Take My Advice-Elliott Lester 1928

Letters to a Young Contrarian-Christopher Hitchens 2009-04-28 "Art of Mentoring" seriesIn the book that he was born to write, provocateur and best-selling author Christopher Hitchens inspires future generations of radicals, gadflies, mavericks, rebels, angry young (wo)men, and dissidents. Who better to speak to that person who finds him or herself in a contrarian position than Hitchens, who has made a career of disagreeing in profound and entertaining ways. This book explores the entire range of "contrary positions"-from noble dissident to gratuitous pain in the butt. In an age of overly polite debate bending over backward to reach a happy consensus within an increasingly centrist political dialogue, Hitchens pointedly pitches himself in contrast. He bemoans the loss of the skills of dialectical thinking evident in contemporary society. He understands the importance of disagreement-to personal integrity, to informed discussion, to true progress-heck, to democracy itself. Epigrammatic, spunky, witty, in your face, timeless and timely, this book is everything you would expect from a mentoring contrarian.

Keep Your Assets. Take My Advice.-Rick Johnson, CASL, CFP, CMFC, RFC 2009-03-18 Never Fall Victim to Wall Street Again Recently, most people have been victimized by the revenue generating machine that is Wall Street. The truth is, Wall Street only cares about making the most revenue they can from you. You will learn: The 20%/65% rule of investing in both bear and bull markets. When and why to move your investments to cash. Why agency relationships and suitability are a far cry from fiduciary responsibility. How to convert your IRA to a tax-free Roth IRA using either a Home Equity Line of Credit, a Reverse Mortgage, or a Real Estate Option. A way to pay off your 30-year mortgage in ten or eleven years. How you can get rid of credit card debt in months, not years. Why segmenting your money and using principal for income may put you in a lower tax bracket. How to do a background check on your financial advisor annually. What to look out for in regard to outlandish performance claims by financial advisors. The strategies presented herein will teach you how to have a consistent process and a plan for your success. You will never again fall victim to Wall Street's shenanigans.

Advice to the Devil, in a letter to Hall; and the same letter answered ... To which is added a letter from the Rich Man in Hell, to his brethren-Advice 1828

The Parliamentary Debates from the Year 1803 to the Present Time:: 14-Great Britain. Parliament 1819

Science, Gender and History-Suparna Banerjee 2015-01-12 The first substantial study comparing Mary Shelley and Margaret Atwood, this book examines a selection of the speculative/fantastic novels of these two influential writers from the perspectives of contemporary feminist, postcolonial and science studies. Situating her readings at the troubled intersections of science, gender and history(-making), Banerjee juxtaposes Shelley's Frankenstein and The Last Man with Atwood's The Handmaid's Tale and Oryx and Crake in a way that respects historical difference while convincingly suggesting a tradition of ongoing socio-political critique in the work of women writers of the fantastic over the past two centuries. She offers insightful fresh readings of Shelley and Atwood, bringing out how the cognate values of technoscience and capitalistic imperialism work in tandem to foster oppressive gender ideologies, social inequity and environmental ruin. Banerjee explores how Shelley and Atwood levy powerful critiques of both positivist, masculinist science and the politico-economic proclivities of their respective times, engaging, in the process, with the meaning of the (post)human, the cultural impact of male (Romantic) egotism and the public/private division, the colonial impulse and its modern day counterpart, the patriarchal ideologies of 'love' and motherhood, and the sexual-politics of official historiography. Combining lively, creative scholarship with theoretical rigour, the book offers a nuanced study of the ways in which Shelley's and Atwood's novels each take critical aim at some of the conventional oppositions—nature/culture, masculine/feminine, reason/emotion, art/science—that have since long defined our lives in western technoculture. The book re-opens the 'two-cultures' debate, suggesting that Shelley's and Atwood's futuristic visions posit humanistic education and art as the 'saving graces' that might counter the schisms and reductionism innate to the technocapitalistic world view. One highlight of the book is the way the author goes beyond a strong critical consensus on Frankenstein and reads the novel not as a denunciation of technological violation of nature but as a subversion of the thematic itself of Nature versus Culture. Similar innovative interpretations are offered on the gender question in The Last Man, and on Atwood's engagement with 'feminist mothering' in Oryx and Crake.

