The Perfect Car-Nick Skeens 2018-08-21 John Barnard revolutionised Formula 1, and motorsport as a whole, through his unrelenting quest for perfection in racing car design. Written with Barnard's cooperation and with input from dozens of associates, drivers and rivals, this biography tells the entire story, both personal and professional, of a British design genius. Barnard's technical achievements are explored in detail--and in accessible language--with special emphasis on his brilliant initiatives while at McLaren (the first carbon-fiber composite chassis) and Ferrari (the first semi-automatic gearbox). The Perfect Car is also a human-interest story, telling a tale of innovation under intense pressure while Barnard endeavoured to maintain a stable family life. This is a landmark book that will be relished by anyone interested in motorsport and design.

If I Built a Car-Chris Van Dusen 2005-05-05 If I built a car, it'd be totally new! Here are a few of the things that I'd do. . . . Young Jack is giving an eye-opening tour of the car he'd like to build. There's a snack bar, a pool, and even a robot named Robert to act as chauffeur. With Jack's soaring imagination in the driver's seat, we're deep-sea diving one minute and flying high above traffic the next in this whimsical, tantalizing take on the car of the future. Illustrations packed with witty detail, bright colors, and chrome recall the fabulous fifties and an era of classic American automobiles. Infectious rhythm and clever invention make this wonderful read-aloud a launch pad for imaginative fun.

How to Build a Car: The Autobiography of the World's Greatest Formula 1 Designer-Adrian Newey 2017-11-02 'Adrian has a unique gift for understanding drivers and racing cars. He is ultra competitive but never forgets to have fun. An immensely likeable man.' Damon Hill

A Man & His Car-Matt Hranek 2020-10-13 Man-about-town and NYC men's style fixture Matt Hranek is back with his second book, A Man & His Car. Here is a beautiful homage to an object of men's obsession, told in firsthand and original interviews. Jay Leno, a major car collector and the host of Jay Leno's Garage, shares the story of his oldest car, a 1955 Buick Roadmaster that he bought for \$350, which he literally slept in before getting his break in L.A. Kevin Costner reveals that he got so attached to the iconic Shelby Mustang he drove in the movie Bull Durham, he bought it for his own personal collection. Franz von Holzhausen, chief designer at Tesla, who worked hand in hand with Elon Musk to design the Tesla Model S prototype, says that his love of cars started when he was two (as evidenced by a picture of him sitting in a high chair drawing a car). And as for Snoop Dogg and his 1965 Cadillac "Snoop DeVille" convertible--do we even need to explain? A Man & His Car includes visits to some of the most exclusive collections in the world--from that of the Petersen Automotive Museum to those of car manufacturers from Fiat to Ford--giving us access to Steve McQueen's favorite car, a 1956 Jaguar XKSS; the 1971 DeTomaso Pantera that Elvis purchased for his then-girlfriend Linda Thompson (and which has two bullet holes in the steering wheel and one in the driver's-side floorpan from when, after an altercation with Thompson, Presley fired three rounds into the interior when the car wouldn't start); and a super-rare, 24-karat-gold-plated 1980 DeLorean DMC-12, a model that was sold exclusively to American Express Gold Card members through the 1980 American Express catalog, for an astronomical \$85,000 (equivalent to more than \$250,000 today). Exquisite photos of each car accompany each story, and since cars naturally hold more detail than watches, there will be more photos in this book--of the cars head-on, of their hood ornaments and wheels, and of course full-body shots. With Hranek's storytelling, the cars become more than just vehicles for transportation and status symbols; they represent pop-culture moments, pioneering achievements, heirlooms, friendships, and more.

Calling All Cars-Sue Fliess 2016-03-01 This bouncy text explores the wonderful world of cars zipping up, down, fast, and slow. And at the end of the day it?s bedtime for these busy cars:Rest cars, Hush carsNo more rush, cars.Cars pull in, turn off the light.Sweet dreams, sleepy cars...goodnight!

