PAX Exam Study Guide- 2020-06-03 The only NLN-PAX study guide based on the evidence-based method of Cognitive Recall, with a customizable study schedule. Designed specifically for the NLN PAX, this study guide includes: A customizable plan to fit your unique study schedule 2 FULL practice tests with guided answer explanations 300+ total practice and example questions Concise coverage of all domains and topics, including review items WHAT IS COGNITIVE RECALL? Cognitive Recall is the science of implementing the optimal space of time between learning something, then reviewing it, and later quizzing yourself on it. Scientists say studying effectively is not a function of how long or how often you study - it's the order, schedule, and timing of your studies. Traditional study guides tend to be nothing more than extended versions of repeated cram sessions, which is neither efficient or effective. Cramming is the

opposite of Cognitive Recall learning, evidenced by the extremely short-lived benefits. The memories from a cram session have been shown to fade away after only a few hours. That's not an option if you are serious about passing the NLN-PAX. CUSTOMIZED STUDY SCHEDULE Designed around the ideal timeframe of 30-days, our system can be easily extended or reduced to fit your specific schedule and test date. This PAX Guide has the functionality of a customizable calendar telling you not only what to focus on, but when to focus on it.

Barron's Nursing School Entrance Exams, 4th Edition-Corinne Grimes 2011 "One multi-part model exam plus many shorter tests within each of this book's chapters will give prospective nursing school applicants general orientation and solid preparation before they take an actual nursing school entrance exam. While each entrance exam given by nursing schools throughout the country will vary in topics covered, this manual offers comprehensive coverage of virtually all possible topics. Prospective nursing students will value the authors' detailed description of the nursing profession, its duties, responsibilities, and satisfactions. That discussion is followed by a self-assessment questionnaire to help readers decide if nursing is the right career choice for them. The manual also provides test-taking strategies designed to

enhance study skills and reasoning ability that will be useful in any test situation. Also presented is a subject review that covers a range of testable topics: verbal skill-building, reading comprehension, math, and science"--Provided by publisher.

Being Mortal-Atul Gawande 2014-10-07 #1 New York Times Bestseller In Being Mortal, bestselling author

Atul Gawande tackles the hardest challenge of his profession: how medicine can not only improve life but also the process of its ending. Medicine has triumphed in modern times, transforming birth, injury, and infectious disease from harrowing to manageable. But in the inevitable condition of aging and death, the goals of medicine seem too frequently to run counter to the interest of the human spirit. Nursing homes, preoccupied with safety, pin patients into railed beds and wheelchairs. Hospitals isolate the dying, checking for vital signs long after the goals of cure have become moot. Doctors, committed to extending life, continue to carry out devastating procedures that in the end extend suffering. Gawande, a practicing surgeon, addresses his profession's ultimate limitation, arguing that quality of life is the desired goal for patients and families. Gawande offers examples of freer, more socially fulfilling models for assisting the infirm and dependent elderly, and he explores the varieties of hospice care to demonstrate that a person's last weeks or months may be rich and dignified. Full of eye-opening research and riveting storytelling, *Being Mortal* asserts that medicine can comfort and enhance our experience even to the end, providing not only a good life but also a good end.

They weren't incapable, and they certainly did their best, but they simply weren't studying the right way. There are a variety of methods to prepare for the NACE 1 PN-RN Exam....and they get a variety of results. Trivium Test Preps NACE 1 PN-RN Study Guide provides the information, secrets, and confidence needed to get you the score you need - the first time around. Losing points on the NACE 1 PN-RN exam can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our NACE 1 PN-RN study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand, and fully-explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam; NACE 1 PN-RN practice questions are included so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven - not filled with excess junk, silly attempts at humor, or confusing filler - so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package.

Extensive (hundreds of pages) review and tutorials on all topics The NLN PAX RN is administered by the National League of Nursing, (NLN) who are not involved in the production of, and do not endorse this publication. Practice Makes Perfect The more questions you see, the more likely you are to pass the test. And between our study guide and practice tests, you'll have over 400 practice questions that cover every category. You can fine-tune your knowledge in areas where you feel comfortable and be more efficient in improving your problem areas. Our test has been developed by our dedicated team of experts. All the material in the study guide, including every practice question, is designed to engage the critical thinking skills that are needed to pass the NLN PAX-RN Exam. They will not be the exact same questions you'll find on the exam, but they are similar. And like the PAX-RN exam, the practice tests are weighted differently so you will be exposed to questions in all areas. Maybe you have read this kind of thing before, and maybe feel you don't need it, and you are not sure if you are going to buy this eBook. Remember though, it only a few percentage points divide the PASS from the FAIL students. Even if our test tips increase your score by a few percentage points, isn't that worth it? Why not do everything you can to get the best score on the PAX-RN?

questions for the nursing student who wants to be better prepared for the exam. Updated to provide more relevant and challenging questions matching NCLEX adjustments made in 2015, this fifth edition improves upon the prior editions that have served as one of the most popular late-stage study tools for Nursing candidates. Anxiety about the exam is high among nursing students and results from the focus group say 'the more practice questions to study, the better'! The Exam Cram questions cover every topic the student will encounter on the real exam including more "new format" interactive questions. The Exam Cram gives the student as much experience with the real exam as possible. The NCLEX-PN Practice Questions Exam Cram , Fifth Edition offers a cram sheet for last minute study as well as the CD testing engine for that testing experience, a proven combination for exam success!

EPPP Fundamentals-Anne Klee, PhD 2013-11-04 "I am very pleased to see EPPP Fundamentals, a concise, compact presentation of essential information, that does not overwhelm the reader who is already feeling some anxiety about the upcoming exam. This is an efficient alternative to expensive EPPP preparation courses, and is now at the top of my list of recommendations for our graduates." Richard Tedeschi, PhD, Professor of Psychology, University of North Carolina-Charlotte This authoritative guide to the EPPP provides an affordable, concise, and comprehensive review of core exam content and includes over 300 sample questions. The guide goes beyond merely "teaching the test" through rote memorization. Instead, it covers the eight content domains of the EPPP and their knowledge areas in a step-by-step, narrative, and review format. The book also includes contributions from the directors of top psychology training and internship programs in the United States. The combined approach of providing a comprehensive review from true content experts helps users gain the depth and breadth of knowledge required for passing the exam, and mirrors how doctoral-level courses are commonly taught. The review gives test-takers an orientation to the EPPP by covering the development and format of the exam along with successful test-taking strategies. Chapters covering EPPP content domains each include a comprehensive review of the material, key points to remember, sample questions and answers, and recommended readings for more in-

depth study. Reflecting the test's presentation, chapter authors cover each subject domain according to the ASPPB's EPPP Information for Candidates Guide. Chapters are written by clinical supervisors and faculty directly involved in training interns, residents, and fellows in psychology. In addition to sample exam questions with answers in each chapter, a bonus section of 100 questions gives readers practice in taking this high-stakes test. Key Features: Presents an in-depth, comprehensive content review that goes beyond "teaching the test" Provides an affordable alternative to expensive EPPP preparation courses Written and edited by directors of the foremost training, internship, and postdoctoral fellowship programs Includes key points to remember, sample questions and answers, and recommended readings in each chapter Presents over 300 sample questions and answers
