Saxon, Viking and Norman-Terence Wise 1979-03-22 If there is one thing we can be sure of concerning the Saxons, Vikings and Normans who inhabited the medieval world, it is that they were a good deal more advanced than some writings would have us believe. This fascinating book by Terence Wise explores the history, organization, clothing, equipment and weapons of Saxon, Viking and Norman peoples, covering wide-ranging topics such as Anglo-Saxon shields, Viking raiding ships and the organization of Norman armies. The absorbing and readable text is enriched by numerous illustrations and museum photographs with commentaries, plus eight superbly drawn full page colour plates by renowned military artist Gerry Embleton.

Arthur and the Anglo-Saxon Wars-David Nicolle 1984-03-26 The Arthurian Age; the Celtic Twilight; the Dark Ages; the Birth of England; these are the powerfully romantic names often given to one of the most confused yet vital periods in British history. It is an era upon which rival Celtic and English nationalisms frequently fought. It was also a period of settlement, and of the sword. This absorbing volume by David Nicolle transports us to an England shrouded in mystery and beset by savage conflict, a land which played host to one of the most enduring figures of our history - Arthur.

As Told in the Great Hall-Martin Hackett 2013-10-15 The second in Amberley Publishing's wargaming series covers the Dark Ages.

Stage Combat Resource Materials-J. Michael Kirkland 2006

Everyday Life in Anglo-Saxon, Viking and Norman Times-Marjorie Quennell 1952

Precious Norman Honor-A.L. Stumo 2011-04 Maud is trapped in a castle with her friends and their families. The castle is under siege by their own king. Will Maud survive? Will she learn why this siege happened? Can she stop it? Based on an actual siege in 12th century England, "Precious Norman Honor" is Maud's tale of conflicted loyalties, climbing attempts, and confinement.

Everyday Life in Anglo-Saxon, Viking and Norman Times- 1955

Viking Warrior vs Anglo-Saxon Warrior-Gareth Williams 2017-08-24 In the two centuries before the Norman invasion of England, Anglo-Saxon and Viking forces clashed repeatedly in bloody battles across the country. Repeated Viking victories in the 9th century led to their settlement in the north of the country, but the tide of war ebbed and flowed until the final Anglo-Saxon victory before the Norman Conquest. Using stunning artwork, this book examines in detail three battles between the two deadly foes: Ashdown in 871 which involved the future Alfred the Great; Maldon in 991 where an Anglo-Saxon army sought to counter a renewed Viking threat; and Stamford Bridge in 1066, in which King Harold Godwinsson abandoned his preparations to repel the expected Norman invasion in order to fight off Harald Hard-Counsel of Norway. Drawing upon historical accounts from both English and Scandinavian sources and from archaeological evidence, Gareth Williams presents a detailed comparison of the weaponry, tactics, strategies and underlying military organization of the Anglo-Saxons and Vikings, and considers the developments which took place on both sides in the two centuries of Viking incursions into Anglo-Saxon England.

Anglo-Saxon Thegn AD 449-1066-Mark Harrison 1993-11-25 The collapse of Roman rule in Britain was not so much a sudden catastrophe as a long and drawn-out decline. The 'Celtic' Britons retreated gradually to the highland areas of Wales, Cornwall and the south-west of Scotland. Control of the fertile eastern lowlands was lost to warriors of Germanic origin who migrated from the Continent. These Germanic conquerors have become known to history as the 'Anglo-Saxons'. They were to dominate the lowland zone of Britain until their final defeat at Hastings in 1066. This title gives an insight into the everyday life, equipment, dress, battle tactics and life on campaign of the typical Anglo-Saxon warrior of this period - the thegn.

Saxons, Vikings, and Celts: The Genetic Roots of Britain and Ireland-Bryan Sykes 2007-12-17 From the best-selling author of The Seven Daughters of Eve, a perfect book for anyone interested in the genetic history of Britain, Ireland, and America. One of the world's leading geneticists, Bryan Sykes has helped thousands find their ancestry in the British Isles. Saxons, Vikings, and Celts, which resulted from a systematic ten-year DNA survey of more than 10,000 volunteers, traces the true genetic makeup of the British Isles and its descendants, taking readers from the Pontnewydd cave in North Wales to the resting place of the Red Lady of Paviland and the tomb of King Arthur. This illuminating guide provides a much-needed introduction to the genetic history of the people of the British Isles and their descendants throughout the world.

Norman Knight AD 950-1204-Christopher Gravett 1993-03-25 Throughout the 11th and 12th centuries the Norman knight was possibly the most feared warrior in Western Europe. He was descended originally from the Vikings who had settled in Northern France under their leader Rollo in or around 911 at the behest of Charles the Simple and throughout the following centuries they remembered and built on their warlike reputation. This book shows how their military prowess was renowned throughout the known world and resulted in Normans conquering Sicily in 1060 and England in 1066, as well as participating in many important battles in Italy and playing a major part in the First Crusade.

Saxons, Vikings and the Norman Conquest-Ray Mitchell 1979 Tells the story of the Norman conquest using the Bayeux Tapestry as a guide. - Battle of Hastings; Vikings - Viking voyages & ships - Viking weapons - Viking jewellery - Alfred the Great.