How Cars Work-Tom Newton 1999 How Cars Work is a completely illustrated primer describing the 250 most important car parts and how they work. This mini test book includes wonderfully simple line drawings and clear language to describe all the automotive systems as well as a glossary, index, and a test after each chapter. Autonomy-Lawrence D. Burns 2018-08-28 An automotive and tech world insider investigates the quest to develop and perfect the driverless car--an innovation that promises to be the most disruptive change to our way of life since the smartphone We stand on the brink of a technological revolution. Soon, few of us will own our own automobiles and instead will get around in driverless electric vehicles that we summon with the touch of an app. We will be liberated from driving, prevent over 90% of car crashes, provide freedom of mobility to the elderly and disabled, and decrease our dependence on fossil fuels. Autonomy is the story of the maverick engineers and computer nerds who are creating the revolution. Longtime advisor to the Google Self-Driving Car team and former GM research and development chief Lawrence D. Burns provides the perfectly-timed history of how we arrived at this point, in a character-driven and heavily reported account of the unlikely thinkers who accomplished what billion-dollar automakers never dared. Beginning with the way 9/11 spurred the U.S. government to set a million-dollar prize for a series of off-road robot races in the Mojave Desert up to the early 2016 stampede to develop driverless technology, Autonomy is a page-turner that represents a chronicle of the past, diagnosis of the present, and prediction of the future--the ultimate guide to understanding the driverless car and navigating the revolution it sparks.

The TTC Story-Mike Filey 1997-10-01 Looking back over the past 75 years, there is no doubt that public transportation has played a major role in the development and maturing of Toronto and its metropolitan area. Indeed , despite the fiscal challenges facing it, the TTC today remains a transit agency with an enviable reputation. The TTC Story:The First Seventy-five Years, by Mike Filey, features over one hundred magnificent black and white images selected to illustrate the principal "transit" event in each year of the TTC's existence. The photographs have been selected from the Commission's vast archival collection by its knowledgeable archivist, Ted Wickson. Each event is fully described and put into its local, national, and worldwide historical context through the use of entertaining and informative text.

The Perfect Vehicle: What It Is About Motorcycles-Melissa Holbrook Pierson 2011-01-12 "This book, a polished, winding meditation on the theory and fractiousness of motorcycles, celebrates both their eccentric history and the wary pleasures of touring."--The New Yorker In a book that is "a must for anyone who has loved a motorcycle" (Oliver Sacks), Melissa Pierson captures in vivid, writerly prose the mysterious attractions of motorcycling. She sifts through myth and hyperbole: misrepresentations about danger, about the type of people who ride and why they do so. The Perfect Vehicle is not a mere recitation of facts, nor is it a polemic or apologia. Its vivid historical accounts-the beginnings of the machine, the often hidden tradition of women who ride, the tale of the defiant ones who taunt death on the racetrack-are intertwined with Pierson's own story, which, in itself, shows that although you may think you know what kind of person rides a motorcycle, you probably don't.

Good Night, Lightning (Disney/Pixar Cars)-Frank Berrios 2013-01-08 After racing all day, Lightning McQueen returns to Radiator Springs to relax and sleep.

True Story, I Swear It - Maybe-Harvey Cappel 2013-08-21 For as far back as I can remember, I have told stories. I can take nearly any situation or event and make a funny story of it. Life is too short to miss out on the fun part. Also for many years I have been writing articles and short stories for various newsletters, newspapers, and even national magazines; some paid but most for free. I enjoy writing to entertain, to inform, and to educate. I have a different view of the world than the average person and not afraid of sharing it. I have, for many years, wanted to write a book but thought that anything I would have to say would be out of date before I finished the book. And then one day, not too long ago, I had an epiphanylife stories, humor, fun philosophy, and basic life lessons dont go out of date. So I wrote this book. The book is a collection of family stories, tall tales, a few reprints of previously published newspaper articles, a little fun philosophy, and a technical issue or two. Except for a very few of the stories, as noted in the stories, all are original works of mine. The contents are, as you will notice, printed and listed simply, alphabetically. I thought this random arrangement would minimize the potential for one to lose interest and fall asleep reading various versions of the same thing. My intent in writing this book was not just to make some extra cash, but to put down in writing, in a more permanent form, some of my lifes experiences, crazy ideas, and a little technical correctness, for family, friends, and a few others to enjoy. Please enjoy.

Story of the Automobile-Herbert Lee Barber 1917

The Illustrated History of Triumph Sports and Racing Cars-G. William Krause 2017-11-15 The Triumph Motor Company is known around the world for its iconic sports cars. The hugely popular TR series, Spitfires, and GT-6s represent the quintessential British sports car; rugged good looks were combined with performance and economy at a price everyone could afford. These sports cars are always in demand and prized by British car collectors, racers, and open-air motoring enthusiasts. Triumph understood the connection between competition success and sales success and was able to parlay rally and road racing wins into the best-selling sports cars in the world, particularly in the United States during the 1950s and 1960s. The Works competition cars notched victories at Le Mans, Sebring, the Monte Carlo rally, and many others and inspired privateers to take their cars to the track. Every model came from a bloodline of racing. Triumph historian G. William Krause reviews every model in the sports car lineup. He covers the history, design evolution, and performance specifications from the first sports cars in the 1930s through the final cars built in 1981. Throughout Triumph's history a number of pivotal moments could have significantly changed the company's fortunes. This book also looks at the "what if" cars that never made it into production, including photos. Although they have not been built for more than three decades, their mark on sports car history is undeniable. Whether you're a fan of the spartan brutes of the 1950s or the refined comfort and performance of the last TRs, you will find the backstory of your favorites here. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

