Literatures of War-Eve Patten 2020-11-09 "The most terrible disaster that one group of human beings can inflict on another is war. Wars cause misery on an indescribable scale. Yet we go on doing it to one another, generation after generation. Why? Warfare is a recurrent and universal characteristic of human existence. The mythologies of practically all peoples abound in wars and the superhuman deeds of warriors, and pre-literate communities apparently delighted in the recital of stories about battles. Since our species became literate a mere 5,000 years ago, written history has mostly been the history of wars. Thousands who knew war evidently sickened of it and dreamt of lasting peace, expressing their vision in literature and art, in philosophy and religion. They imagined Utopias freed of martial ambition and bloodshed which harked back to the Golden Age of classical antiquity, to the Christian vision of a paradise lost, and to the Arcadia of Greek and Latin poetry, so richly celebrated in the canvases of Claude and Poussin. All these things bear eloquent testimony to the human longing for peace, but they have not triumphed over our dreadfully powerful propensity to war." —from the Introduction by Anthony Stevens In this multi-disciplinary collection of essays on the manifestations of war in poetry, fiction, drama, music and documentaries, scholars and practitioners from an international context describe the transformation of the war experience into chronicles of hope and despair, from Herodotus up to the present day.

A German Requiem, Op. 45-Johannes Brahms 1999-08-26 English Edition. This choral score is taken from a previous Belwin Mills publication. It provides the choir and soloist parts along with a piano reduction of the orchestral parts, with notations, instrument cues, and vocal text in English language. This was to be Brahms' longest work, in 7 movements, and was based on sacred biblical text, originally written in the German language, and therefore did not follow the traditional Latin requiem text. Titles: * Blessed are they that mourn * Behold, all flesh is as the grass * Lord, make me to know the measure of my days on earth * How lovely is thy dwelling place * Ye are now sorrowful * Here on earth we have no continuing place * Blessed are the dead

Coloratura Arias for Soprano-Martha Gerhart 2002-08-01 (Vocal Collection). An excellent volume of coloratura arias has been added to the G. Schirmer Opera Anthology series. With 30 arias in English, Italian, German, French and Russian, this is the largest collection of coloratura operatic excerpts ever published. Because of the nature of the material, tradition-based performance suggestions are liberally found throughout the volume. For instance, you will find standard vocal variations for the "Doll Song" from The Tales of Hoffmann included in the edition, along with the original vocal line. Like the other volumes in the ground-breaking series, there are historical and plot notes about each aria, new engravings, and new translations for study.

Verdi: Requiem-David Rosen 1995-09-14 Verdi's Requiem is one of the most frequently performed works of the choral repertoire, and one of Verdi's most important nonoperatic works. In this new handbook, David Rosen discusses the work's composition and performance history, and analyzes each of the seven movements, considering Verdi's interpretation of the liturgical text, with reference to settings by Mozart and Cherubini. Rosen also considers the work's coherence and the controversial issue of its generic status--the degree to which it is "operatic."

Music, Text and Translation-Helen Julia Minors 2012-12-20 Expanding the notion of translation, this book specifically focuses on the transferences between music and text. The concept of 'translation' is often limited solely to language transfer. It is, however, a process occurring within and around most forms of artistic expression. Music, considered a language in its own right, often refers to text discourse and other art forms. In translation, this referential relationship must be translated too. How is music affected by text translation? How does music influence the translation of the text it sets? How is the sense of both the text and the music transferred in the translation process? Combining theory with practice, the book questions the process and role translation has to play in a musical context. It provides a range of case studies across interdisciplinary fields. It is the first collection on music in translation that is not restricted to one discipline, including explorations of opera libretti, surtitling, art song, musicals, poetry, painting, sculpture and biography, alongside looking at issues of accessibility.

Requiem, Op. 48-Gabriel Fauré 1999-08-26 Written between 1887 and 1890, Gabriel Faure's setting of the requiem is a departure from traditional structure. Faure said the following of his work: "It has been said that my Requiem does not express the fear of death and someone has called it a lullaby of death. But it is thus that I see death: as a happy deliverance, an aspiration towards happiness above, rather than as a painful experience." This score represents the choral portion of the Requiem, each voice on a separate staff, including solos, with both Latin and English text. This book has an orchestra reduction for either piano or organ accompaniment by Malcolm Binney. Includes: * Introit et Kyrie * Offertoire * Sanctus * Pie Jesu * Agnus Dei * Libera Me * In Paradisum
