Gain an edge with CliffsTestPrep LSAT, 5th Edition. Competition for admission to law school is intense, and your LSAT (Law School Admission Test) score can make the difference. This LSAT study guide is direct, precise, and easy to use. Inside, you'll find The format and an overview of the LSAT, including subject areas Two successful approaches to taking the test: The Plus-Minus and the Elimination strategies Three complete LSAT practice exams Practice questions, answers, and explanations in each chapter A step-by-step "plan of attack" for each section The strategies and materials in this guide have been researched, tested, and evaluated in actual LSAT preparation classes. With such proven help, you can sharpen your skills in Reading comprehension. Understand, interpret, and analyze reading passages on a variety of topics Logical reasoning. Discern the relationships embodied in a set of conditions; derive information from the conditions Essay writing. Express your opinion clearly and logically by adhering to the rules and convention of standard written English Analytical reasoning. Analyze and evaluate short passages or statements With guidance from the CliffsTestPrep series, you'll feel at home in any standardized-test environment!

Juvenile Crime, Juvenile Justice-Institute of Medicine 2001-06-05 Even though youth crime rates have fallen since the mid-1990s, public fear and political rhetoric over the issue have heightened. The Columbine shootings and other sensational incidents add to the furor. Often overlooked are the underlying problems of child poverty, social disadvantage, and the pitfalls inherent to adolescent decisionmaking that contribute to youth crime. From a policy standpoint, adolescent offenders are caught in the crossfire between nurturance of youth and punishment of criminals, between rehabilitation and "get tough" pronouncements. In the midst of this emotional debate, the National Research Council's Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis. Juvenile Crime, Juvenile Justice presents recommendations for addressing the many aspects of America's youth crime problem. This timely release discusses patterns and trends in crimes by children and adolescents--trends revealed by arrest data, victim reports, and other sources; youth crime within general crime; and race and sex disparities. The book explores desistance--the probability that delinquency or criminal activities decrease with age--and evaluates different approaches to predicting future crime rates. Why do young people turn to delinquency? Juvenile Crime, Juvenile Justice presents what we know and what we urgently need to find out about contributing factors, ranging from prenatal care, differences in temperament, and family influences to the role of peer relationships, the impact of the school policies toward delinquency, and the broader influences of the neighborhood and community. Equally important, this book examines a range of solutions: Prevention and intervention efforts directed to individuals, peer groups, and families, as well as day care-, school- and community-based initiatives. Intervention within the juvenile justice system. Role of the police. Processing and detention of youth offenders. Transferring youths to the adult judicial system. Residential placement of juveniles. The book includes background on the American juvenile court system, useful comparisons with the juvenile justice systems of other nations, and other important information for assessing this problem.

Juvenile Delinquency: The Core-Larry J. Siegel 2013-01-01 JUVENILE DELINQUENCY: THE CORE, 5th Edition delivers cutting-edge coverage of essential theory, policy, and the latest research in one value-priced, reader-friendly paperback. Renowned for its balanced approach and engaging writing style, this brief book helps readers understand the nature of delinquency and its causes, as well as current strategies being used to control or eliminate its occurrence. Available with InfoTrac Student Collections http://goengage.com/infotrac. The Mentality of Juvenile Delinquents-Omah Lakey Virts 1922

