

## [Books] Secret Soldiers The Story Of World War Iis Heroic Army Of Deception

As recognized, adventure as capably as experience more or less lesson, amusement, as capably as deal can be gotten by just checking out a ebook **secret soldiers the story of world war iis heroic army of deception** after that it is not directly done, you could tolerate even more regarding this life, approximately the world.

We come up with the money for you this proper as capably as simple quirk to acquire those all. We present secret soldiers the story of world war iis heroic army of deception and numerous book collections from fictions to scientific research in any way. in the midst of them is this secret soldiers the story of world war iis heroic army of deception that can be your partner.

Secret Soldiers-Philip Gerard 2002 Profiles the virtually unknown 23rd Headquarters Special Troops, an elite, thousand-man "ghost army" that helped win the Battle of Europe and fought in more campaigns than any other unit in the European Theater of Operations. 30,000 first printing.

Secret Soldiers-Keely Hutton 2019-06-11 Over a quarter million underage British boys fought on the Allied front lines of the Great War, but not all of them fought on the battlefield—some fought beneath it, as revealed in this middle-grade historical adventure about a deadly underground mission. Secret Soldiers follows the journey of Thomas, a thirteen-year-old coal miner, who lies about his age to join the Claykickers, a specialized crew of soldiers known as "tunnelers," in hopes of finding his missing older brother. Thomas works in the tunnels of the Western Front alongside three other soldier boys whose constant bickering and inexperience in mining may prove more lethal than the enemy digging toward them. But as they burrow deeper beneath the battlefield, the boys discover the men they hope to become and forge a bond of brotherhood. Secret Soldiers is another stunning story of strength, perseverance, and love from Keely Hutton.

Soldier's Secret-Sheila Solomon Klass 2009-03-31 In the 1700s, women's responsibilities were primarily child rearing and household duties. But Deborah Sampson wanted more from life. She wanted to read, to travel—and to fight for her country's independence. When the colonies went to war with the British in 1775, Deborah was intent on being part of the action. Seeing no other option, she disguised herself in a man's uniform and served in the Continental army for more than a year, her identity hidden from her fellow soldiers. Accomplished writer Sheila Solomon Klass creates a gripping firstperson account of an extraordinary woman who lived a life full of danger, adventure, and intrigue.

Secret Soldiers: How the U.S. Twenty-Third Special Troops Fooled the Nazis-Paul B. Janeczko 2019-04-23 What do set design, sound effects, and showmanship have to do with winning World War II? Meet the Ghost Army that played a surprising role in helping to deceive — and defeat — the Nazis. In his third book about deception during war, Paul B. Janeczko focuses his lens on World War II and the operations carried out by the Twenty-Third Headquarters Special Troops, aka the Ghost Army. This remarkable unit included actors, camouflage experts, sound engineers, painters, and set designers who used their skills to secretly and systematically replace fighting units — fooling the Nazi army into believing what their eyes and ears told them, even though the sights and sounds of tanks and war machines and troops were entirely fabricated. Follow the Twenty-Third into Europe as they play a dangerous game of enticing the German army into making battlefield mistakes by using sonic deceptions, inflatable tanks, pyrotechnics, and camouflage in more than twenty operations. From the Normandy invasion to the crossing of the Rhine River, the men of the Ghost Army — several of whom went on to become famous artists and designers after the war — played an improbable role in the Allied victory.

13 Hours-Mitchell Zuckoff 2014-09-09 NATION A MAJOR MOTION PICTURE The harrowing, true account from the brave men on the ground who fought back during the Battle of Benghazi. 13 HOURS presents, for the first time ever, the true account of the events of September 11, 2012, when terrorists attacked the US State Department Special Mission Compound and a nearby CIA station called the Annex in Benghazi, Libya. A team of six American security operators fought to repel the attackers and protect the Americans stationed there. Those men went beyond the call of duty, performing extraordinary acts of courage and heroism, to avert tragedy on a much larger scale. This is their personal account, never before told, of what happened during the thirteen hours of that now-infamous attack. 13 HOURS sets the record straight on what happened during a night that has been shrouded in mystery and controversy. Written by New York Times bestselling author Mitchell Zuckoff, this riveting book takes readers into the action-packed story of heroes who laid their lives on the line for one another, for their countrymen, and for their country. 13 HOURS is a stunning, eye-opening, and intense book—but most importantly, it is the truth. The story of what happened to these men—and what they accomplished—is unforgettable.

