Names of God-Antonio Emmanuel 2018-03-29 Why is there so much confusion about the name of God? What is the true name of God anyway and does it matter to address God by that name? I choose to stick with what the scriptures say and use terms like God, Creator, Most High, Heavenly Father. confusion arises when people teach doctrines outside of what the scriptures speak or a lack of understanding. The True name of the Most High as rendered in english alphabetical characters is YHWH (He is or I Am ALL Self Existent or Eternal) . This name was replaced by the word LORD in our english translations. (see Strong's #3068) The four hebrew characters that make up the name is known as the Tetragrammaton which is Greek meaning "four letters." The four Hebrew characters (YHWH in english) that make up the name of the Most High cannot be disputed. The dispute comes with the pronunciation of the name. With this, many spell the name as they pronounce it. From YHWH various pronunciations have developed like YaHaWaH (Yaw-ha-wa), Yahweh (ya-way), Yahuwah (Ya-hoo-wa) and this is where the conflict arises. Lets go to the scriptures to get an understanding of how the scholars that put the Bible together understood how the name was to be rendered into English. Ex. 6:3 And I appeared unto Abraham, unto Isaac, and unto Jacob, by the name of God Almighty, but by my name JEHOVAH was I not known to them. We must understand that the letter J did not come to exist in the alphabet until after the King James bible was completed. If you examine a true 1611 KJV you will not find the letter J within words. Instead the letter I is used seeing there was no J used at the time of the translation. Knowing this is important because the names Jehovah, Jesus, Joshua etc . . would not be found spelled in such a fashion that uses the letter J. Therefore Jehovah could not be a name of the Most High used among the Israelites. But we do know the letter "J" was used to replace the hebrew "Y" character and the letter "V" replaced the hebrew "W." Now we can get a better understanding of how the name Jehovah was misrendered in english. In the hebrew alphabet there is no letter or character J, E, O, V, U, F therefore to correctly render "Jehovah" in english, it would be Yahawah or Yahuwah. (Some believe the "HA" character in the middle of the name gives a softer sound as Hu (hoo) than the sharp sounding "HA" therefore they spell it Ya-Hu-Wah but the hebrew name of the Most High is YHWH the four hebrew characters nonetheless. Lets examine the Israelite historian Flavious Josephus' account of the name. Works of Josephus- Wars of he Jews, Book 5, Par 7 "A mitre also of fine linen encompassed his head, which was tied by a blue ribbon, about which there was another golden crown, in which was engraven the sacred name [of God]: it consists of four vowels. The four vowels mentioned are the four hebrew characters (hebrew vowels) that make up the name of YHWH that was engraven within the Levite Priest's mitre or turban. Ex 39:30-31 The name YHWH appears all throughout scripture but translated as LORD in the english translations (as supposed to keep the true name YHWH from being polluted or blasphemed) and was revealed to Moses after the Israelites left Egypt. Lets read again Ex. 6:3 And I appeared unto Abraham, unto Isaac, and unto Jacob, by the name of God Almighty, but by my name JEHOVAH (YHWH) was I not known to them. The Most High clearly states that Abraham, Isaac and Jacob only knew him by "God Almighty" (al shadday) and not by his name YHWH, but they still feared and worshipped the Most High. This shows that if the Most High demands we address him by his name YHWH only would he not have revealed this to Abraham the Father of the covenant? Lets also examine. Ex. 2:23 ¶ And it came to pass in process of time, that the king of Egypt died: and the children of Israel sighed by reason of the bondage, and they cried, and their cry came up unto God by reason of the bondage.

What is Chemistry?-Peter Atkins 2013-08-22 Most people remember chemistry from their schooldays as a subject that was largely incomprehensible, fact-rich but understanding-poor, smelly, and so far removed from the real world of events and pleasures that there seemed little point, except for the most introverted, in coming to terms with its grubby concepts, spells, recipes, and rules. Peter Atkins wants to change all that. In What is Chemistry? he encourages us to look at chemistry anew, through a chemist's eyes, to understand its central concepts and to see how it contributes not only towards our material comfort, but also to human culture. Atkins shows how chemistry provides the infrastructure of our world, through the chemical industry, the fuels of heating, power generation, and transport, as well as the fabrics of our clothing and furnishings. By considering the remarkable achievements that chemistry has made, and examining its place between both physics and biology, Atkins presents a fascinating, clear, and rigorous exploration of the world of chemistry - its structure, core concepts, and exciting contributions to new cutting-edge technologies.

