The Field Guide to Dumb Birds of North America-Matt Kracht 2019-04-02 Perfect for the anti-aviary (or bird fanatic with a sense of humor), this snarky illustrated handbook is equal parts profane,

funny, and—let's face it—true. Featuring 50 common North American birds, such as the White-Breasted Butt Nugget and the Goddamned Canada Goose (or White-Breasted Nuthatch and Canada Goose for the layperson), Kracht identifies all the idiots in your backyard and details exactly why they suck with humorous, yet angry, ink drawings. Each entry is accompanied by facts about a bird's (annoying) call, its (dumb) migratory pattern, its (downright tacky) markings, and more. With migratory maps and tips for birding, plus musings on the avian population and the ethics of birdwatching, this is the essential guide to all things wings. No need to wonder what all that racket is anymore!

So tortured is he by the depth of his perception and understanding of himself and the world around him that he vows to denounce his intelligence by any means necessary in order to become "stupid" enough to be a happy, functioning member of society. What follows is a dark and hilarious odyssey as Antoine tries everything from alcoholism to stock-trading in order to lighten the burden of his brain on his soul.

A Book of Stupid Stuff-Frank S. Farello 2018-08-04 What exactly is this book? It's a mash up of the art of malapropism and the mixing up of synonyms, antonyms, homonyms, intentional misspellings and a general screwing up of the English language to produce (hopefully) comic results. It's a mixed bag of stories, letters, poems and other silly stuff that comes from a jar somewhere in the back of my mind labeled "Dumb Things That I Think Of." The style is a conglomeration of nonsensical prose and verse that a variety of individuals and publications have undertaken in their own unique way and in doing so gave credence to my own natural style of humor which led me to realize that I wasn't slowly going insane. Here's a brief listing of some: John Lennon, Leo Gorcey, Mad Magazine, Lewis Carroll, James Joyce and even some Monty Python thrown in for good measure. So, while we've all experienced things in life that vary between the ridiculous to the sublime, without a doubt this book definitely belongs in the ridiculous category. Hope you enjoy it!

The Dumb Bunnies-Sue Denim 1998-01-01 Follows the adventures of the Dumb Bunnies, a rabbit family that does everything without any rhyme or reason.

Following up his New York Times best-selling Stupid American History, Gregory sets his sights on the holidays as he exposes mind-numbing mistletoe maladies in Stupid Christmas: Idiots under the Mistletoe. Perhaps it's the spiked eggnog or the multiple family members gathered around crazy-colored, twinkly lights, but the holidays are rife with idiocy by the daft and the dumb. Inside this latest collection, Gregory offers more than 200 accounts of holiday-induced stupidity, including: * While smoke billowed out of the

store, firefighters had to physically restrain enthusiastic shoppers from entering a Great Lakes Mall store during an electrical fire. * In 1995, officials debated over whom to invite to the city's Christmas tree ceremony: President Bill Clinton or the Mighty Morphin Power Rangers. * As a joke, Andrew Jackson sent formal invitations to his Christmas ball to a well-known mother-and-daughter prostitute team in Salisbury, North Carolina.

Arbitrary Stupid Goal-Tamara Shopsin 2017-07-18 "Arbitrary Stupid Goal is a completely riveting world—when I looked up from its pages regular life seemed boring and safe and modern like one big iPhone. This book captures not just a lost New York but a whole lost way of life." —Miranda July In Arbitrary Stupid Goal, Tamara Shopsin takes the reader on a pointillist time-travel trip to the Greenwich Village of her bohemian 1970s childhood, a funky, tight-

knit small town in the big city, long before Sex and the City tours and luxury condos. The center of Tamara's universe is Shopsin's, her family's legendary greasy spoon, aka "The Store," run by her inimitable dad, Kenny—a loquacious, contrary, huge-hearted man who, aside from dishing up New York's best egg salad on rye, is Village sheriff, philosopher, and fixer all at once. All comers find a place at Shopsin's table and feast on Kenny's tall tales and trenchant advice along with the incomparable chili con carne. Filled with clever illustrations and witty, nostalgic photographs and graphics, and told in a sly, elliptical narrative that is both hilarious and endearing, *Arbitrary Stupid Goal* is an offbeat memory-book mosaic about the secrets of living an unconventional life, which is becoming a forgotten art.

Fat, Drunk, and Stupid-Matty Simmons 2012-04-10 In 1976 the creators of *National Lampoon*, America's most popular humor magazine, decided to make a movie. It would be set on a college campus in the 1960s, loosely based on the experiences of *Lampoon* writers Chris Miller and Harold Ramis and *Lampoon* editor Doug Kenney. They named it *Animal House*, in honor of Miller's fraternity at Dartmouth, where the members had been nicknamed after animals. Miller, Ramis, and Kenney wrote a film treatment that was rejected and ridiculed by Hollywood studios—until at last Universal Pictures agreed to produce the film, with a budget of \$3 million. A cast was assembled, made up almost completely of unknowns. Stephen Furst, who played Flounder, had been delivering pizzas. Kevin Bacon was a waiter in Manhattan when he was hired to play Chip. Chevy Chase was considered for the role of Otter, but it wound up going to the lesser-known Tim Matheson. John Belushi, for his unforgettable role as Bluto, made \$40,000 (the movie's highest-paid actor). For four weeks in the fall of 1977, the actors and crew invaded the college town of Eugene, Oregon, forming their own sort of fraternity in the process. The hilarious, unforgettable movie they made wound up earning more than \$600 million and became one of America's most beloved comedy classics. It launched countless careers and paved the way for today's comedies from directors such as Judd Apatow and Todd Phillips. Bestselling author Matty Simmons was the founder of *National Lampoon* and the producer of *Animal House*. In *Fat, Drunk, and*

Stupid, he draws from exclusive interviews with actors including Karen Allen, Kevin Bacon, Peter Riegert, and Mark Metcalf, director John Landis, fellow producer Ivan Reitman, and other key players—as well as behind-the-scenes photos—to tell the movie's outrageous story, from its birth in the New York offices of the National Lampoon to writing a script, assembling the perfect cast, the wild weeks of filming, and, ultimately, to the film's release and megasuccess. This is a hilarious romp through one of the biggest grossing, most memorable, most frequently quoted, and most celebrated comedies of all time.
