Women and the Law of Property in Early America-Marylynn Salmon 2016-08-01 In this first comprehensive study of women's property rights in early America, Marylynn Salmon discusses the effect of formal rules of law on women's lives. By focusing on such areas such as conveyancing, contracts, divorce, separate estates, and widows' provisions, Salmon presents a full picture of women's legal rights from 1750 to 1830. Salmon shows that the law assumes women would remain dependent and subservient after marriage. She documents the legal rights of women prior to the Revolution and traces a gradual but steady extension of the ability of wives to own and control property during the decades following the Revolution. The forces of change in colonial and early national law were various, but Salmon believes ideological considerations were just as important as economic ones. Women did not all fare equally under the law. In this illuminating survey of the jurisdictions of Connecticut, Massachusetts, New York, Pennsylvania, Maryland, Virginia, and South Carolina, Salmon shows regional variations in the law that affected women's autonomous control over property. She demonstrates the importance of understanding the effects of formal law on women' s lives in order to analyze the wider social context of women's experience.

Women's Legal Guide-Julie A. Tigges 1996 A guide to the American legal system designed for women, examining such topics as marriage and divorce, adoption, sexual discrimination, health care, and retirement planning.

A Class by Herself-Nancy Woloch 2017-02-28 A Class by Herself explores the historical role and influence of protective legislation for American women workers, both as a step toward modern labor standards and as a barrier to equal rights. Spanning the twentieth century, the book tracks the rise and fall of women-only state protective laws—such as maximum hour laws, minimum wage laws, and night work laws—from their roots in progressive reform through the passage of New Deal labor law to the feminist attack on single-sex protective laws in the 1960s and 1970s. Nancy Woloch considers the network of institutions that promoted women-only protective laws, such as the National Consumers' League and the federal Women's Bureau; the global context in which the laws arose; the challenges that proponents faced; the rationales they espoused; the opposition that evolved; the impact of protective laws in ever-changing circumstances; and their dismantling in the wake of Title VII of the Civil Rights Act of 1964. Above all, Woloch examines the constitutional conversation that the laws provoked—the debates that arose in the courts and in the women's movement. Protective laws set precedents that led to the Fair Labor Standards Act of 1938 and to current labor law; they also sustained a tradition of gendered law that abridged citizenship and impeded equality for much of the century. Drawing on decades of scholarship, institutional and legal records, and personal accounts, A Class by Herself sets forth a new narrative about the tensions inherent in women-only protective labor laws and their consequences.

The Women's Small Business Start-Up Kit-Peri Pakroo 2016-05-25 Women's Small Business Start-Up Kit is a women's business book of substance, not gender-pandering fluff. It concretely explains legal and bureaucratic rules—from drafting a business plan and raising start-up money to online marketing—and addresses women's concerns without stereotyping them.

Women's Legal Guide to Reproductive Rights- 1981

The State-by-state Guide to Women's Legal Rights-Renée Cherow-O'Leary 1987 Covers marriage, unmarried couples, divorce, domestic violence, education, wages, and sexual harassment

Empowering Women-Mary Hallward-Driemeier 2012-10-04 This book provides compelling evidence from 42 Sub-Saharan African countries that gender gaps in legal capacity and property rights need to be addressed in terms of substance, enforcement, awareness, and access if economic opportunities for women in Sub-Saharan Africa are to continue to expand.

Shana Alexander's State-by-State Guide to Women's Legal Rights-Shana Alexander 1975

American Women's Legal Status-George James Bayles 1905 In the first of three sections, the author discusses women's legal status in areas such as marriage, property, and investments. The second and third parts offer advice to girls and boys respectively on the topic of work.

