Passions of a Wicked Earl-Lorraine Heath 2010-10-26 "Lorraine Heath's books are always magic." —Cathy Maxwell With Passions of a Wicked Earl, USA Today and New York Times bestseller Lorraine Heath kicks off a new series of delightfully sinful historical romance novels featuring "London's Greatest Lovers." The first romantic adventure involving the titled and rakish sons of a scandalous Dowager Duchess and their tales of passion, pleasure, and love, Passions of a Wicked Earl concerns the innocent and unfairly disgraced young wife of the first brother and her brazen attempts to win back the dashing rogue's heart...by any means necessary!

The Enticement-Tara Sue Me 2015 New York Times bestselling author Tara Sue Me returns to the story of Abby and Nathaniel to explore the passion after the 'Happily-Ever-After'... Limits were made to be pushed. Abby West has everything she wanted: a family, a skyrocketing new career, and a sexy, dominant husband who fulfills her every need. Only, as her life outside the bedroom becomes hectic, her Master's sexual requirements inside become more extreme. Abby doesn't understand Nathaniel's increased need for control, but she can't deny the delicious way her body reacts to his tantalizing demands... Between Abby's reluctance and Nathaniel's unyielding commands, the delicate balance of power between the dominant and his submissive threatens to shift. And as the underlying tension and desire between them heats up, so does the struggle to keep everything they value from falling apart ...

The InfoSec Handbook-Umesha Nayak 2014-09-17 The InfoSec Handbook offers the reader an organized layout of information that is easily read and understood. Allowing beginners to enter the field and understand the key concepts and ideas, while still keeping the experienced readers updated on topics and concepts. It is intended mainly for beginners to the field of information security, written in a way that makes it easy for them to understand the detailed content of the book. The book offers a practical and simple view of the security practices while still offering somewhat technical and detailed information relating to security. It helps the reader build a strong foundation of information, allowing them to move forward from the book with a larger knowledge base. Security is a constantly growing concern that everyone must deal with. Whether it's an average computer user or a highly skilled computer user, they are always confronted with different security risks. These risks range in danger and should always be dealt with accordingly. Unfortunately, not everyone is aware of the dangers or how to prevent them and this is where most of the issues arise in information technology (IT). When computer users do not take security into account many issues can arise from that like system compromises or loss of data and information. This is an obvious issue that is present with all computer users. This book is intended to educate the average and experienced user of what kinds of different security practices and standards exist. It will also cover how to manage security software and updates in order to be as protected as possible from all of the threats that they face.

Bend It Like Bullard-Jimmy Bullard 2014-05-22 Jimmy Bullard may not have had the perfect hair-do, his Granada Ghia may not have been the flashiest of cars, and he definitely didn't have a string of Page 3 girls trying to sell kiss and tell stories about him to the tabloids. But what he has in spades is a genuine love for The Beautiful Game that few of his peers can match. One of the last graduates from football's old school, Jimmy actually worked in the real world - including as a painter and decorator - before turning pro. Maybe that's why he played football with a smile on his face, always says what's on his mind, and is no stranger to a spot of mischief. Having played under the likes of Barry Fry, Harry Redknapp and Phil Brown, appeared alongside names as diverse as Neil Ruddock and Paolo di Canio, and as long as Jan Vennewegor of Hesselink, Jimmy has racked up an amazing collection of tales and pranks both on and off the football front-line. Told with candour, Bend It Like Bullard is the extraordinary story of his journey from cable TV fitter to cult hero. It will make you smile, chuckle and, occasionally, ROFL.

14th FEB: A LOVE STORY-Veena C 2011-04-01 14th February is Valentine's Day - a day dedicated for love. Love creates life, sustains life and transforms life and one has to experience all this, without which life has no meaning. The protagonist of this story, Sanjay, is the only son of a middle-class family in Chennai. He is studious and intelligent and is living a dream life, topping in his board examinations, studying at IIT and getting to the magical paradise of America for a bright future. The only thing that has eluded him in this journey is true love, for which he craves and when he thinks he has met the woman of his dreams and he has everything in life, his world collapses, as he is condemned as an introvert, predictable and a boring guy and his partner leaves him. That changes his life forever and he becomes depressed. He heads back to his hometown, a decision that makes him understand the tough realities of life. Now having returned from America, Sanjay finds himself mercilessly condemned and ridiculed by his own fellowmen. The mentality of the people pushes him into further depression and he becomes a recluse. That's when an angel walks into his life, transforms him and leads him to all the good things in life. He falls in love and on Valentine's Day, as he waits for his angel, he realises the value of this true love, the love that will last forever.