Reforming Juvenile Justice-National Research Council 2013-05-22 Adolescence is a distinct, yet transient, period of development between childhood and adulthood characterized by increased experimentation and risk-taking, a tendency to discount long-term consequences, and heightened sensitivity to peers and other social influences. A key function of adolescence is developing an integrated sense of self, including individualization, separation from parents, and personal identity. Experimentation and novelty-seeking behavior, such as alcohol and drug use, unsafe sex, and reckless driving, are thought to serve a number of adaptive functions despite their risks. Research indicates that for most youth, the period of risky experimentation does not extend beyond adolescence, ceasing as identity becomes settled with maturity. Much adolescent involvement in criminal activity is part of the normal developmental process of identity formation and most adolescents will mature out of these tendencies. Evidence of significant changes in brain structure and function during adolescence strongly suggests that these cognitive tendencies characteristic of adolescents are associated with biological immaturity of the brain and with an imbalance among developing brain systems. This imbalance model implies dual systems: one involved in cognitive and behavioral control and one involved in socio-emotional processes. Accordingly adolescents lack mature capacity for self-regulations because the brain system that influences pleasure-seeking and emotional reactivity develops more rapidly than the brain system that supports self-control. This knowledge of adolescent development has underscored important differences between adults and adolescents with direct bearing on the design and operation of the justice system, raising doubts about the core assumptions driving the criminalization of juvenile justice policy in the late decades of the 20th century. It was in this context that the Office of Juvenile Justice and Delinquency Prevention (OJJDP) asked the National Research Council to convene a committee to conduct a study of juvenile justice reform. The goal of Reforming Juvenile Justice: A Developmental Approach was to review recent advances in behavioral and neuroscience research and draw out the implications of this knowledge for juvenile justice reform, to assess the new generation of reform activities occurring in the United States, and to assess the performance of OJJDP in carrying out its statutory mission as well as its potential role in supporting scientifically based reform efforts.

Psychological Evaluations for the Courts, Third Edition-Gary B. Melton 2007-09-18 This is the definitive reference and text for both mental health and legal professionals. The authors offer a uniquely comprehensive discussion of the legal and clinical contexts of forensic assessment, along with best-practice guidelines for participating effectively and ethically in a wide range of criminal and civil proceedings. Presented are findings, instruments, and procedures related to criminal and civil competencies, civil commitment, sentencing, personal injury claims, antidiscrimination laws, child custody, juvenile justice, and more.

Juvenile Justice-Preston Elrod 2005 Thoroughly updated and revised, the Second Edition of Juvenile Justice: A Social, Historical, and Legal Perspective, offers readers a comprehensive volume on how the juvenile justice system works. This book is designed to help readers understand the complexities of the present juvenile justice system by presenting a thorough examination of the social, historical, and legal context within which delinquency and juvenile justice occurs. In addition to gaining valuable knowledge on the juvenile justice process, readers will learn how the different parts of the process are interrelated, how decisions made in one case influence future cases, and the laws that direct juvenile justice policy.

Curfew, an Answer to Juvenile Delinquency and Victimization?-Donni LeBoeuf 1996

Theories of Delinquency-Donald J. Shoemaker 2010 Theories of Delinquency is a comprehensive survey of the theoretical approaches towards understanding delinquent behavior. It includes discussions and evaluations of all major individualistic and sociological theories, presenting each theory in a standard format with basic assumptions, important concepts, and critical evaluations of the relevant research.

Sentencing-Dean J. Champion 2008 Sentencing: A Reference Handbook offers a complete overview of the complex sentencing procedures devised by the federal government and each of the 50 states. \* Includes a chronology of events relevant to sentencing issues \* Provides a detailed annotated bibliography, directory of organizations, and listing of Internet sites where sentencing topics can be investigated or explored Two Prize Essays on Juvenile Delinquency-Micaiah Hill 1853

Juvenile Delinquency in an English Middle Town-Hermann Mannheim 2013-08-21 First published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

New York Juvenile Delinquency Practice-Stephen J. Bogacz 2018-02-09 An essential new tool for anyone who handles juvenile delinquency cases in New York courts. New York Juvenile Delinquency Practice offers a comprehensive review of both the leading and most recent cases in every major area of delinquency law complete with expert commentary and practical advice. This manual is an easy to use reference tool you'll look to again and again for quick and definitive guidance on this growing and important practice area. New York Juvenile Delinquency Practice is also a complete reference tool in the following areas of adult criminal practice: • suppression of evidence, including statements, identifications and physical evidence • Rosario material and Brady material • impeachment of witnesses • admissibility of evidence of uncharged crimes • missing witness inference • witnesses under the age of twelve • sufficient establishment of physical injury • trial issues involving statement, identifications and physical evidence.

