rooted in Toltec wisdom that brings emotional clarity, healing, and freedom The Warrior Heart Practice is a powerful new method to reconnect with our sense of authenticity and inner-knowing and realign with our true nature. Author of the bestselling book Warrior Goddess Training, HeatherAsh Amara has trained extensively in the Toltec tradition under the tutelage of don Miguel Ruiz, author of The Four Agreements. The Warrior Heart Practice is a revolutionary system based on the four chambered structure of the human heart. Walking through each of the four chambers—Feeling, Story, Truth, and Intent—readers learn to take stock of their current emotional and mental state and reframe their situation in a new healing light. The process begins in the Feeling chamber as readers accept the emotions they are currently experiencing without fighting or judging them. It then continues into the next chamber as readers witness the Story that they are telling themselves. In the Truth chamber, they learn to thoughtfully and objectively evaluate the reality of the situation. In the final chamber, they learn to define and focus their Intent. The last phase of the practice is the most profound—taking the knowledge they have gathered from the four chambers, readers then walk backwards through each of the four chambers, refocusing their Intent, Truth, Story, and Feelings based on what they've learned during the process. The Warrior Heart Practice leads to deep insights as readers learn to step outside of their preconceptions to realign with their true purposes and goals.

Republicanism, Rhetoric, and Roman Political Thought-Daniel J. Kapust 2011-03-07 Republicanism, Rhetoric, and Roman Political Thought develops readings of Rome's three most important Latin historians - Sallust, Livy and Tacitus - in light of contemporary discussions of republicanism and rhetoric. Drawing on recent scholarship as well as other classical writers and later political thinkers, this book develops interpretations of the three historians' writings centering on their treatments of liberty, rhetoric, and social and political conflict. Sallust is interpreted as an antagonistic republican, for whom elite conflict serves as an outlet and channel for the antagonisms of political life. Livy is interpreted as a consensualist republican, for whom character and its observation helps to maintain the body politic. Tacitus is interpreted as being centrally concerned with the development of prudence and as a subtle critic of imperial rule.

The Book of the Animals - Episode 2 (Bilingual English-Spanish)-J.N. PAQUET 2013-11-11 NEW EDITION!!Well... it seems that these animals don't want to eat! But step by step, each one discovers that eating is really very important for the animals, as well as for the children!A funny way to learn and a funny way to teach. As everyone knows how difficult it can be to explain to young children how important it is to eat...---THE BOOK OF THE ANIMALS:FUN LEARNING FOR CHILDREN AND PARENTSWhat are certainly the most occurring moments in a parent's life? When their child doesn't want to wash, eat, sleep, go to school, share, take medicine, get vaccinated... And what can a parent answer to these refusals?The successful "Book of The Animals" bilingual children's books series was created with the aim to help both parents and children to discover the benefits of washing, eating, sleeping, going to school, sharing, taking medicine, getting vaccinated... in a fun as well as educational manner. Since the books are also bilingual, parents will enjoy the teaching and the interactivity they can gain from reading them with their children.THE AUDIENCEThe books are geared towards children aged 2-5, before elementary/primary school.They will likely be bilingual children whose parents want to encourage the learning of their two current languages.They will also be children whose parents want to teach a language at a young age.Some teachers have also been using the books of the series as a way to teach a second language to children, with themes easy for them to both understand and memorise.THE CURRENT BOOKSThere are currently seven books in the series.Each episode brings on new animals, new words, new situations and new stories.- Ep.1. "These Animals... Don't Want to Wash!" (2008)- Ep.2. "These Animals... Don't Want to Eat!" (2009)- Ep.3. "These Animals... Don't Want to Sleep!" (2010)- Ep.4. "These Animals... Don't Want to Get to

(2011)- Ep.6. "These Animals... Don't Want to Take their Medicine!"
(2012)- Ep.7. "These Animals... Don't Want to Get Vaccinated!"
(2012)The books are all available in either bilingual or monolingual versions:- Bilingual versions: English-French, English-Portuguese, English-Italian, English-Spanish, English-Swedish, English-Creole, English-Japanese...More versions still to come!Check out the official website: www.TheBookOfTheAnimals.comREVIEW"The Book of the Animals is a planned series of illustrated books for young children. [...] These delightful books tell the story of what happens when the animals in the stories, like many young children, don't want to eat and don't want to wash...The books are very suitable both for reading to young children and for older children to use to learn to read in both languages. They might even persuade them to wash and eat their dinner!The repetitive structure is supportive of children learning new words and the illustrations work well alongside the text to help understanding of unfamiliar words.I can easily imagine young children demanding repeat readings and enjoying learning the text by heart as many children do with favourite stories. Children learning to make up and write their own stories might well want to write a personalised version, using the structure as a prop.I think the stories would work well both in the home and in the classroom."(Review published in The Cass School of Education, by Dr Raymonde Sneddon, Research Fellow for "The Cass School of Education" at the University of East London, and Honorary Research Fellow of Birkbeck College, in the Department of Applied Linguistics)SUPPORT"The Book of The Animals' series is supported & recommended by ABRIR UK, a Brazilian Association for Educational Projects in the United Kingdom.

The Book of Qualities-J. Ruth Gendler 1988-01-27 From Beauty to Compassion, from Pleasure to Terror, from Resignation to Joy -- here is an insightful exploration of the rich diversity of human qualities. J. Ruth Gendler's evocative book has as its cast of familiar characters our own emotions, brought to life with a poet's wisdom and an artist's perceptive eye. In The Book of Qualities' magical community, Excitement wears orange socks, Faith lives in the same apartment building as Doubt, and Worry makes lists of everything that could go wrong while she is waiting for the train. In portraying the complexities of the psyche, Gendler uses the Qualities to bridge the distinctions between literature and psychology, and has created an original work that challenges us to look at our emotions in new and inspiring ways.