Soldier Boy-Keely Hutton 2017-06-13 An unforgettable novel based on the life of Ricky Richard Anywar, who at age fourteen was forced to fight as a soldier in the guerrilla army of notorious Ugandan warlord Joseph Kony Soldier Boy begins with the story of Ricky Richard Anywar, abducted in 1989 to fight with Joseph Kony's rebel army in the Ugandan civil war (one of Africa's longest running conflicts). Ricky is trained, armed, and forced to fight government soldiers alongside his brutal kidnappers, but never stops dreaming of escape. The story continues twenty years later, with a fictionalized character named Samuel, a boy deathly afraid of trusting anyone ever again. Samuel is representative of the thousands of child soldiers Ricky eventually helped rehabilitate as founder of the internationally acclaimed charity Friends of Orphans. Working closely with Ricky himself, debut author Keely Hutton has written an eye-opening book about a boy's unbreakable spirit and indomitable courage in the face of unimaginable horror. This title has Common Core connections.

Secret Soldiers of the Revolution-Raymond W. Leonard 1999 An in-depth examination of Soviet military intelligence up to the rise of Nazi Germany.

Amy the Astronaut and the Secret Soldiers-Steven Donahue 2019-06-11 Amy Sutter returns with a new space adventure as she travels to a distant planet filled with secrets and danger. The second entry in the Amy the Astronaut series finds the teen rocketeer joining Yale and Madison aboard the Liberty Bell on a mission of mercy to a planet devastated by a natural disaster. The relief mission takes a turn for the worse when the crew discovers a plot that could destroy the Union, and they face off against new enemies that threaten their survival.

Secret Soldier-Muki Betser 2011-06-22 Muki Betser was born in Israel's Jezreel Valley and grew up to become one of the leaders of his country's most elite commando unit, Sayeret Matkal. Newspapers refer to the sayeret, or special reconnaissance forces, as the "tip of the spear" of the Israel Defense Forces (IDF). But Sayeret Matkal-or simply, the Unit—was the cream of that crop, carrying out some of the best-known antiterrorist raids of the last twenty-five years.

Commandos-Douglas Waller 2013-07-09 A precursor to American Sniper or Seal Team Six, The Commandos is a heart-pounding look at what it takes to fight alongside the very best of America's armed forces. In The Commandos, veteran Pentagon correspondent for Newsweek Douglas Waller gives a behind-the-scenes look at the most secret and elite of clandestine warriors. Offering inside details of the U.S. special operations forces, including Green Berets, Navy SEALs, and Delta Force, Waller reveals the excruciating training and dangerous missions of America's elite fighting forces as he follows them following them into battle in Operation Desert Storm.

Secret Soldier-Moshe Betser 1996-06-01 Chronicles Betser's involvement in the El Al "air marshal" program, the 1967 Arab-Israeli War, the Yom Kippur War of 1973, & a number of successful -- as well as unsuccessful -- hostage/terrorist crises of recent history. Provides an intimate, firsthand account of Israel's previously classified counter terrorist defense missions. Beginning with new revelations about the Six-Day War, Betser tells of the kidnapping of 5 Syrian generals, reports on the execution of Black September commanders, gives us the first on the scene report of the raid on Entebbe, & exposes the realities of a 25 years of counter terrorist warfare. Photos.

A Soldier's Secret-Marissa Moss 2012-09-15 Historical fiction at its best, this novel by bestselling author Marissa Moss tells the story of Sarah Emma Edmonds, who masqueraded as a man named Frank Thompson during the Civil War. Among her many adventures, she was a nurse on the battlefield and a spy for the Union Army, and was captured by (and escaped from) the Confederates. The novel is narrated by Sarah, offering readers an in-depth look not only at the Civil War but also at her journey to self-discovery as she grapples with living a lie and falling in love with one of her fellow soldiers. Using historical materials to build the foundation of the story, Moss has crafted a captivating novel for the YA audience. The book includes a Civil War timeline, archival photos, a glossary of names, and a detailed note on sources. Praise for A Soldier's Secret STARRED REVIEWS "A female Civil War soldier is brought alive for readers...Moss convincingly but never gratuitously portrays the gore, horror and boredom of war. An intimate look at a soldier's life from a compelling, historical perspective." —Kirkus Reviews, starred review "A captivating piece of YA historical fiction." —Publishers Weekly, starred review "Moss combines fiction with biography in this compelling account...Many battles are graphically described, and the novel is crammed with atmosphere and detail." —Bay Area News Group "Whether a valiant soldier or angel of mercy, Sarah is a brave and loyal historical figure, well deserving of readers' attention." —School Library Journal "Moss' novel offers a fascinating, first-person portrait." —Booklist "The novel is well-written, vividly capturing the drama of Edmonds' story as well as larger wartime realities." —Library Media Connection