What Is Theology?-Michael Horton 2012-06-12 Every seminary in the world offers classes on Christian theology, but what at is its core is theology? Is it a practical or theoretical discipline? Is it centrally a matter of faith or of reason?

What are its proper means and ends? Derived from Michael Horton’s recently released The Christian Faith, already one of the most significant systematic theologies of the past 50 years, this digital short explores the discipline of theology through the lens of philosophy, Scripture, ministry, and the church, laying a foundation for pursuing theology as hearing, wisdom, understanding, and more. “Theology serves the function of articulating the identity of this God so that he may be properly invoked,” Horton writes. This short work constructs a conceptual framework for pastors, theologians, and students wanting to think more deeply about the foundational discipline of Christian thought and practice.

What is the New Rhetoric?-Susan E. Thomas 2009-03-26 The Age of Information has spawned a critical focus on human communication in a multimedia world, particularly on theories and practices of writing. With the worldwide web impacting increasingly on academic and business communication, the need has never been greater for advanced study in writing, communication, and critical thinking across all genres, sectors, and cultures. In recent decades, the definitions of 'new rhetoric' have expanded to encompass a variety of theories and movements, raising the question of how rhetoric is understood and employed in the twenty-first century. The essays collected here represent variations on these themes, with each attempting to answer the title?s deliberately provocative question, addressing particularly: -How the classical art of rhetoric is still relevant today; -How it is directly related to modern technologies and the new modes of communication they have generated; -How rhetorical practice is informing research methodologies and teaching and learning practices in the contemporary academy.

The gift was to commemorate the 100th birthday of the United States, and just packing it was no small feat--350 pieces in 214 crates shipped across the ocean. What is Said-R. Bertolet 2012-12-06 The notion of what someone says is, perhaps surprisingly, some what less clear than we might be entitled to expect. Suppose that I utter to my class the sentence 'I want you to write a paper

reconciling the things Russell claims about propositions in The Philosophy of Mathematics for next week'. A student who was unable to get up in time for class that day asks another what I said about the assignment. Several replies are in the offing. One, an oratio recta or direct speech report, is 'He said, "I want you to write a paper reconciling the things Russell claims about propositions in The Philosophy of Mathematics for next week. "' Another, an oratio obliqua or indirect speech report, consists in the response 'He said that he wants us to write a paper reconciling . . . '. Yet another, reflecting a perhaps accurate estimate of the task involved, editorializes: 'He said he wants us to do the impossible'. Or, aware of both this and my quaint custom of barring those who have not successfully completed the assignment from the classroom, one might retort 'He said he doesn't want to meet next week'. Since 'says' is construable in these various ways, it is at best unhelpful to write something like 'Alice said "Your paper is two days late", thereby saying that Tom's paper was two days late.

What Is the Good Life?-Luc Ferry 2005-06-15 Has inquiry into the meaning of life become outmoded in a universe where the other-worldiness of religion no longer speaks to us as it once did, or, as Nietzsche proposed, where we are now the creators of our own value? Has the ancient question of the "good life" disappeared, another victim of the technological world? For Luc Ferry, the answer to both questions is a resounding no. In What Is the Good Life? Ferry argues that the question of the meaning of life, on which much philosophical debate throughout the centuries has rested, has not vanished, but at the very least the question is posed differently today. Ferry points out the pressures in our secularized world that tend to reduce the idea of a successful life or "good life" to one of wealth, career satisfaction, and prestige. Without deserting the secular presuppositions of our world, he shows that we can give ourselves a richer sense of life's possibilities. The "good life" consists of harmonizing life's different forces in a way that enables one to achieve a sense of personal satisfaction in the realization of one's creative abilities.