Juvenile Justice-Richard Lawrence 2008-03-13 Juvenile Justice: A Text/Reader offers a unique new spin on the core textbook format. Organized like a more traditional juvenile justice text, this text/reader is divided into eight sections that contain all the usual topics taught in a juvenile justice course. After a comprehensive overview, each section has an introductory "mini-chapter" that provides engaging coverage of key concepts, developments, controversial issues, and research in the field. These authored introductions are followed by carefully selected and edited original research articles. The readings, from prominent scholarly journals, were written by juvenile justice experts and often have a policy orientation that will help address student interest in the "so what?" application of theory. Key Features and Benefits Boasts extensive and unique coverage of the juvenile justice system, focusing on law enforcement, the court system, correctional responses to juvenile offending, and an overview of the causes of delinquency Features a unique "How to Read a Research Article"--tied to the first reading in the book--to give students a guide to understand and learn from the edited articles that appear throughout the text. Provides an introduction to each reading to give students an overview of the purpose, main points, and conclusions of each article. Utilizes photographs, boxes, and suggested Web resources to enhance the book's presentation and engage student interest. Offers a clear and concise summary of key terms and concepts in each section and discussion questions that enhance student comprehension Ancillaries A Student study site at www.sagepub.com/lawrencestudy provides self-quizzes, e-flashcards, additional readings, and more. Instructor Resource on CD include test questions for both the text and readings, PowerPoint slides, teaching tips, and other resources. Qualified instructors can request a copy by contacting Customer Care at 1-800-818-SAGE (7243), 6AM-5PM, Pacific Time. Intended Audience This Text/Reader is designed to serve as a replacement for a core text, or a supplement text for upper-level undergraduate Juvenile Justice courses in departments of criminal justice, criminology, sociology and related disciplines. Interested in a text/ reader for another criminology or criminal justice here? Explore other titles in the series. Treatment of Juvenile Delinquents-Richard Roy Perkins 1906

Juvenile Justice: A Social, Historical, and Legal Perspective-Preston Elrod 2013-07-09 A Fully Revised and Updated Edition of the Essential Juvenile Justice Textbook The juvenile justice system is a multifaceted entity that continually changes under the influence of decisions, policies, and laws. Juvenile Justice: A Social, Historical, and Legal Perspective, Fourth Edition is the most comprehensive reference on the juvenile justice system available. Reader-friendly but thorough, the text contains the most up-to-date research on juvenile justice operations and their effectiveness and is authored by two experts in the field. It presents contemporary topics in juvenile justice and situates them within a historical and theoretical context, covering juvenile justice history, the development of the juvenile court in the U.S., and contemporary juvenile justice practice, as well as chapters on status and violent offenders, and working in juvenile justice. Myth v. Reality boxes, FYI boxes, and Comparative Focus boxes provide students with important information, challenge preconceived ideas students may have about juvenile justice practice, critically examine juvenile justice practice, and maintain student interest. The fully revised and updated fourth edition includes the latest statistics and research data, new photos and figures, coverage of contemporary court cases, and new pedagogical features. Ideally suited for undergraduate students in juvenile justice courses, as well as graduate students and professionals seeking a comprehensive juvenile justice reference, Juvenile Justice: A Social, Historical, and Legal Perspective, Fourth Edition is the leading juvenile justice textbook on the market today.

A Plan for the Reduction of Juvenile Delinquency by Community Effort-Orlando Faulkland Lewis 1920

The War on Kids-Cara H. Drinan 2017-11 In 2003, when Terrence Graham was sixteen, he and three other teens attempted to rob a barbecue restaurant in Jacksonville, Florida. Though they left with no money, and no one was seriously injured, Terrence was sentenced to die in prison for his involvement in that crime. As shocking as Terrence's sentence sounds, it is merely a symptom of contemporary American juvenile justice practices. In the United States, adolescents are routinely transferred out of juvenile court and into adult criminal court without any judicial oversight. Once in adult court, children can be sentenced without regard for their youth. Juveniles are housed in adult correctional facilities, they may be held in solitary confinement, and they experience the highest rates of sexual and physical assault among inmates. Until 2005, children convicted in America's courts were subject to the death penalty; today, they still may be sentenced to die in prison-no matter what efforts they make to rehabilitate themselves. America has waged a war on kids. In The War on Kids, Cara Drinan reveals how the United States went from being a pioneer to an international pariah in its juvenile sentencing practices. Academics and journalists have long recognized the failings of juvenile justice practices in this country and have called for change. Despite the uncertain political climate, there is hope that recent Supreme Court decisions may finally make those calls a reality. The War on Kids seizes upon this moment of judicial and political recognition that children are different in the eyes of the law. Drinan chronicles the shortcomings of juvenile justice by drawing upon social science, legal decisions, and first-hand correspondence with Terrence and others like him--individuals whose adolescent errors have cost them their lives. At the same time, The War on Kids maps out concrete steps that states can take to correct the course of American juvenile justice.