Commandos-Douglas Waller 2013-07-09 A precursor to American Sniper or Seal Team Six, The Commandos is a heart-pounding look at what it takes to fight alongside the very best of America's armed forces. In The Commandos, veteran Pentagon correspondent for Newsweek Douglas Waller gives a behind-the-scenes look at the most secret and elite of clandestine warriors. Offering inside details of the U.S. special operations forces, including Green Berets, Navy SEALs, and Delta Force, Waller reveals the excruciating training and dangerous missions of America's elite fighting forces as he follows them following them into battle in Operation Desert Storm.

Masters of Chaos-Linda Robinson 2009-03-05 Special Forces soldiers are daring, seasoned troops from America's heartland, selected in a tough competition and trained in an extraordinary range of skills. They know foreign languages and cultures and unconventional warfare better than any U.S. fighters, and while they prefer to stay out of the limelight, veteran war correspondent Linda Robinson gained access to their closed world. She traveled with them on the frontlines, interviewed them at length on their home bases, and studied their doctrine, methods and history. In Masters of Chaos she tells their story through a select group of senior sergeants and field-grade officers, a band of unforgettable characters like Rawhide, Killer, Michael T, and Alan -- led by the unflappable Lt. Col. Chris Conner and Col. Charlie Cleveland, a brilliant but self-effacing West Pointer who led the largest unconventional war campaign since Vietnam in northern Iraq. Robinson follows the Special Forces from their first post-Vietnam combat in Panama, El Salvador, Desert Storm, Somalia, and the Balkans to their recent trials and triumphs in Afghanistan and Iraq. She witnessed their secret sleuthing and unsung successes in southern Iraq, and recounts here for the first time the dramatic firefights of the western desert. Her blow-by-blow story of the attack on Ansar al-Islam's international terrorist training camp has never been told before. The most comprehensive account ever of the modern-day Special Forces in action, Masters of Chaos is filled with riveting, intimate detail in the words of a close-knit band of soldiers who have done it all.

A Soldier's Secret-RaeAnne Thayne 2014-05-05 MAN ON A MISSION To find out who was claiming ownership of the only place he'd ever called home, Harry Maxwell knew he'd have to practice a little deception. So the wounded lieutenant changed his name a little. Altered a few facts. All for a good cause—get in, get the truth, get out. Until he met the Bramblebery House heir presumptive. Anna Galvez was captivated in ways he hadn't even known existed. Still, after spending time with her, he wanted the house more than ever. But only if she was in it...

The Pentagon's Brain-Annie Jacobsen 2015-09-15 Discover the definitive history of DARPA, the Defense Advanced Research Project Agency, in this Pulitzer Prize finalist from the author of the New York Times bestseller Area 51. No one has ever written the history of the Defense Department's most secret, most powerful, and most controversial military science R&D agency. In the first-ever history about the organization, New York Times bestselling author Annie Jacobsen draws on inside sources, exclusive interviews, private documents, and declassified memos to paint a picture of DARPA, or "the Pentagon's brain," from its Cold War inception in 1958 to the present. This is the book on DARPA -- a compelling narrative about this clandestine intersection of science and the American military and the often frightening results.

Secret Soldiers of the Second Army-Lesslie A. Chapman 2011-04-29 The book starts out picturing a young man who foolishly wants to go to war where he in vision's himself receiving all these high class medals for heroism but never once taking into account what it is going to take physically and mentally to get those medals. He's constantly playing a game between himself and those that surround him. He like so many other young men of past eras are trying to be something that they're not and that small initial lie grows into a tremendous reputation that he has to live with and soon regrets that he's known by such. Come walk with the author and his brothers of the sword through the dark, humid, unforgiving jungles of Vietnam and experience the death, destruction, and mental sacrificial anguish they had to endure. Come see why you fear being alone in the denseness of a jungle or a forest that you have never entered before. Feel the heat of the Asian jungle floor intermixed with the leaches, ants, mosquitoes, snakes and humans searching you out only to destroy you at any cost. You see our author starts out innocently enough but soon finds out that war is not just a physical hardship demanding its pounds of flesh, but also is a horrendous mental agonizing hazard from which there is only one means of escape and/or retreat. That means to an end is death. Yes the author and his brothers of the sword will take their heroic missions and sacrificial allegiances to the grave with them. But, the real tragedy of it all is no one really cares about them in the first place. For they were and still are the "Secret Soldiers of the Second Army" willing to go anywhere, any time, to do the impossible for the ungrateful.