Viking Hersir 793-1066 AD-Mark Harrison 1993-07-29 When Norwegian Vikings first raided the European coast in the 8th century AD, their leaders were from the middle ranks of warriors known as hersirs. At this time the hersir was typically an independent landowner or local chieftain with equipment superior to that of his followers. By the end of the 10th century, the independence of the hersir was gone, and he was now a regional servant of the Norwegian king. This book investigates these brutal, mobile warriors, and examines their tactics and psychology in war, dispelling the idea of the Viking raider as simply a killing machine.

Fortifications in Wessex c. 800-1066-Ryan Lavelle 2012-10-20 The defence of the 9th-century kingdom of Wessex under King Alfred against the 'Great Viking Army' is one of the major military achievements of Early Medieval history. While the guerrilla warfare in the Somerset marshes and the battle of Edington are characteristic of Alfred's military abilities, his definitive physical achievement was a series of some 30 well-structured fortifications (known as burhs) across the kingdom. Many of these fortifications survive to this day and some were even reinforced to stand up to German tanks in the expected invasion of 1940. This title describes their beginnings in the turbulent early years of Alfred's reign as well as their subsequent development and use.

Dark Age Naval Power-John Haywood 2006 Widely praised and accepted, this revised and updated second edition includes new evidence lending weight to Haywood's argument that early Germanic shipbuilding and seafaring skills were far more advanced than previously thought. The study begins in 12BC with an unsuccessful attack by a fleet of the Bructeri on a Roman fleet and ends with the collapse of the Carolingian coastal defence system. Haywood attempts to reconstruct the historical context from literary and a wide range of archaeological evidence, as well as analysing strategy and tactics of naval activities. Useful glossary of technical terms.

Neglected Heroes-Terry L. Gore 1995 This book chronicles the campaigns of Medieval commanders to document the high quality of leadership during the period.

Scottish and Welsh Wars 1250-1400-Christopher Rothero 2000-09-01 On October 10, 1066 came the last successful invasion of England, when William the Conqueror and his troops faced the Anglo-Saxon army of Harold Godwinson. Within 6 hours Harold was slain and his country lost. However, it was to be fully 2 centuries before Anglo-Norman kings would penetrate that wild interiors of Wales and Scotland, and still more centuries were to pass before Scotland, Wales, and England were united beneath one crown.

What Men from Europe Brought to America-Marion G. Clark 1929

Man's Cultural Heritage-Paul Thomas Welty 1969

Norman Stone Castles (1)-Christopher Gravett 2012-08-20 Descended from the Viking raiders who settled in Northern France under the leadership of Rollo in around 911, the Normans were amongst the most feared warriors of their time. Their territorial ambitions culminated in Duke William 1's conquest of England in 1066, but although victory at Hastings left the English crown in William's hands, Norman sovereignty remained far from established on the island. In order to consolidate his position, the new king built a series of fortifications across the country this book covers all these developments from the early days of William I through to the fortifications of Henry II, Richard I and John.

Hours with Men and Books-William Mathews 1882

Danes, Saxons, and Normans-John George Edgar 1863 Includes over two dozen illustrations, this 1863 volume tells the story of the Norman Conquest and Viking expansions in Iceland and North America.

Man's Foods-Lloyd Bryan Jensen 1953

Armies of the Crusades-Terence Wise 1978-03-23 In the early crusades men of all ranks from all over Europe took the cross and went to fight Islam as volunteers. Some went out of religious fervour, others to escape the plagues and famine which were rife at the time, still others in search of land or a fortune in loot. Fighting alongside all of these were the armies raised in Outremer, the Holy Land itself. Together they waged a bloody religious war, the participants of which included such forces as the Knights Templar, the Teutonic Knights, and the Byzantine Army.

The Adventures of Malcolmist the Alchemist-Malcolmist The Alchemist 2012-01-25 This book I hereby introduce And hope youll put its words to use Adventures mine, and thoughtful reflection May give you readers an erection To speak metaphoric of whats to come As I increase your knowledge sum A different mystic I have been Than those who try to herd their men And alchemy is transmutation From reader boredom to elation

The Norman Conquest-Marc Morris 2013-07-02 This riveting and authoritative USA Today and Wall Street Journal bestseller is "a much-needed, modern account of the Normans in England" (The Times, London). The Norman Conquest was the most significant military—and cultural—episode in English history. An invasion on a scale not seen since the days of the Romans, it was capped by one of the bloodiest and most decisive battles ever fought. Language, law, architecture, and even attitudes toward life itself—from the destruction of the ancient ruling class to the sudden introduction of castles and the massive rebuilding of every major church—were altered forever by the coming of the Normans. But why was this revolution so total? Reassessing original evidence, acclaimed historian and broadcaster Marc Morris goes beyond the familiar story of William the Conqueror, an upstart French duke who defeated the most powerful kingdom in Christendom. Morris explains why England was so vulnerable to attack; why the Normans possessed the military cutting edge though they were perceived as less sophisticated in some respects; and why William's hopes of a united Anglo-Norman realm unraveled, dashed by English rebellions, Viking invasions, and the insatiable demands of his fellow conquerors. Named one of the best books of the year by the Kansas City Star, who called the work "stunning in its action and drama," and the Providence Journal, who hailed it "meticulous and absorbing," this USA Today and Wall Street Journal bestseller is a tale of gripping drama, epic clashes, and seismic social change.