The Canadian Woman's Legal Guide-Mary Joy Dymond 1987

Every Woman's Legal Guide-

The "People Power" Women's Guide (Identity, Independence, Fashion, Feminism, Family, Happiness, Domestic Violence: Live a Better Life)-Tony Kelbrat 2013-12-06 Women have been defined by men in men's terms until relatively recently but now that women are coming into their own both out in the workforce and as separate entities unto themselves, the question is, once you throw off the shackles of what it means to be a woman as defined by men all throughout history, what exactly is a woman as the pure essence she is in her soul? Women are as complex and individual as men if they choose to be yet as simple and one-dimensional as the stereotypical caricatures if they choose to be too so women are women just like men are men. In modern society, a woman can be pretty well anything she wants but the problem, hypocrisy or contradiction with all of this is that despite all this talk about freedom and being who you are, beyond a superficial, glossy façade of store-bought trendiness, most women are no different than the woman of 30 years ago and have no desire to be.

Minnesota Women's Legal Rights Handbook-Jonathan R. Motl 1981

Women's Legal Handbook: Civil rights act, 1964-Lee Ellen Ford 1974

Treatment Services for Drug Dependent Women- 1981

Michigan Women's Legal Handbook- 1976

Women's Legal Handbook: Government administrative agencies-Lee Ellen Ford 1974

An Explosive Quarter-century-Loretta Price 2003 Winner of the 2004 Joseph L. Andrews Bibliographical Award.This bibliography was compiled to provide organized access to materials of interest to those instructors, researchers, legal scholars and students seeking information about women and the vast array of status issues affecting them.As other similar works have been published in the past, this work focuses on monographic literature published since 1975.

Reader's Guide to the Social Sciences-Jonathan Michie 2014-02-03 This 2-volume work includes approximately 1,200 entries in A-Z order, critically reviewing the literature on specific topics from abortion to world systems theory. In addition, nine major entries cover each of the major disciplines (political economy; management and business; human geography; politics; sociology; law; psychology; organizational behavior) and the history and development of the social sciences in a broader sense.

A Woman's Legal Guide to Separation and Divorce in All 50 States-Norma Harwood 1985 A survey of state divorce laws covers alimony, child support, and property division, and includes case examples and advice on when and how to hire a lawyer

Women's Legal Handbook: Series on state government affirmative action programs today-Lee Ellen Ford 1975

The Women's Legal Handbook-Santa Cruz County. Commission on the Status of Women 1977

Journal of Women's History Guide to Periodical Literature-Gayle V. Fischer 1992 "Gayle V. Fischer has produced a terrifically useful volume that no research library should be without." "The Journal of American History "... an indispensable resource to finding material on women's history throughout the world." "Journal of World History "... the work is recommended for its currency, depth of coverage, and scope." "Ethnic Forum As part of its mission to disseminate feminist scholarship and serve as the journal of record for the new area of women's history, the Journal of Women's History began a compilation of periodical literature dealing with women's history. This volume is drawn from more than 750 journals and includes material published from 1980 through 1990. There are forty subject categories and numerous subcategories. The guide lists more than 5,500 articles; all are extensively cross-listed.

Legal guide on land consolidation-Food and Agriculture Organization of the United Nations 2020-06-01 Land consolidation is a highly effective land management instrument that allows for the improvement of the structure of agricultural holdings and farms in a country, which increases their economic and social efficiency and brings benefits both to right holders as well as to society in general. Since land consolidation gives mobility to land ownership and other land rights, it may also facilitate the allocation of new areas with specific purposes other than agriculture, such as for public infrastructure or nature protection and restoration. Land consolidation instruments necessitate a thoroughly elaborated legal regulation that is integrated into the national legal framework. This legal guide provides detailed guidance on legislative issues regarding land consolidation in ways that align with Voluntary Guidelines on Responsible Governance of Tenure of Land, Fisheries and Forests in the Context of National Food Security and international human rights law. It focuses on land consolidation in rural areas and is based on regional good land consolidation legislative practices in Europe, primarily on analysis of the regulatory practices in Denmark, Finland, Germany, Lithuania, the Netherlands, Serbia, Spain (Galicia) and Turkey. It also uses land consolidation regulatory practices in other European countries as a source of information. This legal guide is published in collaboration with the FAO Regional Office for Europe and Central Asia.