Standards for the Administration of Juvenile Justice-United States. National Advisory Committee for Juvenile Justice and Delinquency Prevention 1980

Juvenile Delinquency: Its Dimensions, Its Conditions, Techniques of Control, Proposals for Action-Cook County (Ill.) 1957

The SAGE Handbook of Criminological Theory-Eugene McLaughlin 2010-07-21 An indispensable international resource, The SAGE Handbook of Criminological Theory provides readers with a clear overview of criminological theory, enabling them to reflect critically upon the traditional, emergent and desirable theoretical positions of the discipline. This handbook is essential for libraries and scholars of all levels studying the rapidly developing, interdisciplinary field of criminology.

Juvenile Justice-Robert Taylor 2014-02-21 Juvenile Justice: Policies, Programs and Practices provides a student-friendly introduction to the juvenile justice system. Practical application is emphasized through features that focus on policies, programs, practices and careers. The text reviews the current legal atmosphere of juvenile justice and current events that have impacted the field.

Juvenile Justice: Oxford Bibliographies Online Research Guide-Oxford University Press 2010-05-01 This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In social work, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford Bibliographies Online: Social Work, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of social work. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.aboutotbo.com.

American law reports. ALR 5th. Annotations and cases- 1996

Juvenile Delinquency-Robert Agnew 2005 [In this book, the author offers] key theoretical and conceptual issues in the field and includes all of the information that is relevant and timely in a juvenile delinquency text. [It also] offers f... how criminologists conduct their research - with chapters on how they measure delinquency, examine whether certain factors cause delinquency, and determine whether programs and policies are effective in controlling delinquency. -Back cover.

Trauma and Juvenile Delinquency-Ricky Greenwald 2014-01-02 Learn how and why trauma is relevant to juvenile delinquency--and what to do about it! This groundbreaking book addresses the connection between childhood trauma and juvenile delinquency. Trauma and Juvenile Delinquency: Theory, Research, and Interventions begins with two chapters presenting theoretical models of the relationship between trauma and the development/persistence of antisocial behavior. Another chapter addresses trauma-related assessment issues for juveniles, and several chapters present cutting-edge research on various aspects of the relationship between trauma and delinquency. Finally, several chapters focus on theory-based and empirically supported trauma-focused therapeutic interventions for juvenile delinquents. No other single source provides such breadth and depth of coverage on this topic! From the editor: "Disruptive behavior disorders are by far the largest type of mental health referral for children and adolescents, while juvenile crime and violence continue to be major social concerns. Several bodies of literature have converged to suggest that trauma is more than incidental to the problem of juvenile delinquency, it contributes to the problem." Trauma and Juvenile Delinquency: Theory, Research, and Interventions explores: how trauma relates to conduct disorder the connection between traumatic victimization and oppositional/defiance problems ways to assess PTSD in adolescents how exposure to violence, delinquent activity, and posttraumatic stress symptomatology are related the unique trauma histories of incarcerated girls and the problems they have adjusting to life within the juvenile justice system how to develop group therapy services for incarcerated male juvenile offenders with PTSD This valuable book also examines the effectiveness of EMDR (Eye Movement Desensitization and Reprocessing) for boys with conduct problems, MASTR (Motivation - Adaptive Skills - Trauma Resolution) for teens with school-related problems, and CPT (Cognitive Processing Therapy) for juvenile delinquents with post-traumatic stress disorder.

