The Comfort Food Diaries-Emily Nunn 2017-09-26 Nunn chronicles her quest to overcome the convergence of the sudden loss of her brother, being dumped by her fiancé, and being evicted from her apartment by cooking her way across the country while staying with friends and family. Traveling back home, she revisited scenes from her dysfunctional Southern upbringing, dominated by her dramatic, unpredictable mother and her silent, disengaged father. Nunn came to realize food is a source of connection and identity, and with it came a sense of hope for the future. Includes recipes.

The Book of Yoga Self-Practice-Rebecca Anderton-Davies 2020-07-23 Too busy? Too stressed? Can't focus? But would you love to discover the power of regular practice? This book is for you. The Book of Yoga Self-Practice is the ultimate guide for every aspiring yogi or dedicated student who wants to find the magic of an independent yoga self-practice - one that's simple, practical, captivating and attainable. No need to travel to a class, or struggle to find the exact type of teaching you need in any given moment. No need to follow a video or come up with the pre-planned sequence. No need to keep spending money on classes or subscriptions that never quite fit the bill. This step-by-step guide will show you how to overcome the challenges of starting, continuing and progressing in a yoga self-practice. It combines heartfelt writing with beautiful, clear design to provide 20 usable and unbelievably helpful tools that you can implement in your yoga practice today. Learn to practice anywhere at anytime, not just do poses. Fast, slow, short, long - your flow starts here. Start reaping the incredible rewards for your body and mind.

Who Owns Whom- 2007

The Apartment All Stars Complete Guide to Leasing Apartments-Lisa Trosien 2014-05-25

The Great Rent Wars-Robert M. Fogelson 2013-10-15 Written by one of the country's foremost urban historians, "The Great Rent Wars" tells the fascinating but little-known story of the battles between landlords and tenants in the nation's largest city from 1917 through 1929. These conflicts were triggered by the post-war housing shortage, which prompted landlords to raise rents, drove tenants to go on rent strikes, and spurred the state legislature, a conservative body dominated by upstate Republicans, to impose rent control in New York, a radical and unprecedented step that transformed landlord-tenant relations. "The Great Rent Wars" traces the tumultuous history of rent control in New York from its inception to its expiration as it unfolded in New York, Albany, and Washington, D.C. At the heart of this story are such memorable figures as Al Smith, Fiorello H. La Guardia, and Oliver Wendell Holmes, as well as a host of tenants, landlords, judges, and politicians who have long been forgotten. Fogelson also explores the heated debates over landlord-tenant law, housing policy, and other issues that are as controversial today as they were a century ago.

Planning Ethically Responsible Research-Joan E. Sieber 1992 This text provides readers with the knowledge to plan ethically responsible social and behavioural research. It includes instructions on development of an effective protocol; methods for handling issues of confidentiality, consent, privacy and deception; ways to assess risk and benefit to optimize research outcomes; and more.

Sufism in an Age of Transition-Erik Ohlander 2008-02-25 Based on heretofore unexplored sources, this book offers a comprehensive study of the life, work, thought and influence of the eponym of one of the earliest Sufi ?ar?qa lineages, Ab? 'Umar al-Suhraward? (d. 632/1234).

Ward's Business Directory of U.S. Private and Public Companies- 2000 This multi-volume set is a primary source for basic company and industry information. Names, addreses, SIC code, and geographic location of over 135,000 U.S. companies are included.

Lady Catherine's Secret-Sheridan Jeane 2014-12-01 London, 1853 Lady Catherine and Alexander Gray share a passion... because Catherine IS Alexander Gray! Despite Lady Catherine's love of fencing, she needs to stop pretending to be a boy and fraternizing with men... but only AFTER she competes in the upcoming fencing tournament! Her mother plans to marry her off by the end of the season, so this will be her last chance to enjoy her freedom. When she impulsively puts her reputation at risk to save the life of a dashing competitor, all seems lost when he sees through her disguise. Can the Mad Marquess find a bride? Daniel, Marquess of Huntley, wants to overcome the rumors of his father's madness so that he can be embraced by London society. His plan is to marry the most proper woman who will have him, and then raise stable, respectable children. He certainly isn't interested in some hoyden with a penchant for masquerading as a boy and flaunting society's rules. In fact, he'd prefer to keep his distance. It comes down to a question of honor... When an obsessed suitor discovers Catherine's secret and threatens blackmail, the only path out of social ruin is marriage. But what kind of protection does matrimony provide when a vengeful suitor is plotting the ultimate revenge?

