The Oxford Picture Dictionary, Second Edition: Instructors Desk Copy-Jayme Adelson-Goldstein 2008-07-24

The Canadian Oxford Dictionary-Katherine Barber 1998 We all use Canadian English every day: when we order a pizza "all-dressed", hope to get a "seat-sale" to go south during "March break", or "book off" work to meet with a "CGA" to discuss "RRSPs". Language embodies our nation's identity, and The Canadian Oxford Dictionary, in its 1,728 pages,covers all aspects of Canadian life. Never before have Canadians been able to see their language, and themselves, so accurately and comprehensively described in a dictionary. The loggers of the west coast, the wheat farmers of the Prairies, the fishermen of the Atlantic provinces, the trappers ofthe North; Canada's Aboriginal peoples, its British and French settlers, and the more recent arrivals, whether they came from Ukraine, Italy, South Asia or elsewhere - all have contributed to making Canadian English unique, and the dictionary thus reflects the great sweep of Canadian life. Itcontains over 2,000 distinctly Canadian words and meanings, more than any other Canadian dictionary, covering every region of the country. Whether you call your favorite doughnut a jambuster, a bismark, a Burlington bun, or the more prosaic jelly doughnut may depend on where you live in Canada, butthey will all be found in The Canadian Oxford Dictionary. Of course, this is not just a dictionary of Canadian words: its 130,000 entries combine in one reference book information on English as it is used worldwide and as it is used particularly in Canada. Definitions, worded for ease ofcomprehension, are presented so the meaning most familiar to Canadians appears first and foremost. Each of these entries is exceptionally reliable, the result of thorough research into the language and Oxford's unparalleled language resources. Five professionally trained lexicographers spent fiveyears examining databases containing over 20 million words of Canadian text from more than 8,000 Canadian sources of an astonishing diversity. Inuit Art Quarterly, The Fiddlehead, Canadian Business, and Equinox; the work of writers such as Jack Hodgins, Sandra Birdsell, David Adams Richards, andPierre Berton; daily and weekly newspapers from across the country; and, of course, the Canadian Tire catalogue - all find a place in the evidence of The Canadian Oxford Dictionary. The lexicographers also examined an additional 20 million words of international English sources. For many Canadiansone of the more puzzling aspects of writing is trying to determine whether to use the American spelling or the British spelling. Should it be "colour" or "color", "theater" or "theatre", "programme" or "program"? By examining our extensive Canadian databases, our lexicographers have been able todetermine which, in fact, is the more common spelling, colour, theatre and program. Favoured Canadian pronunciations have also been determined by surveying a nationwide group of respondents. Oxford's thorough research has also ensured that new words that have recently appeared are well-represented.So if you "re someone who puts on your "bicycle shorts" and "blades" over to the gym to do some "crunches" for your "abs" followed by work on your "lats", "pecs" and "delts", finishing up with a "step" class, because you "re afraid that being a "chocoholic" who loves "comfort food" will affect your"body mass index" and you want to avoid "yo-yo dieting", you'll find all these common words in The Canadian Oxford Dictionary. An added feature of this dictionary is its encyclopedic element. It includes short biographies of over 800 Canadians, ranging from Elvis Stojko, Celine Dion and JeanBeliveau to Nellie McClung, Lester B. Pearson, and Kim Campbell. It also contains entries on 5,000 individuals and mythical figures of international significance, and almost 6,000 place names, more than 1,200 of them Canadian. Indeed, all Canadian towns with a population of 5,000 or more arefeatured, and their entries not only explain the origin of the place name, but also include the population based on the 1996 census. With the publication of The Canadian Oxford Dictionary, Oxford University Press adds another work to its highly respected range of dictionaries, and Canadians finallyhave a dictionary that truly reflects their nations.

English Through Pictures-I. A. Richards 2005 The three pocketbooks comprising the 'English Through Pictures Series' are the remarkable invention of I A Richards and Christine Gibson, who designed them to help the learner speak, read and write English in the quickest and clearest possible way -- through pictures. The authors have made a careful selection of the most widely useful English words, choosing those with the power to define other words, and have put them to work in key patterns that offer the learner the ability to communicate successfully in English. Book 1 contains a vocabulary of 250 such words, with an additional 500 developed in Book 2; these 750 words are then used in Book 3 to build a command of 1000 words which, by their defining power, hold the possibility of understanding as much as another 20,000 words of English. Throughout 'English Through Pictures', responsibility for learning is placed directly on the learner, who from the very start enjoys the ability to put essential words to work creating key sentence patterns where meaning is clearly shown in pictures. These simplified drawings allow learners to focus on the sentence and to enjoy growing confidence as they successfully take control of language, with the workbooks in Books 1 and 2 challenging and reinforcing their growing competence as both speakers and readers. Motivated and inspired, learners will soon find to their delight that fluent communication in English -- the common language of today's world -- lies well within their grasp. 'English Through Pictures' has already been used successfully by millions of learners in over forty countries.

Oxford Picture Dictionary-Jayme Adelson-Goldstein 2017-01-09 With page for page vocabulary reinforcement activities, the High Beginning Workbook for The Oxford Picture Dictionary Third Edition provides unparalleled support to meet the needs of today's English language learners.

Story-Based Inquiry: A Manual for Investigative Journalists-Mark Lee Hunter 2011

A Concise Course in Algebraic Topology-J. P. May 1999-09 Algebraic topology is a basic part of modern mathematics, and some knowledge of this area is indispensable for any advanced work relating to geometry, including topology itself, differential geometry, algebraic geometry, and Lie groups. This book provides a detailed treatment of algebraic topology both for teachers of the subject and for advanced graduate students in mathematics either specializing in this area or continuing on to other fields. J. Peter May's approach reflects the enormous internal developments within algebraic topology over the past several decades, most of which are largely unknown to mathematicians in other fields. But he also retains the classical presentations of various topics where appropriate. Most chapters end with problems that further explore and refine the concepts presented. The final four chapters provide sketches of substantial areas of algebraic topology that are normally omitted from introductory texts, and the book concludes with a list of suggested readings for those interested in delving further into the field.

The Oxford English Dictionary-John Andrew Simpson 2008

The Gospel According to Matthew- 1999 The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

A Dictionary of First Names-Patrick Hanks 2016 This Dictionary is part of the Oxford Reference Collection using sustainable print-on-demand technology to make the acclaimed backlist of the Oxford Reference programme perennially available in hardback format. The fascinating and informative Dictionary of First Names covers over 6,000 names in common use in English, including the very newest names as well as traditional names. From Alice to Zanna and Adam to Zola this book will answer all your questions: it will tell you the age, origin, and meaning of the name, as well as how it has fared in terms of popularity, and who the famous fictional or historical bearers for the name have been. It covers alternative spellings, short forms and pet forms, and masculine and feminine forms, as well as help with pronunciation. The book includes extensive appendices covering names from languages including Scottish, Irish, French, German, Italian, Arabic, and Chinese names. Tables of the most popular names by year and by region are also included. From the traditional to the rare and unconventional, this book will tell you everything you need to know about names.