Highly accessible and student friendly, this text explores various programs and processes that exist in today's juvenile justice system, including prevention efforts through school and community-based programs. The fifth edition also includes expanded coverage of measurement, victimization, differences between the adult and juvenile justice systems, diversity, gangs, future trends in the field, cutting-edge policies, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Juvenile Delinquency-Abdulgani Dadamiya Attar 1964

Juvenile Delinquency and Indian Justice System-Nripendra L. Mitra 1988

Juvenile Delinquency-Larry J. Siegel 1985 New edition of a text that explores the most current theories on the causes of juvenile crime, the latest strategies being used to control it, and recent research studies and policy initiatives. Siegel (U. of Massachusetts) and Senna (Northeastern U.) discuss the concepts and theories of delinquency, environmental influences, juvenile justice advocacy, controlling juvenile offenders, and juvenile corrections. Boxed sections cover the most important legal cases that shape the system, Supreme Court cases, and important programs and policy initiatives that are now being used to help children in need. Each chapter begins with a real life story that illustrates a relevant personal dilemma. Includes 200-plus photos, tables, and charts. Annotation copyrighted by Book News, Inc., Portland, OR

Social Work Practice in the Criminal Justice System-George T. Patterson 2013-07-03 The criminal justice system, with its complex policies and procedures and its focus on deterrence, punishment, and rehabilitation, can be a difficult system to understand. Social Work Practice in the Criminal Justice System presents an overview of the criminal justice system, exploring the network of systems which comprise it. Integrating social work values and a commitment to social justice, this textbook explores how social workers can practice to address social problems within the criminal justice system and promotes the development of knowledge, skills and critical reflection in this increasingly important area of practice. In addition to covering the four key areas for social work practice - law enforcement, courts, corrections, and legislation - it covers: Alternative programs and services Special populations - such as juveniles, women and sex offenders Special topics - such as reoffending, wrongful conviction and racial disparities The application of evidence-based practice principles in criminal justice. Looking at the challenges and opportunities of social work practice in the criminal justice system, this is the ideal text for social work instructors, students and practitioners working with or within the criminal justice system. Each chapter includes a summary of social work practice implications, key terms, and suggested further reading.

Crime and Public Policy-James Q. Wilson 2011-01-25 Crime in the United States has fluctuated considerably over the past thirty years, as have the policy approaches to deal with it. During this time criminologists and other scholars have helped to shed light on the role of incarceration, prevention, drugs, guns, policing, and numerous other aspects to crime control. Yet the latest research is rarely heard in public discussions and is often missing from the desks of policymakers. This book accessibly summarizes the latest scientific information on the causes of crime and evidence about what does and does not work to control it. Thoroughly revised and updated, this new version of Crime and Public Policy will include twenty chapters and five new substantial entries. As with previous editions, each essay reviews the existing literature, discusses the methodological rigor of the studies, identifies what policies and programs the studies suggest, and then points to policies now implemented that fail to reflect the evidence. The chapters cover the principle institutions of the criminal justice system (juvenile justice, police, prisons, probation and parole, sentencing), how broader aspects of social life inhibit or encourage crime (biology, schools, families, communities), and topics currently generating a great deal of attention (criminal activities of gangs, sex offenders, prisoner reentry, changing crime rates). With contributions from trusted, leading scholars, Crime and Public Policy offers the most comprehensive and balanced guide to how the latest and best social science research informs the understanding of crime and its control for policymakers, community leaders, and students of crime and criminal justice.

Children, Parents, and the Courts: Juvenile Delinquency, Ungovernability, and Neglect-Millard L. Midonick 1972

Juvenile Delinquency-Peter C. Kratochski 1979 The first of its kind to integrate theory and "real-world" application in juvenile delinquency, this extensively researched volume addresses today's most current developments and issues, with probing examinations of the extent, nature and origins of American juvenile delinquency; the factors in contemporary life that generate or influence delinquency; and the juvenile justice process and methods for controlling, treating and preventing delinquency. The authors examine, define and explain delinquency, the effects of the social environment on delinquency, the juvenile justice process, and preventing, treating, and controlling delinquency. For those interested in a clear examination of juvenile delinquency.