Letters to Felice-Franz Kafka 2013-06-26 Franz Kafka first met Felice Bauer in August 1912, at the home of his friend Max Brod. The twenty-five-year-old career woman from Berlin—energetic, down-to-earth, life-affirming—awakened in him a desire to marry. Kafka wrote to Felice almost daily, sometimes even twice a day. Because he was living in Prague and she in Berlin, their letters became their sole source of knowledge of each other. But soon after their engagement in 1914, Kafka began having doubts about the relationship, fearing that marriage would imperil his dedication to writing and interfere with his need for solitude. Through their break-up, a second engagement in 1917, and their final parting later that year, when Kafka began falling ill with the tuberculosis that would eventually claim his life, their correspondence continued. The more than five hundred letters that Kafka wrote to Felice over the course of those five years were acquired by Schocken from her in 1955. They reveal the full measure of Kafka's inner turmoil as he tried, in vain, to balance his need for stability with the demands of his craft. "These letters are indispensable for anyone seeking a more intimate knowledge of Kafka and his fragmented world." —Library Journal

The White Woman on the Green Bicycle-Monique Roffey 2009-08-03 When George and Sabine Harwood arrive in Trinidad from England George instantly takes to their new life, but Sabine feels isolated, heat-fatigued, and ill at ease with the racial segregation and the imminent dawning of a new era. Her only solace is her growing fixation with Eric Williams, the charismatic leader of Trinidad's new national party, to whom she pours out all her hopes and fears for the future in letters that she never brings herself to send. As the years progress, George and Sabine's marriage endures for better or worse. When George discovers Sabine's cache of letters, he realises just how many secrets she's kept from him - and he from her - over the decades. And he is seized by an urgent, desperate need to prove his love for her, with tragic consequences...

Letters to a Young Pharmacist-Susan A. Cantrell 2014-08-01 Most of us have received very little, if any, formal training on how to manage our lives and careers. In Letters to a Young Pharmacist: Sage Advice on Life & Career from Extraordinary Pharmacists, find expert advice and guidance for the choices and challenges you will face. Written by 35 leading pharmacists, these very personal letters offer sound advice and insight for seizing or creating opportunities, balancing career and family, avoiding mistakes, and overcoming setbacks. Gain from the wisdom and practical advice offered in these letters on such topics as: Finding the right job or residency Developing productive partnerships The importance of networking Thinking creatively to design new therapies Working well in the culture of your organization Understanding your strengths and weaknesses ... and much more. Learn from people who have faced many of the same career and life experiences that lie ahead of you. More than a book, Letters to a Young Pharmacist is a companion guide for your life's work— and a must-have for every new pharmacist.