The Secret Soldier-Alex McGovern 2009-06-23 Recounts the life of the Massachusetts Bay woman who joined the Continental Army and kept her identity a secret during nearly two years of marches and combat

The Secret Soldier-Ann Berenson 2015-01-06 John Wells may have left the CIA, but he hasn't left the high-stakes world of espionage, where hidden battles determine the fate of nations. In Saudi Arabia, King Abdullah is losing his hold. A series of terrorist attacks has put the Kingdom on edge, and even Abdullah's own secret police cannot be trusted. With nowhere to turn, the King asks for Wells's help. Reluctantly, and with the secret blessing of his former CIA boss, Wells agrees. But as he begins to unravel the conspiracy, it takes an unexpected twist, becoming more dangerous than Wells ever imagined. The plotters want more than the fall of a monarch. They want to start the final battle between America and Islam—with only themselves as the victor...

NATO's Secret Armies-Daniele Ganser 2005-06-21 This fascinating new study shows how the CIA and the British secret service, in collaboration with the military alliance NATO and European military secret services, set up a network of clandestine anti-communist armies in Western Europe after World War II. These secret soldiers were trained on remote islands in the Mediterranean and in unorthodox warfare centres in England and in the United States by the Green Berets and SAS Special Forces. The network was armed with explosives, machine guns and high-tech communication equipment hidden in underground bunkers and secret arms caches in forests and mountain meadows. In some countries the secret army linked up with right-wing terrorist who in a secret war engaged in political manipulation, harassment of left wing parties, massacres, coup d'états and torture. Codenamed 'Gladio' (the sword), the Italian secret army was exposed in 1990 by Italian Prime Minister Giulio Andreotti to the Italian Senate, whereupon the press spoke of "The best kept, and most damaging, political-military secret since World War II" (Observer, 18. November 1990) and observed that "The story seems straight from the pages of a political thriller." (The Times, November 19, 1990). Ever since, so-called 'stay-behind' armies of NATO have also been discovered in France, Spain, Portugal, Germany, Belgium, the Netherlands, Luxembourg, Denmark, Norway, Sweden, Finland, Switzerland, Austria, Greece and Turkey. They were interationally coordinated by the Pentagon and NATO and had their last known meeting in the NATO-linked Allied Clandestine Committee (ACC) in Brussels in October 1990.

The Secret Book of Kings-Yochi Brandes 2016-08-23 "This volume, by Biblical scholar Yochi Brandes, is a riveting novel based on textual sources about the experiences of David and Solomon. Its lessons are also relevant for our turbulent time." —Elie Wiesel, #1 New York Times and internationally bestselling author of Night In the tradition of The Red Tent from internationally bestselling author Yochi Brandes comes the stories of the struggles of King David and King Saul in the early days of the Kingdom of Israel, seen through the eyes of Michal, Saul's daughter and David's abandoned queen Stories are deadlier than swords. Swords kill only those who stand before them, stories decide who will live and die in generations to come. Shelomoam, a young man from the tribe of Ephraim, has grown up in the shadow of dark secrets. He wonders why his father is deathly afraid of the King's soldiers and why his mother has lied about the identities of those closest to him. Shelomoam is determined to unearth his mysterious past, never imagining where his quest will ultimately lead him. The Secret Book of Kings updates conventions of biblical novels, engaging with the canonized stories of the founding of the Kingdom of Israel and turning them on their heads. Presented for the first time are the heretofore unknown stories of the House of Saul and of the northern Kingdom of Israel, stories that were artfully concealed by the House of David and the scribes of the southern Kingdom of Judah. Yochi Brandes, one of Israel's all-time bestselling novelists, enlists her unique background in both academic Jewish scholarship and traditional religious commentaries to read the Bible in an utterly new way. In this book, a major publishing phenomenon in Israel and one of the bestselling novels in the history of the country, she uncovers vibrant characters, especially women, buried deep within the scriptures, and asks the loaded question: to what extent can we really know our past when history is written by the victors?