Evvie Drake Starts Over-Linda Holmes 2019 "In a small town in Maine, recently widowed Eveleth "Evvie" Drake rarely leaves her house. Everyone in town, including her best friend, Andy, thinks grief keeps her locked inside, and she doesn't correct them. In New York, Dean Tenney, former major-league pitcher and Andy's childhood friend, is struggling with a case of the "yips"; he can't throw straight anymore, and he can't figure out why. An invitation from Andy to stay in Maine for a few months seems like the perfect chance to hit the reset button. When Dean moves into an apartment at the back of Evvie's house, the two make a deal: Dean won't ask about Evvie's late husband, and Evvie won't ask about Dean's baseball career. Rules, though, have a funny way of being broken--and what starts as an unexpected friendship soon turns into something more. But before they can find out what might lie ahead, they'll have to wrestle a few demons: the bonds they've broken, the plans they've changed, and the secrets they've kept. They'll need a lot of help, but in life, as in baseball, there's always a chance--right up until the last out!"--

How to Build a Car-Martin Sodomka 2015-09-01 Learn about car mechanics and teamwork as three unlikely friends work to build a miniature racer. In How to Build a Car, three unlikely friends--Eli, a mouse; Phoebe, a sparrow; and Hank, a frog--decide to build a small motorcar together. The story follows the friendly trio as they learn all about how a car works and how it is constructed. Detailed illustrations show the inner workings of the car, teaching children the basics of how each part works together to get the car moving. Through hard work and perseverance, Eli, Phoebe, and Hank learn about both car mechanics and teamwork as they build a miniature racer. With the help of this sweet story, children will learn the different parts and functions of a car.

The Red Car-Marcy Dermansky 2016-10-11 With each new novel, Marcy Dermansky deploys her "brainy, emotionally sophisticated" (New York Times) prose to greater and greater heights, and The Red Car is no exception. Leah is living in Queens with a possessive husband she doesn't love and a long list of unfulfilled ambitions, when she's jolted from a thick ennui by a call from the past. Her beloved former boss and friend, Judy, has died in a car accident and left Leah her most prized possession and, as it turns out, the instrument of Judy's death: a red sports car. Judy was the mentor Leah never expected. She encouraged Leah's dreams, analyzed her love life, and eased her into adulthood over long lunches away from the office. Facing the jarring disconnect between the life she expected and the one she is now actually living, Leah takes off for San Francisco to claim Judy's car. In sprawling days defined by sex, sorrow, and unexpected delight, Leah revisits past lives and loves in search of a self she abandoned long ago. Piercing through Leah's surreal haze is the enigmatic voice of Judy, as sharp as ever, providing wry commentary on Leah's every move. Following her "irresistible" (Time) and "wicked" (Slate) novel Bad Marie, Dermansky evokes yet another edgy, capricious, and beautifully haunting heroine one whose search for realization is as wonderfully unpredictable and hypnotic as the twists and turns of the Pacific Coast Highway. Tautly wound, transgressive, and mordantly funny, The Red Car is an incisive exploration of one woman's unusual route to self-discovery."

Sweet Charity: A Short Story-Monica McInerney 2012-08-13 In this delightful eBook short story, Monica McInerney, internationally bestselling author of The Alphabet Sisters, returns to one of her warmest, wisest, and most memorable characters: the irrepressible Lola Quinlan, quick with a smile and spot of tea, who always has a generous dose of mischief up her sleeve. Lola Quinlan's small secondhand shop in the Clare Valley, Australia, is more than just a store--it's a loving community, a place to feel at home. In her golden years but still young at heart, Lola is delighted when the local teenagers start dropping in, browsing for outfits and gossiping about the upcoming school dance. Yet amid the flurry of excitement, Lola overhears some troubling news: One boy is planning a mean-spirited prank on a group of girls, and Lola does not intend to let him get away with it. With her dear friends by her side, she whips up a plan that

will have the whole school talking, and will prove that nice guys—and girls—can finish first. Includes the first chapter of Monica McInerney’s acclaimed *The Alphabet Sisters*, and an exclusive preview of her upcoming novel, *Lola’s Secret*. Praise for Monica McInerney *The Alphabet Sisters* “Vivid characterizations and sharply honed dialogue . . . McInerney brings humor and insight to issues of sibling rivalry, family secrecy, and romantic betrayal.”—*The Boston Globe* “[A] gentle, life-affirming story. We come away feeling better about the world and, maybe, just a little more tender towards those close to us.”—*Sydney Morning Herald (Australia)* *Lola’s Secret* “Exploring universal family issues of loss, rivalry, aging and grief, this is a warm, witty and moving novel.”—*Woman’s Day (Australia)* “[McInerney’s] assured writing sparkles. . . . When you reach the end, [this novel] will leave you feeling like you’ve been given a huge, warm hug.”—*Hello! magazine*