Sherlock Holmes: The Complete Novels and Stories: Volumes I and II-Sir Arthur Conan Doyle 2003-08-26 Since his first appearance in Beeton's Christmas Annual in 1887, Sir Arthur Conan Doyle's Sherlock Holmes has been one of the most beloved fictional characters ever created. Now, in one eBook, Bantam Classics presents all fifty-six short stories and four novels featuring Conan Doyle's classic hero—a truly complete collection of Sherlock Holmes's adventures in crime! Volume I includes the early novel A Study in Scarlet, which introduced the eccentric genius of Sherlock Holmes to the world. This baffling murder mystery, with the cryptic word Rache written in blood, first brought Holmes together with Dr. John Watson. Next, The Sign of Four presents Holmes's famous "seven percent solution" and the strange puzzle of Mary Morstan in the quintessential locked-room mystery. Also included are Holmes's feats of extraordinary deception in such famous cases as the chilling "The Adventure of the Speckled Band," the baffling riddle of "The Musgrave Ritual," and the ingeniously plotted "The Five Orange Pips." Volume II begins with The Hound of Baskervilles, a haunting novel of murder on eerie Grimpen Moor, which has rightly earned its reputation as the finest murder mystery ever written. The Valley of Fear matches Holmes against his archenemy, the master of imaginative crime, Professor Moriarty. In addition, the loyal Dr. Watson has faithfully recorded Holmes's feats of extraordinary detection in such famous cases as the thrilling "The Adventure of the Red Circle," Holmes's tragic and fortunately premature farewell in "The Final Problem," and the twelve baffling adventures from The Case Book of Sherlock Holmes. Conan Doyle's incomparable tales bring to life a Victorian England of horse-drawn cabs, fogs, and the famous lodgings at 221 B Baker Street, where for more than forty years Sherlock Holmes earned his undisputed reputation as the greatest fictional detective of all time.

The Letters of Philip Dormer Stanhope, Earl of Chesterfield: Letters, political and miscellaneous-Philip Dormer Stanhope Earl of Chesterfield 1892

The Heir Apparent-Jane Ridley 2013-12-03 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE BOSTON GLOBE This richly entertaining biography chronicles the eventful life of Queen Victoria's firstborn son, the quintessential black sheep of Buckingham Palace, who matured into as wise and effective a monarch as Britain has ever seen. Granted unprecedented access to the royal archives, noted scholar Jane Ridley draws on numerous primary sources to paint a vivid portrait of the man and the age to which he gave his name. Born Prince Albert Edward, and known to familiars as "Bertie," the future King Edward VII had a well-earned reputation for debauchery. A notorious gambler, glutton, and womanizer, he preferred the company of wastrels and courtesans to the dreary life of the Victorian court. His own mother considered him a lazy halfwit, temperamentally unfit to succeed her. When he ascended to the throne in 1901, at age fifty-nine, expectations were low. Yet by the time he died nine years later, he had proven himself a deft diplomat, hardworking head of state, and the architect of Britain's modern constitutional monarchy. Jane Ridley's colorful biography rescues the man once derided as "Edward the Caresser" from the clutches of his historical detractors. Excerpts from letters and diaries shed new light on Bertie's long power struggle with Queen Victoria, illuminating one of the most emotionally fraught mother-son relationships in history. Considerable attention is paid to King Edward's campaign of personal diplomacy abroad and his valiant efforts to reform the political system at home. Separating truth from legend, Ridley also explores Bertie's relationships with the women in his life. Their ranks comprised his wife, the stunning Danish princess Alexandra, along with some of the great beauties of the era: the actress Lillie Langtry, longtime "royal mistress" Alice Keppel (the great-grandmother of Camilla Parker Bowles), and Lady Randolph Churchill, mother of Winston. Edward VII waited nearly six decades for his chance to rule, then did so with considerable panache and aplomb. A magnificent life of an unexpectedly impressive king, The Heir Apparent documents the remarkable transformation of a man—and a monarchy—at the dawn of a new century. Praise for The Heir Apparent "If [The Heir Apparent] isn't the definitive life story of this fascinating figure of British history, then nothing ever will be."—The Christian Science Monitor "The Heir Apparent is smart, it's fascinating, it's sometimes funny, it's well-documented and it reads like a novel, with Bertie so vivid he nearly leaps from the page, cigars and all."—Minneapolis Star Tribune "I closed The Heir Apparent with admiration and a kind of wry exhilaration."—The Wall Street Journal "Ridley is a serious scholar and historian, who keeps Bertie's flaws and virtues in a fine balance."—The Boston Globe "Brilliantly entertaining . . . a landmark royal biography."—The Sunday Telegraph "Superb."—The New York Times Book Review From the Hardcover edition.