Rogue Heroes-Ben Macintyre 2016-10-04 The incredible untold story of WWII's greatest secret fighting force, as told by our great modern master of wartime intrigue Britain's Special Air Service—or SAS—was the brainchild of David Stirling, a young, gadabout aristocrat whose aimlessness in early life belied a remarkable strategic mind. Where most of his colleagues looked at a battlefield map of World War II's African theater and saw a protracted struggle with Rommel's desert forces, Stirling saw an opportunity: give a small number of elite, well-trained men, he could parachute behind enemy lines and sabotage their airplanes and war material. Paired with his constitutional opposite, the disciplined martinet Jock Lewes, Stirling assembled a revolutionary fighting force that would uphold not just the balance of the war, but the nature of combat itself. He faced no little resistance from those who found his tactics ungenially or beyond the pale, but in the SAS's remarkable exploits facing the Nazis in the Africa and then on the Continent can be found the seeds of nearly all special forces units that would follow. Bringing his keen eye for psychological detail to a riveting wartime narrative, Ben Macintyre uses his unprecedented access to SAS archives to shine a light inside a legendary unit long shrouded in secrecy. The result is not just a tremendous war story, but a fascinating group portrait of men of whom history and country asked the most.

The Secret History of Soldiers-Tim Cook 2018-09-18 There have been thousands of books on the Great War, but most have focused on commanders, battles, strategy, and tactics. Less attention has been paid to the daily lives of the combatants, how they endured the unimaginable conditions of industrial warfare: the rain of shells, bullets, and chemical agents. In The Secret History of Soldiers, Tim Cook, Canada's foremost military historian, examines how those who survived trench warfare on the Western Front found entertainment, solace, relief, and distraction from the relentless slaughter. These tales come from the soldiers themselves, mined from the letters, diaries, memoirs, and oral accounts of more than five hundred combatants. Rare examples of trench art, postcards, and even song sheets offer insight into a hidden society that was often irrelevant, raunchy, and anti-authoritarian. Believing in supernatural stories was another way soldiers shielded themselves from the horror. While novels and poetry often depict the soldiers of the Great War as mere victims, this new history shows how the soldiers pushed back against the grim war, refusing to be broken in the mincing machine of the Western Front. The violence of war is always present, but Cook reveals the gallows humour the soldiers employed to get through it. Over the years, both writers and historians have overlooked this aspect of the men's lives. The fighting at the front was devastating, but behind the battle lines, another layer of life existed, one that included songs, skits, art, and soldier-produced newspapers. With his trademark narrative abilities and an unerring eye for the telling human detail, Cook has created another landmark history of Canadian military life as he reveals the secrets of how soldiers survived the carnage of the Western Front.

Fortitude-Dan Crenshaw 2020-04-07 Jordan Peterson's Twelve Rules for Life meets Jocko Willink and Leif Babin's Extreme Ownership in this tough-love leadership book from a Navy SEAL and rising star in Republican politics. In 2012, on his third tour of duty, an improvised explosive device left Dan Crenshaw's right eye destroyed and his left blinded. Only through the careful hand of his surgeons, and what doctors called a miracle, did Crenshaw's left eye recover partial vision. And yet, he persevered, completing two more deployments. Why? There are certain stories we tell ourselves about the hardships we face -- we can become paralyzed by adversity or we can adapt and overcome. We can be fragile or we can find our fortitude. Crenshaw delivers a set of lessons to help you do just that. Most people's everyday challenges aren't as extreme as surviving combat, and yet our society is more fragile than ever: exploding with outrage, drowning in microaggressions, and devolving into divisive mob politics. The American spirit -- long characterized by grit and fortitude -- is unraveling. We must fix it. That's exactly what Crenshaw accomplishes with FORTITUDE. This book isn't about the problem, it's about the solution. And that solution begins with each and every one of us. We must all lighten up, toughen up, and begin treating our fellow Americans with respect and grace. FORTITUDE is a no-nonsense advice book for finding the strength to deal with everything from menial daily frustrations to truly difficult challenges. More than that, it is a roadmap for a more resilient American culture. With meditations on perseverance, failure, and finding much-needed heroes, the book is the antidote for a prevailing "safety culture" of trigger warnings and safe spaces. Interspersed with lessons from history and psychology is Crenshaw's own story of how an average American kid from the Houston suburbs went from war zones to the halls of Congress -- and managed to navigate his path with a sense of humor and an even greater sense that, no matter what anyone else around us says or does, we are in control of our own destiny.