International Human Rights of Women-Niamh Reilly 2019-11-08 This book provides a comprehensive introduction to the broad spectrum of human rights issues and violations as they are experienced by women and sexual minorities across civil, political, social, economic, and/or cultural domains, in different regions, countries, and contexts. It offers cogent summaries of concepts, debates, and trends vital to understanding the field and informing practice to advance the human rights of girls. The book looks into such issues as: persistent discrimination in political and economic life; gender-based violence in public and private spheres; obstacles to reproductive and maternal human rights; threats to women human rights defenders; discrimination and violence against LGBT people; violations of women's human rights in conflict situations; and the nexus between sustainable development goals, climate change, and the human rights of women. It also addresses human rights violations in the name of culture or religion, and the challenges in realising the human rights of girls. Finally, the volume showcases effective strategies to advance the human rights of women in the form of national remedial measures and through engagement with international and regional human rights bodies and mechanisms.

Women's Legal Handbook: Title VII and cases-Lee Ellen Ford 1974

Women's Legal Handbook: Equal rights amendment-Lee Ellen Ford 1974

The No-nonsense Guide to Women's Rights-Nikki van der Gaag 2004 How much has life really changed for women during the last decade? Has the women's movement affected women all over the world? Has it changed women's relationships with men? Nikki van der Gaag answers these questions with hard, sometimes disturbing, evidence. Many women have made huge leaps forward in legal rights, political representation, employment, education, health but beneath the surface the statistics are shocking. Vivid testimonies from women and men around the world explain why, especially in this post-feminist age, women's rights are still very much an issue for men and women alike. "She has made a special effort to correct many of the misconceptions and biases related to the feminist movement, to link the liberation of women who constitute half of society to the liberation of men and to the dispossessed majority living on earth." from the introduction by Nawal El Saadawi

Madame Audrey's Guide to Mostly Cheap But Good Reference Books for Small and Rural Libraries-Audrey Lewis 1998-12 Provides guidelines for locating fundamental reference sources suitable for a small reference collection, and suggests titles for such subjects as sports, literature, history and geography, and fine arts.

Women's Legal Handbook: Series on job and sex discrimination-Lee Ellen Ford 1974

Who's Who of Canadian Women, 1999-2000-Gillian Holmes 1999-06-01 Who's Who of Canadian Women is a guide to the most powerful and innovative women in Canada. Celebrating the talents and achievement of over 3,700 women, Who's Who of Canadian Women includes women from all over Canada, in all fields, including agriculture, academia, law, business, politics, journalism, religion, sports and entertainment. Each biography includes such information as personal data, education, career history, current employment, affiliations, interests and honours. A special comment section reveals personal thoughts, goals, and achievements of the profiled individual. Entries are indexed by employment or affiliation for easy reference. Published every two years, Who's Who of Canadian Women selects its biographees on merit alone. This collection is an essential resource for all those interested in the achievements of Canadian women.

UCLA Women's Law Journal- 2007

Women in Law and Lawmaking in Nineteenth and Twentieth-Century Europe-Professor Eva Schandevyl 2014-09-28 Exploring the relationship between gender and law in Europe from the nineteenth century to present, this collection examines the recent feminisation of justice, its historical beginnings and the impact of gendered constructions on jurisprudence. It looks at what influenced the breakthrough of women in the judicial world and what gender factors determine the position of women at the various levels of the legal system. Every chapter in this book addresses these issues either from the point of view of women's legal history, or from that of gendered legal cultures. With contributions from scholars with expertise in the major regions of Europe, this book demonstrates a commitment to a methodological framework that is sensitive to the intersection of gender theory, legal studies and public policy, and that is based on historical methodologies. As such the collection offers a valuable contribution both to women's history research, and the wider development of European legal history.

