Combining the study of sex with traditional Chinese medicine, these practices stimulate and sustain sexual desire through the meridians and pressure points and enhance relationships by harmonizing male (yang) and female (yin) energies. Using easy-to-follow illustrations, Taoist Foreplay guides lovers through simple acupressure massage routines connecting all the points and channels that increase pleasure and spark arousal. It shows how to prolong peak moments, maintain sexual health through prostate massage and jade egg exercises, and sustain the intensity of first love through all the seasons of a maturing relationship. Chi Nei Ching-Mantak Chia 2013-11-04 Fully illustrated guide to massage techniques for unblocking chi, releasing tight tendons and muscles, and alleviating back and joint pain • Explains the hammering massage technique of Tok Sen, which sends vibrational energy deep into the fascia and muscles • Details how to use the 10 Thai energy meridians known as Sen Sib and the 12 muscle-tendon meridians of Chinese acupuncture in massage • Explains Meridian Detox Therapy and Gua Sha, which clears blood stagnation, promotes metabolism, and can prevent and treat acute illness Good health depends on the free flow of life-force energy, chi, throughout the entire body. The accumulation of tensions in the muscles and tendons as well as the stagnation of negative energy can lead to blockages in the body’s energy channels, resulting in pain, low energy, or illness. In this full-color illustrated guide, Master Mantak Chia and William Wei detail massage techniques for unblocking chi, releasing tight tendons and muscles, and alleviating back and joint pain. The authors explore the 10 Thai energy meridians known as Sen Sib, the 12 muscle-tendon meridians of Chinese acupuncture, and the most commonly strained muscles and tendons of the spine, neck, and pelvis. They explain how to treat specific ailments, such as headache, stiff shoulder, or lumbar pain, with the traditional Thai massage technique known as Tok Sen, which uses a wooden hammer to send vibrational energy deep into the fascia and muscles along the Sen Sib meridians. This method is particularly effective for joint pain, because the vibrations can reach more deeply and accurately within the body’s structure than a massage therapist’s fingers. The authors also explain Meridian Detox Therapy, which includes cupping, skin massage, and Gua Sha—the scraping of different parts of the body to clear blood stagnation, promote metabolism, and treat acute illness. The final book in the Chi Nei Tsang series, Chi Nei Ching offers advanced massage techniques to work with the energy meridians for optimum health.

Sexual Reflexology-Mantak Chia 2003-05-22 Moves reflexivity beyond the realm of foot massage and into the realm of sexuality. • Offers acupressure methods to build intimacy and heighten sexual pleasure. • Helps couples find their sexual energy potential and physical compatibility. • Provides techniques to perform time-tested Taoist sexual-spiritual exercises. • By Mantak Chia, coauthor of The Multi-Orgasmic Man. The most powerful reflex points on the body are on the sexual organs. While the practice of reflexivity is normally associated with massage of the feet, in Sexual Reflexology Mantak Chia gives applications for using the sexual reflex points in lovemaking, transforming sexual intercourse into a form of ecstatic acupressure. By combining the classic Taoist sexual texts with modern reflexivity theory, the author provides a unique opportunity for couples to practice sexual intimacy as an act of healing. Mantak Chia shows how to evaluate a person’s sexual energy potential as well as how the size and shape of the sexual organs determine a couple’s compatibility. In addition to the specific ecstatic acupressure exercise instructions, he provides thoughtful commentary on ancient Taoist practices that reveal how we can all use our sexual essence to create healthy and loving relationships.

The Alchemy of Sexual Energy-Mantak Chia 2009-12-23 Taoist techniques for replenishing our internal energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body’s internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit—a continuous energy loop that runs up the spine and down the front of the body—we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in Healing Light of the Tao. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.

Healing Love through the Tao-Mantak Chia 2005-07-15 A new edition of the bestseller • The first book to reveal in the West the Taoist techniques that enable women to cultivate and enhance their sexual energy • Reveals Taoist secrets for shortening menstruation, reducing cramps, and compressing more chi into the ovaries for greater sexual power • Teaches the practice of total body orgasm For thousands of years the sexual principles and techniques presented here were taught by Taoist masters in secret only to a small number of people (sworn to silence), in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. The foundation of healing love is the cultivation, transformation, and circulation of sexual energy, known as jing. Jing energy is creative, generative energy that is vital for the development of chi (vital life-force energy) and shen (spiritual energy), which enables higher practices of spiritual development. Jing is produced in the sexual organs, and it is energy women lose continually through menstruation and child bearing. Mantak Chia teaches powerful techniques developed by Taoist masters for the conservation of jing and how it is used to revitalize women’s physical, mental, and spiritual well-being. Among the many benefits conferred by these practices are a reduction in the discomfort caused by menstruation and the ability to attain full-body orgasm.