The Story of World War II-Henry Steele Commager 2010-05-11 Drawing on previously unpublished eyewitness accounts, prizewinning historian Donald L. Miller has written what critics are calling one of the most powerful accounts of warfare ever published. Here are the horror and heroism of World War II in the words of the men who fought it, the journalists who covered it, and the civilians who were caught in its fury. Miller gives us an up-close, deeply personal view of a war that was more savagely fought -- and whose outcome was in greater doubt -- than readers might imagine. This is the war that Americans at the home front would have read about had they had access to the previously censored testimony of the soldiers on which Miller builds his gripping narrative. Miller covers the entire war -- on land, at sea, and in the air -- and provides new coverage of the brutal island fighting in the Pacific, the bomber war over Europe, the liberation of the death camps, and the contributions of African Americans and other minorities. He concludes with a suspenseful, never-before-told story of the atomic bombing of Nagasaki, based on interviews with the men who flew the mission that ended the war.

Soldiers of Salamis-Javier Cercas 2020-01-14 A novel of the Spanish Civil War—a modern classic, an international bestseller, and a searing exploration of the unknowability of history. In the waning days of the Spanish Civil War, an unknown militiaman discovered a Nationalist prisoner who had fled a firing squad and taken refuge in the forest. But instead of killing him, the soldier simply turned and walked away. The prisoner, Rafael Sánchez Mazas—writer, fascist, and founder of the Spanish Falange—went on to become a national hero and ultimately a minister in Franco's first government. The soldier disappeared into history. Sixty years later, Javier Cercas—or at least, a character who shares his name—sifts through the evidence to establish what really happened that day. Who was the soldier? Why didn't he shoot? And who was the true hero in the story? Every answer yields another question in this powerful and elegantly constructed novel about truth, memory, and war.

Allies-Alan Gratz 2019-10-15 Alan Gratz, bestselling author of Refugee, weaves a stunning array of voices and stories into an epic tale of teamwork in the face of tyranny -- and how just one day can change the world.

Area 51-Annie Jacobsen 2011-05-17 Area 51 It is the most famous military installation in the world. And it doesn't exist. Located a mere seventy-five miles outside of Las Vegas in Nevada's desert, the base has never been acknowledged by the U.S. government—but Area 51 has captivated imaginations for decades. Myths and hypotheses about Area 51 have long abounded, thanks to the intense secrecy enveloping it. Some claim it is home to aliens, underground tunnel systems, and nuclear facilities. Others believe that the lunar landing itself was filmed there. The prevalence of these rumors stems from the fact that no credible insider has ever divulged the truth about his time inside the base. Until now. Annie Jacobsen had exclusive access to nineteen men who served the base proudly and secretly for decades and are now aged 75-92, and unprecedented access to fifty-five additional military and intelligence personnel, scientists, pilots, and engineers linked to the secret base, thirty-two of whom lived and worked there for extended periods. In Area 51, Jacobsen shows us what has really gone on in the Nevada desert, from testing nuclear weapons to building super-secret, superionic jets to pursuing the War on Terror. This is the first book based on interviews with eye witnesses to Area 51 history, which makes it the seminal work on the subject. Filled with formerly classified information that has never been accurately decoded for the public, Area 51 weaves the mysterious activities of the top-secret base into a gripping narrative, showing that facts are often more fantastic than fiction, especially when the distinction is almost impossible to make.

The Girls of Atomic City-Denise Kiernan 2013-03-05 The New York Times bestseller, now available in paperback—an incredible true story of the top-secret World War II town of Oak Ridge, Tennessee, and the young women brought there unknowingly to help build the atomic bomb. "The best kind of nonfiction: marvelously reported, fluidly written, and a remarkable story...As meticulous and brilliant as it is compulsively readable." —Karen Abbott, author of Sin in the Second City At the height of World War II, Oak Ridge, Tennessee, was home to 75,000 residents, and consumed more electricity than New York City, yet it was shrouded in such secrecy that it did not appear on any map. Thousands of civilians, many of them young women from small towns across the U.S., were recruited to this secret city, enticed by the promise of solid wages and war-ending work. What were they actually doing there? Very few knew. The purpose of this mysterious government project was kept a secret from the outside world and from the majority of the residents themselves. Some wondered why, despite the constant work and round-the-clock activity in this makeshift town, did no tangible product of any kind ever seem to leave its guarded gates? The women who kept this town running would find out at the end of the war, when Oak Ridge's secret was revealed and changed the world forever. Drawing from the voices and experiences of the women who lived and worked in Oak Ridge, The Girls of Atomic City rescues a remarkable, forgotten chapter of World War II from obscurity. Denise Kiernan captures the spirit of the times through these women: their pluck, their desire to contribute, and their enduring courage. "A phenomenal story," and Publishers Weekly called it an "intimate and revealing glimpse into one of the most important scientific developments in history." "Kiernan has amassed a deep reservoir of intimate details of what life was like for women living in the secret city...Rosie, it turns out, did much more than drive rivets." —The Washington Post

Surprise, Kill, Vanish-Annie Jacobsen 2019-05-14 From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, Surprise, Kill, Vanish brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

The Secret Grand-Encens Hodgson Burnett 1912 A ten-year-old orphan comes to live in a lonely house on the Yorkshire moors and discovers an invalid cousin and the mysteries of a locked garden.