Angelina-Andrew Morton 2010-07-31 The gripping true story of Angelina Jolie, from #1 New York Times bestselling biographer Andrew Morton. "I like to collect knives," says Angelina Jolie, "but I also collect first edition books." At first glance, she might seem to be someone without any secrets, talking openly about her love life, sexual preferences, drug use, cutting, and tattoos—and why she kissed her brother on the lips in public. And yet mysteries remain: What was really going on in her brief, impulsive marriages to Jonny Lee Miller and Billy Bob Thornton, and what was going on in her partnership with Brad Pitt? What's behind the oft-reported feud with her father, the Oscar-winning actor Jon Voight? What drove her to become a mother of six children in six years? And—perhaps most puzzling of all—what about the other side of Angelina: How did this talented but troubled young actress, barely 35 years old, become a respected Goodwill Ambassador for the United Nations as well as the "most powerful celebrity in the world" (unseating Oprah Winfrey) on Forbes' 2009 Celebrity 100 list? The answers that Andrew Morton has uncovered are astonishing, taking us deep inside Angelina's world to show us what shaped her as a child, as an actress, and as a woman struggling to overcome personal demons that have never before been revealed. In this spellbinding biography, Andrew Morton draws upon far-reaching original interviews and research, accompanied by exclusive private photographs, to show us the true story behind both the wild excesses of Angelina's youth and her remarkable work with children and victims of poverty and disaster today.

Mage's Blood-David Hair 2013-09-03 David Hair is the award-winning writer of two young adult fiction series, The Aoteaora and The Return of Ravana (based on the Vedic epic The Ramayana). Mage's Blood, the first volume of a series called The Moontide Quartet, is Hair's first work of adult fantasy. In a starred review of Mage's Blood, Publisher's Weekly said, "This multilayered beginning to the Moontide Quartet plunges readers into a taut network of intrigue and mystery that tightens with each chapter. Hair portrays a stark and beautiful world breaking apart, with both good and evil characters desperate to reshape it through magic, war, and treachery. This strong debut should draw in fantasy readers of all stripes." Most of the time the Moontide Bridge lies deep below the sea, but every twelve years the tide sinks and the bridge is revealed, its gates open for trade. The Magi are hell-bent on ruling this new world, and for the last two Moontides they have led armies across the bridge on "crusades of conquest." Now, the third Moontide is almost here, and this time the people of the East are ready for a fight... but it is three seemingly ordinary people that will decide the fate of the world.

Ghostly-Audrey Niffenegger 2015-10-06 Collected and introduced by the bestselling author of The Time Traveler's Wife and Her Fearful Symmetry—including her own fabulous new illustrations for each piece, and a new story by Niffenegger—this is a unique and haunting anthology of some of the best ghost stories of all time. From Edgar Allen Poe to Kelly Link, M.R. James to Neil Gaiman, H. H. Munro to Audrey Niffenegger herself, Ghostly reveals the evolution of the ghost story genre with tales going back to the eighteenth century and into the modern era, ranging across styles from Gothic Horror to Victorian, with a particular bent toward stories about haunting—haunted children, animals, houses. Every story is introduced by Audrey Niffenegger, an acclaimed master of the craft, with some words on its background and why she chose to include it. Niffenegger's own story is, "A Secret Life With Cats." Perfect for the classic and contemporary ghost story aficionado, this is a delightful volume, beautifully illustrated. Ghostly showcases the best of the best in the field, including Edith Wharton, P.G. Wodehouse, A.S. Byatt, Ray Bradbury, and so many more.

Ethics and Management in the Public Sector-Alan Lawton 2013-05-02 Grappling with ethical issues is a daily challenge for those working in organizations that deliver public services. Such services are delivered through an often bewildering range of agencies and amidst this constant change, there are fears that a public service ethos, a tradition of working in the public interest, becomes blurred. Using extensive vignettes and case studies, Ethics and Management in the Public Sector illuminates the practical decisions made by public officials. The book takes a universal approach to ethics reflecting the world-wide impact of public service reforms and also includes discussions on how these reforms impact traditional values and principles of public services. This easy-to-use textbook is a definitive guide for postgraduate students of public sector ethics, as well as students of public management and administration more generally.

Falling For A Stranger (Callaways, #3)-Barbara Freethy 2014-01-06 "Barbara Freethy knows how to tell a fantastic story and FALLING FOR A STRANGER is no exception. If you're looking for a great feel good read with a bit of action and mystery, this book is for you!" Lesley Ria is as sexy and sultry as a warm tropical night and as beautifully dangerous as the island drinks she serves at the beachside bar on Isla de los Suenos - The Island of Dreams. But Ria is not as carefree as she appears, and the pretense is wearing her down. One night she risks everything to escape from reality. Drew Callaway is a former Navy pilot and rescue operative looking for his own escape from a life that has seen too much tragedy. Meeting Ria is like embracing the sun, and their single night together is life-changing. But the dream quickly fades when Ria is killed in a tragic accident at sea. Months later, thousands of miles away from where they first met, Drew sees a woman who looks just like Ria. She claims her name is Tory, and that they've never met before, but he can see that she's in trouble, and he can't walk away. He's going to save her whether she wants it or not. Drew isn't afraid of a little danger, but can he risk losing his heart to a beautiful stranger? What the readers are saying... "I love The Callaways! Heartwarming romance, intriguing suspense and sexy alpha heroes. What more could you want?" - NYT Bestselling Author Bella Andre "I love the Callaways and FALLING FOR A STRANGER just makes me love their family even more." -All Night Books "I love the mystery and the love of family that is shown through this series. Implementing Responsive Design-Tim Kadlec 2012-07-30 New devices and platforms emerge daily. Browsers iterate at a remarkable pace. Faced with this volatile landscape we can either struggle for control or we can embrace the inherent flexibility of the web. Responsive design is not just another technique—it is the beginning of the maturation of a medium and a fundamental shift in the way we think about the web. Implementing Responsive Design is a practical examination of how this fundamental shift affects the way we design and build our sites. Readers will learn how to: Build responsive sites using a combination of fluid layouts, media queries, and fluid media Adapt a responsive workflow from the very start of a project Enhance content for different devices Use feature-detection and server-side enhancement to provide a richer experience