Taoist Shaman-Mantak Chia 2011-01-25 The shamanic roots of Taoist practice • Explains the principles of the Taoist Medicine Wheel, including the Five Elements, the animals of the Chinese zodiac, and the trigrams of the I Ching • Includes exercises from the “Wheel of Love” to access the Tao of Ecstasy • Contains illustrated teaching stories about the Eight Immortals Thousands of years ago the immortals known as the Shining Ones shipwrecked on the Chinese coast. Passing their shamanic practices—such as ecstatic flight and how to find power animals and spirit guides—on to the indigenous people, they also taught them the wisdom of the Medicine Wheel. From the Taoist Medicine Wheel came the principles of Yin and Yang, the Five Elements, the Eight Forces, the Chinese zodiac, and the I Ching. The Taoist Medicine Wheel can also be found at the foundation of traditional Chinese medicine and the esoteric sexual practices of Taoist Alchemy. In the Taoist Shaman, Master Mantak Chia and Kris DeVali explain the shamanic principles of the Taoist Medicine Wheel, how it is oriented on the Five Elements rather than the Four Directions, how it relates to the twelve animals of the Chinese zodiac and the trigrams of the I Ching, and how it aligns with the Eight Forces of the Pakua. Through illustrated teaching stories, the authors show how the energetic principles of each of the Eight Forces are reflected in the Eight Immortals. Revealing the wheel’s application to sacred sexuality, they offer exercises from the “Wheel of Love” to strengthen and deepen relationships as well as providing a means to access the Tao of Ecstasy.

Sex, Health, and Long Life- 1999-03-02 The benefits of sexual bliss were not lost on the ancients, who knew well its powers to enhance health, concentration, and peace of mind. These ancient Chinese Taoist texts explain the transformative effects sex can have when properly and wisely practiced, demonstrating Taoism’s emphasis on cultivating life’s “three treasures”—vitality, energy, and spirit—in all the activities of daily life. The texts are part of the famous Mawangdui finds, Han Dynasty tombs that yielded the richest cache of ancient medical manuscripts ever found in China. The first three texts—Ten Questions, Joining Yin and Yang, and Talk on Supreme Guidance for the World—deal with physical health and sex lore, including diet, exercise, sleep, and techniques of lovemaking. The last two, A Course in Effectiveness and A Course in Guidance, concentrate on the psychological factors of good health and well-being, especially the reduction of stress and cultivation of wholesome social relations.

Chi Self-Massage-Mantak Chia 2006-06-05 Energetic massage techniques that dispel negative emotions, relieve stress, and strengthen the senses, internal organs, and nervous system • Shows how Chi Massage employs one’s own internal energy to promote rejuvenation • Presents Chi Massage techniques for every organ and bodily system • Provides a daily practice routine that requires only 5 to 10 minutes to complete The Western concept of massage primarily concerns muscle manipulation. In the practice of Chi Massage, internal energy, or Chi, is manipulated to strengthen and rejuvenate the sense organs—eyes, ears, nose, tongue, teeth, and skin—and the internal organs. The Taoist techniques in this practice are more than 5,000 years old and, until very recently, were closely guarded secrets passed down from master to student with each master often knowing only a small part of the complete method. In Chi Self-Massage Master Mantak Chia pieces together the entire system of Chi Massage into a logical routine, revealing the methods used by Taoist masters to maintain their youthfulness. He explains the energetic theory behind Chi Massage and how negative emotions affect the organs and nervous system. By practicing the exercises outlined and following the daily routine that requires only 5 to 10 minutes to complete, readers can strengthen their senses—most notably vision, hearing, and taste—detoxify their internal organs and glands, help control negative emotions, relieve stress and constipation, and improve their complexion, teeth and gums, and overall stamina.

Finding Spirit in Zen Shiatsu-Kris Deva North 2006

Yoni Massage-Michaela Riedl 2009-03-02 A tantric massage practice for awakening and enhancing women’s innate sensual, emotional, and spiritual energies • Provides emotional healing by releasing traumatic memories stored in the yoni • Includes exercises that use sexual energy to cleanse and stimulate the chakras • Empowers women to draw strength and radiant vitality from the restored connection to their innermost core “Yoni” is the Sanskrit word for the female genitalia, describing not only the anatomy but also encompassing the energetic and spiritual dimensions. While a yoni massage offers women the opportunity to enhance their sexuality, Michaela Riedl shows that the effects of this practice are much more profound and have ramifications affecting every area of life. Long held inhibitions in the West about sexuality and the shame and guilt associated with the sexual zones of the body have created deep-seated barriers that prevent individuals from fully expressing themselves. The practices provided in Yoni Massage are designed to allow women to overcome these barriers and reconnect to their innermost core and deepest feminine nature. Yoni massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body through deep breathing and visualization. It provides women the ability to cleanse and energetically stimulate the chakras as well as achieve emotional healing by releasing the traumatic pain that often becomes seated in the yoni. The author explains that the relegation of this important spiritual and energetic center to a “private part” hinders the process of enlightenment. Once women are able to be in touch with their yoni energy, their connection to the entire web of life is restored to its rightful place.