The Amphigeo Story-Mark Roehrig 2002 Amphibious vehicles were some of the first self propelled vehicles ever created going all the way back to 1805. The only Factory produced amphibian was the Amphicar in the 60's. Just some of the facts about amphibians that are dispelled in "The Amphigeo Story." Today more than ever the world is ready for such a vehicle, one that you can drive around doing errands as well as tear down a boat ramp into the froth. The Amphigeo is for the masses, two thirds of the planet is covered in water, and 70% of the world's population lives on the water or very near. Why then should it be we have to own a boat and a car to take advantage of both mediums of transportation? Not anymore, Mark Roehrig has developed the simplest conversion ever conceived for putting a car into the water. His "Amphigeo" took just 5 months to build; his second would only take about 3 months, for now he knows all the secrets and shortcuts, which is exactly what prompted him to write "The Amphigeo Story." Now anyone can own an amphibious car, at the lowest price ever imagined, in fact the Amphigeo is just that, the world's best bargain in an amphibian. The Amphigeo makes use of many of the original parts, including engine, transmission, CV axles, steering, suspension, seats, dash, radiator, fans, fuel tank and more. This car has changed his life, everywhere he goes crowds gather, the press and TV has loved doing the story. But Mark will tell you none of that surpasses driving in the water, it is his ultimate reward, and after 2 years the Amphigeo's design has proved reliable. If you're ready for the experience of a lifetime, this books for you, you could build an Amphigeo or have one built, but owning one will definitely put an end to the everyday doldrums. Any car can drive into the water, only a good one can drive out again. **Vintage Cars Adult Coloring Book**-Eva Whaley 2015-11-16 "I'm really enjoying the all the shaded areas. It makes things it easier to color. Presents a new style of adult coloring book that features 32 classic cars and trucks in a way that makes creating a work of art simple. Each story is accompanied by photographs from the scenes of the finds, creating a heavily illustrated book **The Perfect Child**-Lucinda Berry 2019-03 A page-turning debut of suspense about a young couple desperate to have a child of their own—and the unsettling consequences of getting what they always wanted. Christopher and Hannah are a happily married surgeon and nurse with picture-perfect lives. All that's missing is a child. When Janie, an abandoned six-year-old, turns up at their hospital, Christopher forms an instant connection with her, and he convinces Hannah they should take her home as their own. But Janie is no ordinary child, and her damaged psyche proves to be more than her new parents were expecting. Janie is fiercely devoted to Christopher, but she acts out in increasingly disturbing ways, directing all her rage at Hannah. Unable to bond with Janie, Hannah is drowning under the pressure, and Christopher refuses to see Janie's true nature. Hannah knows that Janie is manipulating Christopher and isolating him from her, despite Hannah's attempts to bring them all together. But as Janie's behavior threatens to tear Christopher and Hannah apart, the truth behind Janie's past may be enough to push them all over the edge.

The Love Songs of Henry Canary-Ken Bontempo 2002 Henry's is a life filled with loves and losses, hopes and dreams, with happiness and tragedy balanced by humor and kindness. His life is full, yet empty -- crowded with emotional, psychological, and philosophical dichotomies. He is John Doe wandering across the landscape and recent history of America. Henry Canary, a middle-aged writer and part-time truck driver, receives a surprise visit from Kelly Kane, the illegitimate daughter of his first girlfriend. Although Henry is not her father, 25-year-old Kelly wants to write a story about him for her magazine. She tracks him down with the intention of interviewing him, but gets involved in his life. As they travel from Santa Cruz to Los Angeles in his truck, she learns the story of a boy growing up in a factory town in Connecticut in the 1950s. During trips from L.A. to Las Vegas to Death Valley and Arizona, Kelly learns about the happy, sad, humorous and tragic events from grade school to college to Vietnam and back and hears about his successes and failures in love and life. Henry tries not to fall in love with the girl who reminds him so much of her mother Kelly tries not to fall in love with Henry as she learns about his family, friends, lovers and other strangers. She hears loving descriptions of favorite people, places and things as well as the tragedies and losses that we all endure in our own lives. Henry talks about his first crush at 14 on a 26-year-old woman; a high school street battle dubbed the Creampuff War; his on/off, love/hate relationship with Kelly's mother; his tour in Vietnam where he kills an "enemy"; his move to New York City after the Army; his girlfriend who was a third generation orphan; his job at a bank where the workers plot to kill their boss; his cross-country adventure with a friend and two call girls; his whirlwind marriage to a girl he hardly knew; the Summer of Love in San Francisco; graduate school; the birth and death of his son; driving a taxi in New York City; his short-lived career as a TV sit-com writer in Hollywood; the various women that came and went after his divorce; the sex, drugs and rock and roll of Greenwich Village in the early 80s; his third move to California, and his philosophis on life and God's mistakes. The story ends with an unpredictably surprising revelation.