The First Conspiracy-Brad Meltzer 2019-01-08 Taking place during the most critical period of our nation's birth, The First Conspiracy tells a remarkable and previously untold piece of American history that not only reveals George Washington's character, but also illuminates the origins of America's counterintelligence movement that led to the modern day CIA. In 1776, an elite group of soldiers were handpicked to serve as George Washington's bodyguards. Washington trusted them; relied on them. But unbeknownst to Washington, some of them were part of a treasonous plan. In the months leading up to the Revolutionary War, these traitorous soldiers, along with the Governor of New York, William Tryon, and Mayor David Mathews, launched a deadly plot against the most important member of the military: George Washington himself. This is the story of the secret plot and how it was revealed. It is a story of leaders, liars, counterfeiters, and jailhouse confessors. It also shows just how hard the battle was for George Washington and how close America was to losing the Revolutionary War. In this historical page-turner, New York Times bestselling author Brad Meltzer teams up with American history writer and documentary television producer, Josh Mensch to unravel the shocking true story behind what has previously been a footnote in the pages of history. Drawing on extensive research, Meltzer and Mensch capture in riveting detail how George Washington not only defeated the most powerful military force in the world, but also uncovered the secret plot against him in the tumultuous days leading up to July 4, 1776. Praise for The First Conspiracy: "This is American history at its finest, a gripping story of spies, killers, counterfeiters, traitors?and a mysterious prostitute who may or may not have even existed. Anyone with an interest in American history will love this book." —Douglas Preston, #1 bestselling author of The Lost City of the Monkey God "A wonderful book about leadership?and it shows why George Washington and his moral lessons are just as vital today. What a book. You'll love it." —President George H.W. Bush "This is an important book: a fascinating largely unknown chapter of our hazardous beginning, a reminder of why counterintelligence matters, and a great read." —President Bill Clinton

Operation Paperclip-Annie Jacobsen 2014-02-11 The explosive story of America's secret post-WWII science programs, from the author of the New York Times bestseller Area 51 In the chaos following World War II, the U.S. government faced many difficult decisions, including what to do with the Third Reich's scientific minds. These were the brains behind the Nazis' once-indomitable war machine. So began Operation Paperclip, a decades-long, covert project to bring Hitler's scientists and their families to the United States. Many of these men were accused of war crimes, and others had stood trial at Nuremberg; one was convicted of mass murder and slavery. They were also directly responsible for major advances in rocketry, medical treatments, and the U.S. space program. Was Operation Paperclip a moral outrage, or did it help America win the Cold War? Drawing on exclusive interviews with dozens of Paperclip family members, colleagues, and interrogators, and with access to German archival documents (including previously unseen papers made available by direct descendants of the Third Reich's ranking members), files obtained through the Freedom of Information Act, and dossiers discovered in government archives and at Harvard University, Annie Jacobsen follows more than a dozen German scientists through their postwar lives and into a startling, complex, nefarious, and jealously guarded government secret of the twentieth century. In this definitive, controversial look at one of America's most strategic, and disturbing, government programs, Jacobsen shows just how dark government can get in the name of national security.

Gravity's Rainbow-Thomas Pynchon 2012-06-13 Winner of the 1974 National Book Award "A screaming comes across the sky. . ." A few months after the Germans' secret V-2 rocket bombs begin falling on London, British Intelligence discovers that a map of the city pinpointing the sexual conquests of one Lieutenant Tyrone Slothrop, U.S. Army, corresponds identically to a map showing the V-2 impact sites. The implications of this discovery will launch Slothrop on an amazing journey across war-torn Europe, fleeing an international cabal of military-industrial superpowers, in search of the mysterious Rocket 00000, through a wildly comic extravaganza that has been hailed in The New Republic as "the most profound and accomplished American novel since the end of World War II." What Grows Underground?-Maria Fleming 2003-08-01 A rabbit warrens and then discovers what grows underground.