The Oxford Illustrated History of Modern China-Jeffrey N. Wasserstrom 2016-06-16 This lavishly illustrated volume explores the history of China during a period of dramatic shifts and surprising transformations, from the founding of the Qing Dynasty (1644-1912) through to the present day. The Oxford Illustrated History of Modern China promises to be essential reading for anyone who wants to understand this rising superpower on the verge of what promises to be the 'Chinese century', introducing readers to important but often overlooked events in China's past, such as the bloody Taiping Civil War (1850-1864), which had a death toll far higher than the roughly contemporaneous American Civil War. It also helps readers see more familiar landmarks in Chinese history in new ways, such as the Opium War (1839-1842), the Boxer Uprising of 1900, the rise to power of the Chinese Communist Party in 1949, and the Tiananmen protests and Beijing Massacre of 1989. This is one of the first major efforts — and in many ways the most ambitious to date — to come to terms with the broad sweep of modern Chinese history, taking readers from the origins of modern China right up through the dramatic events of the last few years (the Beijing Games, the financial crisis, and China's rise to global economic pre-eminence) which have so fundamentally altered Western views of China and China's place in the world.

Wolves of the Beyond #3: Watch Wolf-Kathryn Lasky 2011-06-01 A wolf's eye view of the legends of Ga'Hoole in this stirring third installment of the Wolves of Beyond series by bestselling author Kathryn Lasky. Creating Wealth Through Self Storage-Mark Helm 2015-02-16 The old adage of buy low and sell high works, but it is not that cut and dry in today's market. This is especially the case when self-storage is selling for a premium. It is daunting competing for facilities with large, well funded operators and REITS.This book will show you the three step process to successfully purchase self-storage today, even in large markets where the REITS are active, and provide all the resources you will need. By the end of this tutorial you will possess the essential tools to effectively find, analyze risk, and compete with the larger players. You will not only have the knowledge to BUY facilities, but BUY them in a way that fulfills your pre-determined parameters and business plan. Mark Helm, CCIM explains in detail how he did just that, and with very limited startup funds. As the economy improves and more people use self-storage, it is going to be more important than ever to know how to effectively compete with large well funded operators in purchasing facilities.

China on Strike-Zhongjin Li 2016-05-18 China has been the fastest growing major economy in the world for three decades. It is also home to some of the largest, most incendiary, and most underreported labor struggles of our time. China on Strike, the first English-language book of its kind, provides an intimate and revealing window into the lives of workers organizing in some of China's most profitable factories, which supply Apple, Nike, Hewlett Packard, and other multinational companies. Drawing on dozens of interviews with Chinese workers, this book documents the processes of migration, changing employment relations, worker culture, and other issues related to China's explosive growth.

A Primer of Conservation Genetics-Richard Frankham 2004-02-12 This concise, entry level text provides an introduction to the importance of genetic studies in conservation and presents the essentials of the discipline in an easy-to-follow format, with main points and terms clearly highlighted. The authors assume only a basic knowledge of Mendelian genetics and simple statistics, making the book accessible to those with a limited background in these areas. Connections between conservation genetics and the wider field of conservation biology are interwoven throughout the book. Worked examples are provided throughout to help illustrate key equations and glossary and suggestions for further reading provide additional support for the reader. Many beautiful pen and ink portraits of endangered species are included to enhance the text. Written for short, introductory level courses in genetics, conservation genetics and conservation biology, this book will also be suitable for practising conservation biologists, zoo biologists and wildlife managers.

The Final Leap-John Bateson 2012-04-18 The Golden Gate Bridge is one of the most beautiful and most photographed structures in the world. It's also the most deadly. Since it opened in 1937, more than 1,500 people have died jumping off the bridge, making it the top suicide site on earth. It's also the only international landmark without a suicide barrier. Weaving drama, tragedy, and politics against the backdrop of a world-famous city, The Final Leap is the first book ever written about Golden Gate Bridge suicides. John Bateson leads us on a fascinating journey that uncovers the reasons for the design decision that led to so many deaths, provides insight into the phenomenon of suicide, and examines arguments for and against a suicide barrier. He tells the stories of those who have died, the few who have survived, and those who have been affected—from loving families to the Coast Guard, from the coroner to suicide prevention advocates.
