Obsession-Shantel Tessier 2016-08-10 I have lost those who I have loved. I have bled for those I hate. I have lied to those who are honest. What am I? You're a sinner dressed in white. You're a ghost in the night. You're the demons that I fight. Who are you? Both of us were sinners. She was hell-bent on revenge, and I was determined to let her have it. She was a beautiful sin that alone would be my damnation. And for her, I was willing to dig my own grave. She took what little pride I had left and made me look like a fool. I lusted for a taste of her darkness, for it was the same color as mine. I envied the way she was able to say no, as if she really meant it. I will endure the wrath of having her no matter the cost of my greed. But I have always been a glutton for punishment without any propensity of sloth. She became my obsession and like any other drug, she took all the pain away but brought me to a new level of low. Too bad falling in love with her brought on a different kind of hell that I wasn't sure we would live through. We were both running from a past that was going to tear apart our future. What I thought was going to be a beautiful beginning turned out to be a torturous end.

To apply your lessons with poignancy. And they're flexible, too -- have fun with them as informal, no-prep reader's theater, or rehearse them seriously for polished performances. - Scripture Sketches . . . Don't despair if your students can't tell the difference between Beelzebub and Barnabas -- the Bible will be brought to life for them as they act out scriptural episodes, stories, and passages. (And on page 6 is an index to all this book's scripts by Bible reference. Teaching the Prodigal Son? 1 Corinthians? Exodus? We've got a script for you!) - Contemporary Sketches . . . Off with the togas, on with the togas, on with the togas. Here are right-now, real-life scripts for everything from event announcements (that you can tailor to your own events) to dealing with emotional scars. Thanks to the topical index on page 7, you can zip right to the script that fits your meeting. - TV Takeoffs . . . In a TV world of talk shows and sitcoms, sketches based on TV shows always kick off lively discussions. Since all these scripts are also humorous, they're great as openers at camps and conferences, too. - Monologues . . . Does your youth group's dramatic talent reside in only one or two students? Or do you want to raise interest in starting a drama ministry? A monologue is your ticket -- one-person scripts that require little or no costumes or props, yet can be as powerful as a three-act play. - To the Tune of CCM (And More) . . . Take the music many of your students listen to, and use it for dramatic purposes! These scripts each use a song by a Christian artist (or a song whose lyrics encourage or challenge Christians).

The Seven Deadly Sins of Psychology-Chris Chambers 2019-07-16 Why psychology is in peril as a scientific discipline—and how to save it. Psychological science has made extraordinary discoveries about the human mind, but can we trust everything its practitioners are telling us? In recent years, it has become increasingly apparent that a lot of research in psychology is based on weak evidence, questionable practices, and sometimes even fraud. The Seven Deadly Sins of Psychology diagnoses the ills besetting the discipline today and proposes sensible, practical solutions to ensure that it remains a legitimate and reliable science in the years ahead. In this unflinchingly candid manifesto, Chris Chambers shows how practitioners are vulnerable to powerful biases that undercut the scientific method, how they routinely torture data until it produces outcomes that can be published in prestigious journals, and how studies are much less reliable than advertised. Left unchecked, these and other problems threaten the very future of psychology as a science—but help is here.

Brecht Collected Plays: 2-Bertolt Brecht 2015-03-20 Published by Methuen Drama, the collected dramatic works of Bertolt Brecht are presented in the most comprehensive and authoritative editions of Brecht's plays in the English language. This second volume of Brecht's Collected Plays brings together some of his most glittering Berlin successes including The Threepenny Opera, The Rise and Fall of the City of Mahagonny, The Seven Deadly Sins, Man Equals Man and The Elephant Calf. The Threepenny Opera is the story of the mercurlar beggar turned entrepreneur Paachum and his battles with the criminal Mac 'the Knife', Mahagonny, an operatic satire on the search for an American capitalist utopia; The Seven Deadly Sins is a ballet with songs that predicts the downfall of the petty bourgeoisie and was first performed as the Nazis planned their book burning exercise. Man equals Man is an exploration of the theory of equality and The Elephant Calf is a play within a play based on an Indian folk story. The translators include W H Auden and Chester Kallman, Ralph Manheim, Gerhard Nellhaus and John Willett. The translations are ideal for both study and performance. The volume is accompanied by a full introduction and notes by the series editor John Willett and includes Brecht's own notes and relevant texts as well as all the important textual variants.

