From Jailor to Jailed-Bernard B. Kerik 2015-03-31 The controversial New York City police commissioner and New York Times bestselling author of The Lost Son shares the story of his fall from grace and the effects of his incarceration on his views of the American justice system. Bernard Kerik was New York City's police commissioner during the 9/11 attacks, and became an American hero as he led the NYPD through rescue and recovery efforts of the World Trade Center. His résumé as a public servant is long and storied, and includes receiving a Medal of Honor. In 2004, Kerik was nominated by George W. Bush to head the Department of Homeland Security. Now, he is a former Federal Prison Inmate known as #84888-054. Convicted of tax fraud and false statements in 2007, Kerik was sentenced to four years in federal prison. Now, for the first time, he talks candidly about what it was like on the inside: the torture of solitary confinement, the abuse of power, the mental and physical torment of being locked up in a cage, the powerlessness. With newfound perspective, Kerik makes a plea for change and illuminates why our punishment system doesn't always fit the crime. In this extraordinary memoir, Kerik reveals his unprecedented view of the American penal system from both sides: as the jailor and the jailed. With astonishing candor, bravery, and insider's intelligence, Bernard Kerik shares his fall from grace to incarceration, and turns it into a genuine and uniquely insightful argument for criminal justice reform.

French Literary Fascism-David Carroll 2021-01-12 This is the first book to provide a sustained critical analysis of the literary-aesthetic dimension of French fascism—the peculiarly French form of what Walter Benjamin called the fascist "aestheticizing of politics." Focusing first on three important extremist nationalist writers at the turn of the century and then on five of the most visible fascist intellectuals in France in the 1930s, David Carroll shows how both traditional and modern concepts of art figure in the elaboration of fascist ideology—and in the presentation of fascism as an art of the political. Carroll is concerned with the internal relations of fascism and literature—how literary fascists conceived of politics as a technique for fashioning a unified people and transforming the disparate elements of society into an organic, totalized work of art. He explores the logic of such aestheticizing, as well as the assumptions about art, literature, and culture at the basis of both the aesthetics and politics of French literary fascists. His book reveals how not only classical humanism but also modern aesthetics that defend the autonomy and integrity of literature became models for xenophobic forms of nationalism and extreme "cultural" forms of anti-Semitism. A cogent analysis of the ideological function of literature and culture in fascism, this work helps us see the ramifications of thinking of literature or art as the truth or essence of politics.

Caine's Law-Matthew Stover 2012-04-03 SOME LAWS YOU BREAK. SOME BREAK YOU. AND THEN THERE'S CAINE'S LAW. From the moment Caine first appeared in the pages of Heroes Die, two things were clear. First, that Matthew Stover was one of the most gifted fantasy writers of his generation. And second, that Caine was a hero whose peers go by such names as Conan and Elric. Like them, Caine was something new: a civilized man who embraced savagery, an actor whose life was a lie, a force of destruction so potent that even gods thought twice about crossing him. Now Stover brings back his greatest creation for his most stunning performance yet. Caine is washed up and hung out to dry, a crippled husk kept isolated and restrained by the studio that exploited him. Now they have dragged him back for one last deal. But Caine has other plans. Those plans take him back to Overworld, the alternate reality where gods are real and magic is the ultimate weapon. There, in a violent odyssey through time and space, Caine will face the demons of his past, find true love, and just possibly destroy the universe. Hey, it's a crappy job, but somebody's got to do it. From the Trade Paperback edition.