Life Lessons from the Jungle-Barbara McAdoo 2005 In an era when whimsy is often disparaged, this entertaining book uses an unconventional approach to discuss an integral function of everyday life: solving problems and making decisions. Life Lessons from the Jungle: Naming the Elephant is an amusing tale, in which co-workers sent to a seminar suddenly find themselves in an unexpected setting. With a set of rules entirely different from those in their day-to-day lives, they quickly discover they must complete a simple task that can be accomplished only by pooling talents and sharing experiences. The interesting personalities of the participants, along with the circumstances in which they find themselves, create an entertaining backdrop against which important lessons are taught - and learned. Follow Loki, Leo, Petra, and the others as they learn truths about themselves, and those with whom they associate on a daily basis, while helping one another name the elephant.

Accounting-Financial Report-Steven Langer 1982

The Best Team Wins-Adam Robinson 2017-03-21 Reduce Hiring Risks and Predict Success New Mindset. In The Best Team Wins,author Adam Robinson gives you a proven, straightforward, and effective method for hiring new employees. Financial Reporting and Analysis-Charles H. Gibson 2012-05-10 Now you can teach financial accounting from both a user's and preparer's perspective with a wealth of actual examples, cases, and real financial statements found in Gibson's FINANCIAL REPORTING & ANALYSIS: USING FINANCIAL ACCOUNTING

INFORMATION, 13e. This effective text emphasizes the analysis and interpretation of the end result of financial reporting--financial statements. The author focuses on the language and preparation of financial statements throughout. Students analyze real financial reports, 10Ks, proxy statements, other exhibits, and cases drawn from actual companies. Nike, used as a continuing focus company throughout the text, provides the opportunity for students to become familiar with a single organization and better understand the meaning of its statements within a competitive context. In addition to a wide variety of problems, questions, cases, and Web references for practice and application, students also have access to the robust Thomson ONE: Business School Edition--the same online financial analysis tool used by Wall Street professionals every day. With the book's well-organized framework for learning and emphasis on numerous industries, your students leave the course prepared for success, no matter what area of business they pursue. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Secret to Maximizing Profitability-Bob Sproull 2019-12-06 This book fully details, as the title suggests, the real secret to maximizing an organization's profitability. While many companies have implemented improvement initiatives such as Six Sigma and Lean Manufacturing, there is a missing link which, when discovered and implemented, will take these same companies to profit levels not seen before. This missing link is the Theory of Constraints, and when it's combined with Lean and Six Sigma, true transformational improvements are sure to follow. In this book, the author walks you through the step-by-step method on how to combine these three methodologies with the result being significant improvements to flow, major improvements in variation, substantial reductions in waste, superior on-time delivery, and ultimately, maximized profitability. He has been using this integrated methodology for many years and each time, the results realized were well beyond what the leadership teams had experienced previously. The genesis behind this combined improvement cycle is based upon many years of analysis of both failures and successes using Lean, Six Sigma, and the Theory of Constraints as stand-alone improvement initiatives. By integrating Lean, Six Sigma and the Theory of Constraints into a single improvement cycle, the author has developed a recipe that will maximize your return on investment, cash flow, and net profit. The Secret to Maximizing Profitability is both stimulating and thought provoking, but more importantly it will provide your organization with a roadmap for maximizing the use of your resources to achieve more bottom-line improvement than you ever imagined possible.

Bring Your Whole Self To Work-Mike Robbins 2018-05-01 In today's work environment, the lines between our professional and personal lives are blurred more than ever before. Whatever is happening to us outside of our workplace --whether stressful, painful, or joyful --follows us into work as well. We may think we have to keep these realities under wraps and act as if we "have it all together." But as Mike Robbins explains, we can work better, lead better, and be more engaged and fulfilled if --instead of trying to hide who we are --we show up fully and authentically. Mike, a sought-after motivational speaker and business consultant, has spent more than 15 years researching, writing, and speaking about essential human experiences and high performance in the workplace. His clients have ranged from Google to Citibank, from the U.S. Department of Labor to the San Francisco Giants. From small start-ups in Silicon Valley to family-owned businesses in the Midwest. From what he's seen and studied over the years, Mike believes that for us to thrive professionally, we must be willing to bring our whole selves to the work that we do. Bringing our whole selves to work means acknowledging that we're all vulnerable, imperfect human beings doing the best we can. It means having the courage to take risks, speak up, have compassion, ask for help, connect with others in a genuine way, and allow ourselves to be truly seen. In this book, Mike outlines five principles we can use to approach our own work in this spirit of openness and humanity, and to help the people we work with feel safe enough to do the same, so that the teams and organizations we're a part of can truly succeed. "This book will offer you insights, ideas, and tools to inspire you to bring all of who you are to the work that you do --regardless of where you work, what kind of work you do, and with whom you do it. And, if you're an owner, leader, or just someone who wants to have influence on those around you --this book will also give you specific techniques for how to build or enhance your team's culture in such a way that encourages others to bring all of who they are to work."

