria Svensson, Elin Sæther, Mette Thuno, Stig Thøgersen, Emily T. Yeh.

Aesthetic Theory-Theodor W. Adorno Adorno 2020-06-09 Perhaps the most important aesthetics of the twentieth century appears here newly translated, in English that is for the first time faithful to the intricately demanding language of the original German. The culmination of a lifetime of aesthetic investigation, Aesthetic Theory is Adorno’s major work, a defense of modernism that is paradoxical in its defense of illusion. In it, Adorno takes up the problem of art in a day when “it goes without saying that nothing concerning art goes without saying.” In the course of his discussion, Adorno revisits such concepts as the sublime, the ugly, and the beautiful, demonstrating that concepts such as these are reservoirs of human experience. These experiences ultimately underlie aesthetics, for in Adorno’s formulation “art is the sedimented history of human misery.” Robert Hullot-Kentor’s translation painstakingly, yet fluently, reproduces the nuances and particularities of the original. Long awaited and significant, Aesthetic Theory is the clarifying lens through which the whole of Adorno’s work is best viewed, providing a framework within which his other major writings cohere.

The Life of Ludwig Van Beethoven-Alexander Wheelock Thayer 2013-09-05 The 1921 three-volume English edition of a landmark biography of one of the world’s greatest composers.

Unspeakable Truths 2e-Priscilla B. Hayner 2010-09-13 In a sweeping review of forty truth commissions, Priscilla Hayner delivers a definitive exploration of the global experience in official truth-seeking after widespread atrocities. When Unspeakable Truths was first published in 2001, it quickly became a classic, helping to define the field of truth commissions and the broader arena of transitional justice. This second edition is fully updated and expanded, covering twenty new commissions formed in the last ten years, analyzing new trends, and offering detailed charts that assess the impact of truth commissions and provide comparative information not previously available. Placing the increasing number of truth commissions within the broader expansion in transitional justice, Unspeakable Truths surveys key developments and new thinking in reparations, international justice, healing from trauma, and other areas. The book challenges many widely-held assumptions, based on hundreds of interviews and a sweeping review of the literature. This book will help to define how these issues are addressed in the future.
