Toujours Provence-Peter Mayle 2013-07-03 NATIONAL BESTSELLER Taking up where his beloved A Year in Provence leaves off, Peter Mayle offers us another funny, beautifully (and deliciously) evocative book about life in Provence. With tales only one who lives there could know—of finding gold coins while digging in the garden, of indulging in sumptuous feasts at truck stops—and with characters introduced with great affection and wit—the gendarme fallen from grace, the summer visitors ever trying the patience of even the most genial Provençaux, the straightforward dog "Boy"—Toujours Provence is a heart-warming portrait of a place where, if you can't quite "get away from it all," you can surely have a very good time trying.

The Magic of Provence-Yvone Lenard 2009-02-25 When Yvone Lenard returned to her native France and purchased a house in a hilltop village of Provence, an enchanted world of food, wines, and unusual adventures—including chicken rustling, flirtatious advances from neighbors, and a séance—opened up before her. This is her account of the spell cast on her by Provence, from her first morning’s visit by a charming prince bearing a jug of the village’s vin rose to the growth of her friendship with a duchess in the local chateau. Lenard shares tales of travels to St. Tropez and visits from American friends who find unexpected romance and magic in Provence. Told with verve, wit, and Lenard’s deep understanding of the French language and culture, this memoir includes tales of others who have been drawn to the region, including Vincent van Gogh, Brigitte Bardot, and Princess Caroline of Monaco. Ways to re-create the magic of the region’s sensuous way of life include recipes for food and drinks, as well as tips for entertaining in the Provençal style.

Prose Poems of the French Enlightenment-Fabienne Moore 2017-11-30 By examining nearly sixty works, Fabienne Moore traces the prehistory of the French prose poem, demonstrating that the disquiet of some eighteenth-century writers with the Enlightenment gave rise to the genre nearly a century before it is habitually supposed to have existed. In the throes of momentous scientific, philosophical, and socioeconomic changes, Enlightenment authors turned to the past to revive sources such as Homer, the pastoral, Ossian, the Bible, and primitive eloquence, favoring music to construct alternatives to the world of reason. The result, Moore argues, were prose poems, including Flon's Les Aventures de Tmaque, Montesquieu's Le Temple de Gnide, Rousseau’s Le Lte d'Ephraïm, Chateaubriand's Atala, as well as many lesser-known texts, most of which remain out of print. Moore's treatment of Bible criticism and eighteenth-century religious reform movements reveal the often-neglected spiritual side of Enlightenment culture, and tracks its contribution to the period's reflection about language and poetic invention. Moore includes in appendices four unusual texts adjudicating the merits of prose poems, making evidence of their controversial nature now accessible to readers.

Manifesto of Transdisciplinarity-Basarab Nicolescu 2002-01-01 Theoretical physicist Nicolescu (CNRS and U. of Paris, France) employs a view of the universe found in quantum physics to build his argument as to how basic spiritual questions may be answered and the problems of humanity, such as greed and the dichotomy between rich and poor, can be overcome. His method is called transdisciplinarity because it requires a way of thinking that rises above and beyond the methods of individual disciplines, seeing multiple levels of meaning rather than simple dichotomies. Life-M. Kronegger 2012-12-06 In her Introduction, Tymieniecka states the core theme of the present book sharply: Is culture an excess of nature's prodigious expansiveness - an excess which might turn out to be dangerous for nature itself if it goes too far - or is culture a 'natural', congenial prolongation of nature-life? If the latter, then culture is assimilated into nature and thus would lose its claim to autonomy: its criteria would be superseded by those of nature alone. Of course, nature and culture may both still be seen as being absorbed by the inner powers of specifically human inwardness, on which view, human being, caught in its own transcendence, becomes separated radically in kind from the rest of existence and may not touch even the shadow of reality except through its own prism. Excess, therefore, or prolongation? And on what terms? The relationship between culture and nature in its technical phase demands a new elucidation. Here this is pursued by excavating the root significance of the 'multiple rationalities' of life. In contrast to Husserl, who differentiated living types according to their degree of participation in the world, the phenomenology of life disentangles living types from within the ontopoietic web of life itself. The human creative act reveals itself as the Great Divide of the Logos of Life - a divide that does not separate but harmonizes, thus dispelling both naturalistic and spiritualistic reductionism.

The Political Writings of Richard Cobden-Richard Cobden 1886

Nagarjuna-N?g?rjuna 1986-01-01 This is a completely new translation of Nagarjuna's major work, the Mulamadhyamakakarika, accompanied by a detailed annotation of each of the verses. The annotation identifies the metaphysical theories of the scholastics criticized by Nagarjuna, and traces the source material and the arguments utilized in his refutation back to the early discourses of the Buddha. The Introduction presents a completely new hypothesisthe nature of the treatise. The work is a grand commentary on the Buddha's "Discourse to Katyayana" (Kaccayanaḡotta-sutta). The concluding part of the Introduction compares the teachings of the Buddha and Nagarjuna in regard to epistemology, ontology, ethics and philosophy of language indicating how the latter was making a determined attempt to reconstruct the Buddha's teachings in a very faithful manner, avoiding the substantialist metaphysics of the scholastics. The book shows that Nagarjuna's ideas are neither original nor are they an advancement from the early Buddhist period. Nagarjuna is not a Mahayanist.