The Seven Deadly Sins-Joe Blatnick 2012-03-07 As new players continue the learning process, they try to follow all those clichés and myths with which they are inundated. As they progress through the learning stages, they begin to appreciate why these guidelines have exceptions, and get better at recognizing them. But once they reach a certain level of competence, there is a fork in the road. Those who don't wish to learn any more or those who feel that more learning is either beyond them or a waste of time take one branch of that road. The others become so enamoured or addicted, if you will, that they can't get enough of the game, take the other road. They want to play as often as humanly possible. They want to learn every convention which has ever surfaced (good or bad) and they read every bridge book that has been written. They endeavour to play with those from whom they can learn and never hesitate to engage their local experts in conversation about this wonderful game. However, even after reaching a level which is not far above the beginner stage, they feel that they are ready for advanced classes. There are others who can play a respectable game and are still a long way from expert level who feel that they too, belong only in advanced classes. Yet there is a common denominator for all these players regardless of the group to which they belong. And that is the basics. Very few bridge players truly know the basics. In an upcoming book, I mention a hundred mistakes which are made by many players who are seldom aware of 5% of them. All this preamble brings us to the point of this book. And that is that all those experienced players who play regularly but seldom win are guilty of committing the seven deadly sins of bridge. If those aspiring to become experts really want to reach the pinnacle, they must learn the basics and stop committing the 7 deadly sins. As we are all aware, this game breaks down into bidding, declarer play and defence. Each of these sections, if a more complete examination were made, would reveal many troublesome situations. However, this book will deal primarily with errors of omission and not commission. And since the title suggests only seven, the author's omissions might be considered as errors. The seven deadly sins of bridge will highlight what would appear to be the most lacking aspects of the average player's game, oops 8.

The Seven Sins of Memory-Daniel L. Schacter 2002-05-07 A New York Times Notable Book: A psychologist's "gripping and thought-provoking" look at how and why our brains sometimes fail us (Steven Pinker, author of How the Mind Works). In this intriguing study, Harvard psychologist Daniel L. Schacter explores the memory miscues that occur in everyday life, placing them into seven categories: absent-mindedness, transience, blocking, misattribution, suggestibility, bias, and persistence. Illustrating these concepts with vivid examples—case studies, literary excerpts, experimental evidence, and accounts of highly visible news events such as the O. J. Simpson verdict, Bill Clinton's grand jury testimony, and the search for the Oklahoma City bomber—he also delves into striking new scientific research, giving us a glimpse of the fascinating neurology of memory and offering "insight into common malfunctions of the mind" (USA Today). "Though memory failure can amount to little more than a mild annoyance, the consequences of misattribution in eyewitness testimony can be devastating, as can the consequences of suggestibility among pre-school children and among adults with 'false memory syndrome' . . . Drawing upon recent neuroimaging research that allows a glimpse of the brain as it learns and remembers, Schacter guides his readers on a fascinating journey of the human mind." —Library Journal "Clear, entertaining and provocative . . . Encourages a new appreciation of the complexity and fragility of memory." —The Seattle Times "Should be required reading for police, lawyers, psychologists, and anyone else who wants to understand how memory can go terribly wrong." —The Atlanta Journal-Constitution "A fascinating journey through paths of memory, its open avenues and blind alleys . . . Lucid, engaging, and enjoyable." —Jerome Gropman, MD "Compelling in its science and its probing examination of everyday life, The Seven Sins of Memory is also a delightful book, lively and clear." —Chicago Tribune Winner of the William James Book Award