Zero-Time Selling-Andy Paul 2011-08-01 In today's fast-paced information-driven economy, customers want to make informed buying decision about new products in the least time possible. Your customers will acquire approximately 70% of the information they need to make an informed buying decision about your product or service from the Internet before they ever contact your company. Thus, when the customer finally contacts you, it means that their need for information is time-sensitive and urgent. The sales team that is the first to respond with the complete answers to the customer's questions dramatically improves their chances to win the order. Zero-Time Selling shows you, the CEO, business owner, sales manager and sales professional, in 10 simple steps, how to always be first.

Advanced Excel for Surveyors-Philip Bowcock 2014-05-22 Advanced Excel for Surveyors is the companion to the highly successful Excel for Surveyors. This volume is intended to help both students and practitioners use Microsoft Excel™ to solve some of the more complex problems that the surveyor may come across. It explores how Visual Basic and macros can simplify and speed up repetitive tasks, fulfilling one of the basic aims of computing: "If it is repetitive teach the machine to do this for you". The methodology of portfolio analysis is a relatively new discipline, which may be unfamiliar to many readers. The book provides an introduction to the principles and shows how Excel can help, readers may even find this of help when assessing their own personal investment portfolios. Further ideas for setting up databases; how to arrange for several surveyors to work on a single project; data analysis; and the use of charts in Reports are discussed together with further advice on security and protection.

The topics cover modern applications in electron systems and electronic properties of mesoscopic systems and nanosystems. The textbook is developed for a graduate or advanced undergraduate course with exercises which aim at giving students the ability to confront real problems.

Intermediate Accounting-Donald E. Kieso 2017-12-22 Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

Spreadsheets for Valuations-Paul Ben-Nathan 2013

The DNA of Achievers-Mathew Knowles 2015-10-14 The DNA of Achievers: 10 Traits of Highly Successful Professionals is intended to be a business-oriented, motivational, and inspirational book all rolled into one. As the title suggests, it focuses on characteristics that are common among successful people from all walks of life. Throughout his long career, Mr. Knowles has encountered individuals who have motivated, inspired, and contributed to his success. The author's goal is to recount illustrative true-life experiences of ten traits commonly shared by successful people. His personal top ten are: 1) passion; 2) vision; 3) work ethic; 4) team-building; 5) planning; 6) talk-to-do ratio; 7) learning from failure; 8) giving back; 9) risk-taking; and 10) thinking outside the box. As a self-made entrepreneurial success story who came from a small town and became the top salesperson at Xerox Medical System, sold successful businesses he created, and became one of the world's top entertainment managers and executives in the music industry, the author embodied all of these traits. The DNA of Achievers features nearly thirty inspirational essays by luminaries in all areas of entrepreneurship, entertainment, sports, and philanthropy--not to mention a singer or two!

Hospitality Management Accounting-Martin G. Jagels 2006-03-03 The success of every business in the hospitality industry depends on maximizing revenues and minimizing costs. This Ninth Edition continues its time-tested presentation of fundamental concepts and analytical techniques that are essential to taking control of real-world accounting systems, evaluating current and past operations, and effectively managing finances toward increased profits. It offers hands-on coverage of computer applications and practical decision-making skills to successfully prepare readers for the increasingly complex and competitive hospitality industry.

Tinker and Company-Barbara J. Mcadoo 2012-06-01 It's Tinker's birthday, and she turns one year old today. Our story begins with Tinker arriving at the home of friends Puppy Girl, Bear, and Harry. What a surprise...she's driving a shiny new car! Helping the three dogs escape their fenced-in yard, Tinker and her noisy friends make their way through the bustling streets of Our Town in search of their first big adventure. You never know what these furry pals will do next as you follow their zany antics. One thing is certain; it will be funny enough to make you laugh out loud with glee as they deal with one mishap after another.