The Secret Guests-Benjamin Black 2020-01-14 "When you're done binge-watching The Crown, pick up this multifaceted wartime thriller." —Kirkus Reviews As London endures nightly German bombings, Britain's secret service whisks the princesses Elizabeth and Margaret from England, seeking safety for the young royals on an old estate in Ireland. Ahead of the German Blitz during World War II, English parents from every social class send their children to the countryside for safety, displacing more than three million young offspring. In The Secret Guests, the British royal family takes this evacuation a step further, secretly moving the princesses to the estate of the Duke of Edmore in "neutral" Ireland. A female English secret agent, Miss Celia Nashe, and a young Irish detective, Garda Strafford, are assigned to watch over "Ellen" and "Mary" at Clonmills Hall. But the Irish stable hand, the housemaid, the formidable housekeeper, the Duke himself, and other Irish townspeople, some of whom lost family to English gunshots during the War of Independence, go freely about their business in and around the great house. Soon suspicions about the guests' true identities percolate, a dangerous boredom sets in for the princesses, and, within and without Clonmills acreage, passions as well as stakes rise. Benjamin Black, who has good information that the princesses were indeed in Ireland for a time during the Blitz, draws readers into a novel as fascinating as the nascent career of Miss Nashe, as tender as the homesickness of the sisters, as intriguing as Irish-English relations during WWII, and as suspenseful and ultimately action-packed as war itself.

The Weapon Wizards-Yaakov Katz 2017-01-31 "A lively account of Israel's evolving military prowess..if The Weapon Wizards were a novel, it would be one written by Horatio Alger; if it were a biblical allegory, it would be the story of David and Goliath." —The New York Times Book Review From drones to satellites, missile defense systems to cyber warfare, Israel is leading the world when it comes to new technology being deployed on the modern battlefield. The Weapon Wizards shows how this tiny nation of 8 million learned to adapt to the changes in warfare and in the defense industry and become the new prototype of a 21st century superpower, not in size, but rather in innovation and efficiency—and as a result of its long war experience. Sitting on the front lines of how wars are fought in the 21st century, Israel has developed in its arms trade new weapons and retrofitted old ones so they remain effective, relevant, and deadly on a constantly-changing battlefield. While other countries begin to prepare for these challenges, they are looking to Israel—and specifically its weapons—for guidance. Israel is, in effect, a laboratory for the rest of the world. How did Israel do it? And what are the military and geopolitical implications of these developments? These are some of the key questions Yaakov Katz and Amir Bohbot address. Drawing on a vast amount of research, and unparalleled access to the Israeli defense establishment, this book is a report directly from the front lines.

The Good Soldier-Ford Madox Ford 1915 A chronicle of the tragedies in the lives of two seemingly "perfect couples" whose lives are far from perfect, this novel was loosely based on two real-life incidents of adultery and on Ford's own messy personal life.

Secrets of the Terra-Cotta Soldier-Ying Chang Compstene 2014-01-07 In this action-packed adventure and coming-of-age story that finely weaves fact and fiction, thirteen-year-old Ming lives in a small village in Maoist China in the 1970s. His father is convinced that Emperor Qin's tomb—and the life-size terra-cotta army created to serve and protect the emperor in the afterlife—lies hidden in the hills around them. But if Ming's father doesn't prove it soon, the town's Political Office will condemn him to the brutal labor camps. From the stories of a terra-cotta soldier who has survived through the centuries, Ming learns the history of Emperor Qin, known for building the Great Wall of China, and how and why the terra-cotta soldiers came to be. As their unlikely friendship develops, Ming experiences the mysterious tomb firsthand, braving deadly traps and witnessing the terra-cotta army in action. Most importantly, he comes to see how he can save both the terra-cotta soldiers and his father from the corrupt Political Office and his Communist cronies. The book is illustrated with photographs of Communist Chinese village life in the 1970s, the Great Wall, and, of course, the excavated tomb with its many terra-cotta soldiers. It also features a special recipe from the story. Praise for Secrets of the Terra-Cotta Soldier "Historical photos and Indiana Jones-style adventure enrich this tale of an unusual meeting between the Qin Dynasty and the 20th century." —Kirkus Reviews "Despite the hardships, both courageous characters work to uphold their respective duties: Shi to protect the tomb and Ming to protect the cultural legacy of China's people. With archival art, recipes, and end notes, this title is sure to be a hit in the classroom." —Booklist

My Secret Soldier-Paul Theroux 2011-04-20 "Theroux's best novel in years." CHICAGO TRIBUNE MY SECRET HISTORY is Paul Theroux's tour de force. It is the story of Andre Parent, a writer, a world traveler, a lover of every kind of woman he chances to meet in a life as varied as a man can lead.