Bowker's Law Books and Serials in Print- 1995

Law, Gender, and Injustice-Joan Hoff 1994-04-01 In this widely acclaimed landmark study, Joan Hoff illustrates how women remain second-class citizens under the current legal system and questions whether the continued pursuit of equality based on a one-size-fits-all vision of traditional individual rights is really what will most improve conditions for women in America as they prepare for the twenty-first century. Concluding that equality based on liberal male ideology is no longer an adequate framework for improving women's legal status, Hoff's highly original and incisive volume calls for a demystification of legal doctrine and a reinterpretation of legal texts (including the Constitution) to create a feminist jurisprudence.

Women and Muslim Family Laws in Arab States-Lynn Welchman 2007 A number of Arab states have recently either codified Muslim family law for the first time, or have issued amendments or new laws which significantly impact the statutory rights of women as wives, mothers and daughters. In Women and Muslim Family Laws in Arab States Lynn Welchman examines women's rights in Muslim family laws in Arab states across the Middle East while also surveying the public debates surrounding the issues. The author considers these new laws alongside older statutes to comment on the patterns and dynamics of change both in the texts of the laws, and in the processes through by which they are drafted and issued. She draws on original legal texts and explanatory statements as well as on extensive secondary literature particular to certain states for an insight into practice, and on interventions by women's rights organizations and other parties to the debate in the press and in advocacy materials. The discussions are set in the contemporary global context that 'internationalises' the domestic and regional debates. The book considers laws in states from the Gulf to North Africa in regard to their approaches to issues of codification processes and issues of and of registration, capacity and guardianship in marriage, polygyny, the marital relationship, divorce and child custody. -- Publisher description.

The Complete Idiot's Guide to Women's History-Sonia Weiss 2002 Yours're no idiot, of course. Yours're familiar with Amelia Earhart, Eleanor Roosevelt, Joan of Arc and their extraordinary achievements. However, you may never have heard of many other women whose accomplishments have been overshadowed by their male counterparts. You don't have to enroll in a women's studies program! The Complete Idiots's Guidereg; to Womens's History shows you how, again and again, women transcended their traditional roles to re-make the world. In this Complete Idiots's Guidereg;, you get: A comprehensive examination of women throughout the world-from ancient to modern times. The true stories behind such history-making women as Hatshepsut , Victoria Woodhull, Margaret Sanger, and many others. The contributions women have made to society, including science, mathematics, medicine, and art. Stories of political struggles, from formidable women rulers of ancient times to Womens's Liberation and beyond.

Safe Abortion-Organizació Mundial de la Salut 2003-05-13 At a UN General Assembly Special Session in 1999, governments recognised unsafe abortion as a major public health concern, and pledged their commitment to reduce the need for abortion through expanded and improved family planning services, as well as ensure abortion services should be safe and accessible. This technical and policy guidance provides a comprehensive overview of the many actions that can be taken in health systems to ensure that women have access to good quality abortion services as allowed by law.

NEW to The Official Guide for GMAT® Review 2015: Access to the online Question Bank including more than 900 practice questions of all types with answers and explanations, math review, essay topics, and a diagnostic test, as well as access to 50 online integrated reasoning questions. Exclusive access to videos from real test takers and GMAC staff who share insight and tips on GMAT® preparation.

Women's Rights at Work-Alison Clarke 2001 Women's Rights at Work is a comprehensive guide that begins with the point when a woman finds work right through to the end when she finishes a job through dismissal or resignation. Starting from the premise that, while rights at work affect all workers, there are many issues that affect women workers in very specific ways. Topics covered include unfair dismissal, discrimination, harassment, maternity rights, and health and safety in the workplace. A solicitor specialising in women's employment rights, Alison Clarke demystifies the subject and provides an up-to-date reference guide to employment law for the non-specialist. Free from legalistic jargon, this book explains any unfamiliar terms in detail in order to make the law accessible to all women who want to assert their rights in the workplace. This handbook provides guidance on what to do if your employer:\* Asks discriminatory questions at an interview\* Changes your contract without consultation\* Pays you less than a man doing the same job\* Dismisses you because you are pregnant\* Discriminates against you because you work part-time\* Makes you redundant because you were one of the last to be hired\* Refuses to give you a reference