The Taoist Soul Body-Mantak Chia 2007-11-15 A guide to the practice of the Lesser Kan and Li that gives birth to the soul body and the immortal spirit body • Shows how to awaken higher consciousness through practices in total darkness that stimulate the release of DMT by the pineal gland • Shows how to transform sexual energy into life-force energy to feed the soul body The Lesser Enlightenment of Kan and Li practice combines the compassion of the heart energies (yang/fire) with sexual energies originating in the kidneys (yin/water) to form and feed the soul or energy body. Practice of the Chinese formula Siao Kan Li (yin and yang mixed) uses darkness technology to literally “steam” the sexual energy (jing) into life-force energy (chi) by re-versing the location of yin and yang power. This inversion places the heat of the bodily fire from the heart center beneath the coolness of the bodily water of the sexual energy of the perineum, thereby activating the liberation of transformed sexual energy. Darkness technology has been a key element of Taoist practice—and of all Inner Alchemy traditions—throughout the ages. A total darkness environment stimulates the pineal gland to release DMT into the brain. The darkness actualizes successively higher states of consciousness, correlating with the accumulation of psychedelic chemicals in the brain. In the darkness, mind and soul begin to wander freely in the vast realms of psychic and spiritual experience. Death is no longer to be feared because life beyond the physical body is known through direct experience. The birth of the soul is not a metaphor. It is an actual process of converting energy into a subtle body. Developing the soul body is the preparation for the growth of the immortal spirit body in the practice of the Greater Enlightenment of Kan and Li.

Master Mantak Chia shows how to open the Great Bridge Channel and the Great Regulator Channel—the last of the eight psychic channels that connect the twelve organ meridians and enable energy to flow from one meridian to another. By opening these psychic channels in conjunction with the Microcosmic Orbit, practitioners can balance and regulate the energy flow throughout the body to protect all the body’s centers. Master Chia also illustrates the Spinal Cord Microcosmic Orbit practice, which strengthens and wraps the spinal cord with energy, and the practice of Sealing the Aura, which creates a thicker aura to protect the body and facilitate the reception of higher frequencies of the Universal Force. Mastery of the practices in this book enables the creation of the energy body needed to receive the larger Universal Force vibrations accessible through the Practice of the Immortal Tao.

Cosmic Fusion works with the expression of the eight pakua (bagwa) of Chinese cosmology, through which all creation is divided and given form, nature, and definition. Cosmic Fusion exercises establish the spiritual body firmly in the lower abdomen, where chi energy is gathered and distributed to all parts of the body—and into all creation. The fully illustrated exercises in this book also show how to collect and channel the greater energies of the stars and planets. By “fusing” all these different energies together, a harmonious whole is created, a unity of what is above and below. As heavenly and earthly forces are brought into balance, the life perfectly suited to the practitioner manifests, allowing the spirit body to prepare to move into worlds beyond—and back.

Iron Shirt Chi Kung-Mantak Chia 2006-06-05 An introduction to the ancient Kung Fu practice designed to unify physical, mental, and spiritual health • Describes the unique Iron Shirt air-packing techniques that protect vital organs from injuries • Explains the rooting practice exercises necessary to stabilize and center oneself • Includes guidelines for building an Iron Shirt Chi Kung daily practice Long before the advent of firearms, Iron Shirt Chi Kung, a form of Kung Fu, built powerful bodies able to withstand hand-to-hand combat. Even then, however, martial use was only one aspect of Iron Shirt Chi Kung, and today its other aspects remain vitally significant for anyone seeking better health, a sound mind, and spiritual growth. In Iron Shirt Chi Kung Master Mantak Chia introduces this ancient practice that strengthens the internal organs, establishes roots to the earth’s energy, and unifies physical, mental, and spiritual health. Through a unique system of breathing exercises, he demonstrates how to permanently pack concentrated air into the connective tissues (the fasciae) surrounding vital organs, making them nearly impervious to injuries—a great benefit to athletes and other performers. He shows readers how once they root themselves in the earth they can direct its gravitational and healing power throughout their bone structure. Additionally, Master Chia presents postural forms, muscle-tendon meridians, and guidelines for developing a daily practice routine.

After becoming rooted and responsive, practitioners of Iron Shirt Chi Kung can then focus on higher spiritual work.

The authors link the craniosacral rhythm--the gentle flow of cerebrospinal fluid from the head (cranium) to the tailbone (sacrum)--and the flow of chi throughout the body, circulated by the pumps of the three tan tiens. They explain how these subtle energetic flows indicate the harmony or disharmony of the whole person and are greatly affected by physical traumas, chronic tensions, and unresolved emotions. For example, the psoas muscle, known in Taoism as the muscle of the Soul, connects the spine to the legs and is the first muscle to contract when anger or fear triggers our fight-or-flight response. Often a storehouse of subconscious stressors, this muscle's sensitivity is connected to many common ailments like back pain. Providing step-by-step illustrated exercise instructions, the authors explain how to identify and unwind energetic blockages and emotional and physiological knots. They explore emotional intelligence exercises for tuning in to our hearts so we can listen to our bodies' messages and learn to relieve related emotional burdens. They also reveal how to activate the cranial, respiratory/cardiac, and sacral pumps of the three tan tiens to optimize the body's energetic flow and explain how, when our energy is flowing freely, we can enter the Cosmic Flow--a state of calm well-being and extraordinary creativity where we find ourselves truly at one with the universe.