Disney Stories-Newton Lee 2012-04-26 **Disney Stories: Getting to Digital** explores how Disney, the man and the company, used technological innovation to create characters and stories that engage audiences in many different media, in particular in Video Games and on the Internet. Drawing on Disney films from the twenties and thirties, as well as the writings of historians, screenwriters and producers, **Disney Stories: Getting to Digital** explains how new film and animation techniques, many developed by Disney, worked together to evolve character and content development and produce entertaining stories that riveted audiences. Through an insider's perspective of Disney's legendary creation process, the book closely examines how the Disney Company moved its stories into the digital world in the 1990s and the virtual, online communities of the 2000s. By embracing the digital era, Disney led storytelling and technological innovation by granting their audience the unique opportunity to take part in their creation process through their online games, including *The Lion King Animated Story Book*, *Disney Blast* and *Toontown*. **Disney Stories: Getting to Digital** is intended for Disney fans and current practitioners looking to study the creation process of one of the most famous animation studios in existence. Professors teaching courses in new media, animation and interactive storytelling will also find this book a valuable asset.

This Perfect Day: A Novel-Ira Levin 2010-11-15 By the author of *Rosemary's Baby*, a horrifying journey into a future only Ira Levin could imagine. Considered one of the great dystopian novels—alongside Anthony Burgess's *A Clockwork Orange* and Aldous Huxley's *Brave New World*—Ira Levin's frightening glimpse into the future continues to fascinate readers even forty years after publication. The story is set in a seemingly perfect global society. Uniformity is the defining feature; there is only one language and all ethnic groups have been eugenically merged into one race called “The Family.” The world is ruled by a central computer called UniComp that has been programmed to keep every single human on the surface of the earth in check. People are continually drugged by means of regular injections so that they can never realize their potential as human beings, but will remain satisfied and cooperative. They are told where to live, when to eat, whom to marry, when to reproduce. even the basic facts of nature are subject to the UniComp's will—men do not grow facial hair, women do not develop breasts, and it only rains at night. With a vision as frightening as any in the history of the science fiction genre, *This Perfect Day* is one of Ira Levin's most haunting novels.

Seduction: The Infamous Black Book

The Millionaire Next Door-Thomas J. Stanley 2010-11-30 How do the rich get rich? An updated edition of the “remarkable” New York Times bestseller, based on two decades of research (*The Washington Post*). Most of the truly wealthy in the United States don't live in Beverly Hills or on Park Avenue. They live next door. America's wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don't realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as “rich” are actually a tiny minority of America's truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America's rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. “Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today's earn-and-consume culture.” —*Library Journal*

Blacktop Wasteland-S. A. Cosby 2020-07-14 A husband, a father, a son, a business owner...And the best getaway driver east of the Mississippi. “Sensationally good—new, fresh, real, authentic, twisty, with characters and dilemmas that will break your heart. More than recommended.” —*Lee Child* Beauregard “Bug” Montage is an honest mechanic, a loving husband, and a hard-working dad. Bug knows there's no future in the man he used to be: known from the hills of North Carolina to the beaches of Florida as the best wheelman on the East Coast. He thought he'd left all that behind him, but as his carefully built new life begins to crumble, he finds himself drawn inexorably back into a world of blood and bullets. When a smooth-talking former associate comes calling with a can't-miss jewelry store heist, Bug feels he has no choice but to get back in the driver's seat. And Bug is at his best where the scent of gasoline mixes with the smell of fear. Haunted by the ghost of who he used to be and the father who disappeared when he needed him most, Bug must find a way to navigate this blacktop wasteland...or die trying. Like *Ocean's Eleven* meets *Drive*, with a Southern noir twist, S. A. Cosby's *Blacktop Wasteland* is a searing, operatic story of a man pushed to his limits by poverty, race, and his own former life of crime.
